This is my first time sending a pdf as a fax

● Machine Behavior In Fax Reception

This section explains how your machine behaves when receiving and sending faxes.

Machine Behavior

The machine behavior is dependent on the specified reception mode.

Your machine is set by factory default to **[Fax Ready Mode]** so that it automatically receives faxes. If you have changed the fax reception mode, see the *Basic* chapter for the initial line behavior.

When the machine is receiving faxes, the **<DATA IN MEMORY>** indicator in the **<STATUS>** area turns on and the received page information is displayed on the display. Even if the reception is finished, the indicator remains lit while the data is stored in memory.

● If the memory overflows with data while receiving faxes, the machine automatically stops reception. Data is printed, and the sender is asked to send it later.

When Receiving Calls and Faxes (Tel/Fax Ready Mode)

When the machine is set to **[Tel/Fax Ready Mode]**, you can receive calls and faxes. You must also set an external telephone or adjust its ring tone.

● You must set an external telephone or adjust its ring tone. For details, see the *Basic* chapter.

■ Receiving Faxes

The machine automatically starts fax reception.

■ Receiving Calls

The telephone starts ringing when it receives calls.

1. Pick up the handset when the machine rings. You can talk with someone on it.
2. If you want to receive a fax, press . Then, keep the handset on the cradle; you can talk to the person after receiving faxes.

● If you often receive calls, it is recommended that you activate **[Tel/F Auto Switch]** for more reliable reception. For **[Tel/F Auto Switch]**, please refer to the *Basic* chapter.

● If you have a pulse dialing telephone line, you must change the dialing mode to tone dialing temporarily. Use the Phone dialer to switch the dialing mode. After the fax reception, change the dialing mode back to pulse dialing.

When Connecting An Answering Machine (Ans/Fax Ready Mode)

When the machine is set to **[Ans/Fax Ready Mode]**, you can use an answering machine to receive calls. Faxes automatically switch to connect to the connected answering machine beforehand.

● Depending on the answering machine and the sender machine, **[Ans/Fax Ready Mode]** may not operate correctly.

● For details about how to connect an answering machine, refer to the *Basic* chapter.

■ Receiving Faxes

The answering machine answers calls. If the caller is a fax machine, the machine automatically starts fax reception.

■ Receiving Calls

The answering machine rings, then plays the message stored in the machine. The caller can leave a message.

When Often Using Telephone (Tel Ready Mode)

[Tel Ready Mode] is recommended if you often use the external telephone connected to the machine.

■ Receiving Calls

The telephone starts ringing when it receives calls.

■ Receiving Faxes

The telephone starts ringing when it receives a signal.

1. Pick up the handset when the machine rings.
2. Press .

To resume a conversation after receiving a fax, just pick up the handset after the fax has been received. You can talk on the phone.

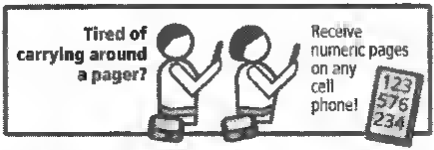
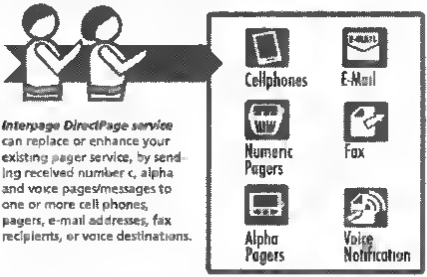
interpage INTERPAGE™NETWORK SERVICES INC.



Or, would to keep your existing pager and add nnw features such as filtering, forwarding, and scheduling?



Interpage DirectPage service can replace or enhance your existing pager service, by sending received number c, alpha and voice pages/messages to one or more cell phones, pagers, e-mail addresses, fax recipients, or voice destinations.

Most DirectPage accounts can schedule when and where received messages are sent and can filter from whom pages will be accepted from to avoid false alerts or pages from unauthor zed callers

For more information, please visit **interpage.net/direct** or contact us at **+1 (650) 331-3000.**

To Be Completed If a Borrower/Co-Borrower Discloses Income From a Household Member Who is Not on the Promissory Note

LOAN #: _____

Your Hardship Affidavit /Request for Modification or Uniform Borrower Assistance Form indicates that a non-borrower contributes to your total household income. For our purposes, a "non-borrower" is an individual who resides in your home and contributes to the household income but is not personally obligated on your mortgage loan. As part of the evaluation process, a Credit Authorization Form must be completed and signed by each non-borrower.

Note: Updated or additional documents may be required. Copies of this form may be used if you have more than one non-borrower contributing to your total household income.

Please have the non-borrower fully execute the below **NON-BORROWER CREDIT AUTHORIZATION FORM**.

NON-BORROWER CREDIT AUTHORIZATION FORM TO OBTAIN CONSUMER CREDIT REPORT

The undersigned non-borrower certifies the following:

1. I am an occupant of _____ (the "Property");
   PROPERTY ADDRESS
2. I contribute to the total household income of the Property.
3. I understand and acknowledge that Bank of America is evaluating the mortgage loan that is secured by the Property for a loan modification.
4. I hereby authorize Bank of America, N.A., or its designated agent, to obtain and review a consumer credit report, containing my credit history and other non-public information as part of its evaluation process.

This Authorization shall constitute the undersigned's agreement to allow Bank of America, N.A. to obtain a copy of a consumer credit report in the manner permitted by the Fair Credit Reporting Act.

Pastor Margaret and Pastor Young were sure we are left with the best.As In first Samual 17 34-36 good shepards were diligant dapendable and brave They even risked their lives to protect the flock John 21 15 17 and Acts 28 Jesus and his disciples used shepherd as christian overseers in Bible times congregation overseers strive to shepherd the flock of God in care not under compulsion but willingly neither for love or dishonest gain but eagerly First Peter 5 2 This is what our former Pastors made sure the flock would be will taken care of
our new shepherds we have continued to move forward and to give God all the honor and praise Under the continued leadership of the Kinlaws, we will continue to do the work of the church

Think a document that looks this good has to be difficult to format? Think again! To easily apply any text formatting you see in this document with just a click, on the Home tab of the ribbon, check out Styles.

The retropubic procedures, specifically the Burch repair, have been available for more than 40 years and are co by many to be the gold standard. Several studies with long-term follow-up have shown subjective cure or impr in 80% to 90% of patients.[5,6] Complication rates are well documented. The transfusion rate is less than bladder or ureteric injury is less than 2% [3] Urinary retention occurs in less than 5% of patients and almo requires surgical revision [3] Vaginal prolapse occurs in 9% to 36% of patients.[6]

Recently, vaginal tension-free slings have have popularized and have have shown to be very effective. This pr was first described by Ulmsten in 1990 [7] It has been well studied and researched and has become a common procedure for urinary incontinence. Various techniques have been used, including an ascending or and retropubic procedure as well as transobturator approaches.[8] Short and intermediate-term results suggest efficacy to that of the retropubic suspension.[9] Long-term results are only now starting to appear. Because the T adopted and used widely before long-term data were available, there has been a relative lag in published re complications of the procedure. Now that more than 600000 TVT have been done in North America, a review literature with regard to complications of the procedure is now possible.

Overview of complications

The reported complications of TVT surgery are summarized in Table 1. There is some difficulty in synthesi published TVT complications data due to a lack of standardization of definitions and differences in reporting i studies. With this in mind an overview of the data is presented.

Overall complication rates of TVT series appear to be in a similar range to that of other accepted incon procedures. In the largest published series, the most common complications reported included bladder per urinary tract infection, *de novo* urge incontinence, and urinary retention. Erosions of the tape into the bladder or vagina were new but serious events. In general there appears to be no consensus on optimal management serious reported complications. Table 2 summarizes the frequency of complications in the major series reporte literature [8-14]

Bleeding

The Austrian Working Group for Urogynecology performed a post hoc analysis to further delineate the frequency management of bleeding complications. They based an overall incidence of 2.7% of perioperative hemorrhage id by questionnaire at the time of their original prospective study. Most hematomas were of a delayed presentation (hours) and were considered to be of venous origin while acute hematomas, which were more likely to require su management, were of arterial origin. Overall, blood loss-thirds of hematomas were conservatively managed while third required reoperation or conversion of the TVT operation. Transfusion was required in 16% of the patients ha bleeding complications (0.3% in the series overall).[15] In the Finnish registry of 1444 TVT operations, Kuuva an Nilsson[10] reported 27 intraoperative bladder of >200 mL (1.7%). 34 delayed hematomas (2.3%) and only three pa requiring intervention. In a randomized trial of retropubic suposuspension and TVT in the UK and Ireland, Wand Nilton[11] reported a significantly higher estimated intraoperative blood loss with cuposuspension. However postoperative bleeding and hematomas were more common in the TVT group. One patient in the TVT group req reoperation and transfusion for a lacerated obturator artery.

In general, serious bleeding complications requiring intervention are rare events and usually occur intraope Delayed pelvic hematomas are more common but rarely require intervention [15]

***De novo* urgency and voiding dysfunction**

Development of new and persistent storage and voiding symptoms have been described in several series. In one shave TVT series, de Tayrac and colleagues reviewed 144 patients treated between May 1998 and December 2

Hello!

This is a sample text file which is being sent to you as per your request via the Interpage FreeTextSend Service.

This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s).

If you review the cover sheet which was transmitted with this fax, you will note that a brief letter of the same you had indicated in the TO field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this test fax transmission result.

This file is a sample MS Word file; many other file types are supported.

If you have any questions regarding Interpage's OutreachTM Service including the FaxUniversal(tm) service with rates or per-minute charges, please feel free to contact us at:

Phone +1 (510) 315-2750 9AM to 5:30 PM M-F Pacific Time

E-Mail mail-support@interpage.net

Web URL http://www.interpage.net

Thank you for your interest!

Notice: 1. Unauthorized use of this "free trial" service by Interpage will be proper grounds for terminating service and for other legal action. Unauthorized use includes, but is not limited to, using this service for any purpose other than that which is stated at http://www.interpage.net/sub/faxtrial.html, sending any illegal, fraudulent, and deceptive information, and using a valid e-mail address and contact telephone number other than your own. Do not abuse this public service.

2. The free transmission of your test file is subject to availability on Interpage's network at the time you access this service. Interpage reserves the right to limit the duration of any transmission which does not comply with these guidelines. If you find that assistance in sending your fax is unnecessarily difficult, please call us at (510) 315-2750 and we will look into the issue from the Interpage end.

Handoff to and from desk phone	You can handoff your call from your Android device to your desk phone and continue your call using your desk phone. Likewise you can hand all calls from the desk phone to your Android device, so you have freedom to move about.
Message-waiting indicator (MWI) and access corporate voicemail	You can get notifications for new corporate voicemail messages and easily search your office voicemail box using the dedicated soft key.
Directory access and reporting structure view	You can search your corporate directory from an easy-to-use interface. You can quickly select a contact to call, view reporting structure within your organization, and add to your personal list.

Table 2 gives information about platform support and compatibility

Table 2 Platform Support and Compatibility for Cisco Jabber for Android

Directory integration	Cisco Unified Communications Manager	8.[illegible] and 8.5 (Use to validate specific for email versions)
voicemail (Optional)	Cisco Unity® Connection	7.1 and 8.6
Lightweight Directory Access Protocol (LDAP) integration	Microsoft Active Directory	2003 and 2008

Product Specifications

Cisco Jabber for Android is officially supported on the Samsung Galaxy S II GT-I9100 or Samsung Galaxy Tab international version. Note although not officially supported Cisco Jabber runs on many Android version 2.2.1 and higher devices with various degrees of limitations depending on the device.

Ordering Information

You can download Cisco Jabber for Android for free from the Android App Market or directly from Cisco.com in April 2011. To use the software, a device license is required (Table 3). To place an order, visit the Cisco Ordering Home Page.

Table 3. Ordering Information

Android device VoIP Client Access License (Each)	ADRD/SRCG

Cisco Services

Cisco Services make networks, applications, and the people who use them work better together

Today the network is a strategic platform in a world that demands better integration between people, information, and ideas. The systems works better when services together with products, device solutions aligned with business device and opportunities.

The unique Cisco Lifecycle approach to services defines the requisite activities at each phase of the network lifecycle to help ensure service excellence. With a collaborative delivery methodology that joins the strength of Cisco, our skilled network of partners, and our customers, we achieve the best results

For More Information

For more information about Cisco Jabber for Android, visit http://www.cisco.com/go/ciscoroomphones or contact your local Cisco account representative.

TESTING POP3 to FAX gateway

Contact Management

Enable-MailContact -Identity "*John Smith*" -alias *smith* -ExternalEmailAddress *smith@contoso.com*	This command mail-enables the contact *John Smith* by specifying the distinguished name (DN) for the contact, and providing the alias *smith* and an external e-mail address *smith@contoso.com*
Disable-MailContact -Identity *smith*	This command mail-disables the contact by specifying the alias of the contact in the Identity parameter
Set-MailContact -Identity *smith* -Alias *jsmith*	This command changes the alias of the mail-enabled contact specified in the Identity parameter from *smith* to *jsmith* by using the Alias parameter
Set-Contact -Identity *jsmith* -Manager *user1*	This command modifies the contact *jsmith*'s Active Directory® directory service information by changing *jsmith*'s manager to *User1*

Note: If the contact is not mail-enabled, you can't retrieve it by using an alias. You must use the contact's full name, CUID, or DN.

Group Management

Enable-DistributionGroup -Identity "*contoso\Distribution Group*" -*Alias DG*	This command mail-enables the existing universal distribution group named *Distribution Group* that is in the *contoso* domain. It is the alias *DG*
Disable-DistributionGroup -Identity *DG*	This command mail disables the mail-enabled universal distribution group named *DG*
Set-DistributionGroup -Identity *DG* -Alias *group1*	This command modifies the settings of the universal distribution group named *DG* in Exchange by changing its alias to *group1*
Add-DistributionGroupMember -Identity *DG* -Member *user1*	This command adds the recipient *user1* as a member of the universal distribution group *DG*
Get-DistributionGroupMember -Identity *DG*	This command retrieves all the members of the distribution group named *DG*
Set-Group -Identity *DG* -DisplayName "*Universal DG*"	This command modifies the Active Directory settings of the Windows® group named *DG* by changing its display name to "*Universal DG*"
New-DynamicDistributionGroup -Name *DDG* -Alias *DDGAlias* -OrganizationalUnit *OU* -IncludedRecipients *MailboxUsers*	This command creates a new query-based dynamic distribution group named *DDG*. The IncludedRecipients parameter accepts the following values: *None* | *MailboxUsers* | *Resources* | *MailContacts* | *MailGroups* | | *MailUsers* | *AllRecipients*
Set-DynamicDistributionGroup -Identity *DDG* -DisplayName *DDG1*	This command modifies the display name of the dynamic distribution group named *DDG1* by changing the name to *DDG1*

Mailbox Management

Enable-Mailbox -Identity *contoso\user1* -Database *MailboxDatabase*	This command mailbox-enables an existing Active Directory user with the domain and alias combination *contoso\user1* by creating a mailbox in the mailbox database named *MailboxDatabase*
Disable-Mailbox -Identity *user1*	This command mailbox disables the user with the alias *user1* by removing its associated mailbox
Set-Mailbox -Identity *user1* -alias *user2*	This command modifies a mailbox by changing the existing alias *user1* to *user2*
Get-Mailbox | Export-Mailbox -PSTFolderPath *C:\PSTFiles*	This command retrieves all mailbox users and exports their mailboxes to .pst files. The .pst files are stored in *C:\PSTFiles*

Note:
You can export mailbox data to .pst files by using the **Export-Mailbox** cmdlet in Exchange 2007 SP1 only.

Import-Mailbox -*John@contoso.com* -PSTFolderPath *C:\PSTFiles\John.pst*	This command imports the mailbox data for the user *John@contoso.com* from the .pst file *C:\PSTFiles\John.pst*

Note:
The **Import-Mailbox** cmdlet is available in Exchange 2007 SP1.

Wood: Softwood Lumber – Hardwood Lumber – Exotic Woods – Domestic and Export
Logs – Timbers – Dimensional – Architectural Components – Flooring – Decking Mulch

1/2 cup mayonnaise

1 tablespoon hot sauce

1 pound shelled and deveined shrimp, thawed

1 teaspoon finely grated lemon zest

3/4 teaspoon smoked paprika

Lemon wedges, for serving

1. In a small bowl, whisk the mayonnaise with the hot sauce.

2. [illegible] 1 teaspoon of salt and 1/2 teaspoon of pepper. Form the mixture into eight

3. In a large skillet, heat the olive oil. In batches, add the shrimp cakes and cook over

Transfer to plates and serve with the spicy mayonnaise and lemon wedges.

practicing their aim, firing, and recovery. The Friday of that week is qualification day. There, recruits fire at the 200, 300, and 500 yard lines, in the standing, sitting, kneeling, and prone positions, and must pass with one of three qualification levels: Marksman, sharpshooter, or expert. The Marines are the only branch of the United States military that require the 500 yard line qualification. After Table Firing Week, the third phase begins. The third phase is essentially the polishing of the recruits. This is when everything they have learned up to now in boot camp is perfected and tested. BWT or Basic Warrior Training occurs in the middle of the third phase. BWT is where recruits learn the most important parts of combat and will sleep in the field. They learn about proper camouflage, how to crawl properly, land navigation, and squad tactics. Recruits will also eat MREs during BWT. After this week, recruits return to garrison for final drill, take the final PFT, and take the Phase Three knowledge test, which is a test that includes knowledge learned during all the classroom courses. Next comes the Crucible.
784 words

The Crucible is one of the toughest things a Marine has to endure. It is three days of intense testing, hardship, and food and sleep depravation. The recruit is given three MREs (meals ready to eat) and this is meant to feed them for the next three days. The Crucible consists of certain challenges for the recruits, seperated into teams of 16, to accomplish as a whole, or fail as a whole. One single recruit completing a challenge means nothing. If anyone fails, everyone fails. This is the ultimate goal of the Crucible, to complete the mission is paramount to anything else. On top of these tasks, the recruits only get 8 hours of sleep over these three days, adding fatigue to these situations. On the final day of the Crucible, recruits are awoken and begin their final march. This march is often considered the most intense part of all of recruit training. Immediately following is the Eagle, Globe and Anchor ceremony held on the parade deck, where the recruits receive an Eagle, Globe and Anchor medal, and then they are no longer recruits, but they are finally a member of the United States Marine Corps.
978 words

The last full day before graduation is "family day" in which the new Marines have the opportunity to see their family for a little while. Of course after what is now a leisurely run, a boasting jog around the base while their families watch. The marines get to spend about 3 hours with their families before having to return to their depot. That night a "gong show" is held in that in a respective manner the Marines get to "roast" on their Drill instructors. Some DI take advantage of their last night of being control of their Marines and they take them out for one last work out. The next morning, the new Marines stack their sea bags in a pyramid, form for the graduation ceremony, and are dismissed from the Recruit Depot, to their Boot leave (10 days), pending either Marine Combat Training, or School of Infantry, depending on their Military Occupational Specialty. From here, Marine Corps Boot camp is over, and the new Marines begin their enlistments.

rom Wikipedia, the free encyclopedia

A Samsung fax machine

ax (short for **facsimile**), sometimes called **telecopying**, is the elephonic transmission of scanned printed material (both text and mages), normally to a telephone number connected to a printer or ther output device. The original document is scanned with a **fax machine** (or a **telecopier**), which processes the contents (text or mages) as a single fixed graphic image, converting it into a bitmap, and then transmitting it through the telephone system. The receiving ax machine reconverts the coded image, printing a paper copy.[1] Before digital technology became widespread, for many decades, the canned data was transmitted as analog

Although businesses usually maintain some kind of fax capability he technology has faced increasing competition from Internet-based lternatives. Fax machines still retain some advantages, particularly n the transmission of sensitive material which, if sent over the nternet unencrypted, may be vulnerable to interception, without the eed for telephone tapping. In some countries, because electronic signatures on contracts are not recognized by law while faxed contracts with copies of signatures are, fax machines enjoy continuing support in business.[*citation needed*]

n many corporate environments, standalone fax machines have been replaced by "fax servers" and other computerized ystems capable of receiving and storing incoming faxes electronically, and then routing them to users on paper or via an mail (which may be secured). Such systems have the advantage of reducing costs by eliminating unnecessary printouts nd reducing the number of inbound analog phone lines needed by an office

Master Parts Schedule

This Plan excludes protection for any failure to any component caused by or resulting from the failure of a component not listed on the "Master Parts Schedule" including any resulting damage to a "covered component". "Covered components" vary by Plan Option and are listed in detail under the purchased Plan Option. See the Terms and Conditions contained for complete Plan details.

Floater / Sprayer

New and Used Equipment Plans

Engine Only Plan Option Covered Components

Engine

- Engine Block
- Cylinder Liners
- Front & Rear Engine Covers
- Crankshaft
- Crankshaft Bearings
- Crankshaft Gear
- Front & Rear Crankshaft Seals
- Flywheel Ring Gear
- Cylinder Heads
- Rocker Arm Assembly
- Valve Cover
- Camshaft
- Camshaft Drive Gear
- Timing Gears
- Accessory Gears
- Pistons & rings
- Connecting Rods & Bearings
- Water Pump
- Fuel Injection Pump
- Fuel Injectors
- Turbocharger
- Oil Pump
- Oil Pan
- Electronic Engine Controller and all internally lubricated parts within the above systems

Powertrain Plan Option Covered Components

Floater

All components listed under the Engine Only Plan Option plus

Transmission

- Flex plates/Flywheel coupling
- Torque Converter
- Transmission
- Auxiliary Transmission
- Drive Axle Assembly
- Drive Shaft
- Universal Joints
- CV Joints

Sprayer

All components listed under the Engine Only Plan Option plus

Transmission

- Hydrostatic drive pump(s) and motor(s)
- Hydrostatic pump drive gearbox
- Flex plate/pump drive coupling
- Final drive/ planetary drive gearboxes (excludes internal brake discs)
- Hydrostatic drive control valves (excludes solenoids)
- Universal Joints
- CV Joints
- *Exclusions:* worn / chaffed hoses, external packing seals, o-rings banded washers & quick connects O-Ring failures in hoses, not related to loose fittings or worn out seals are covered.

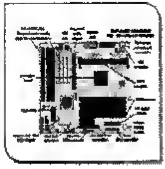
Motherboard



Click on image for an enlarged view

Now that you know where you stand. let's start with the most important component inside a PC – the Motherboard. The motherboard is the main circuit board in the computer. It is the biggest circuit board found inside the computer.

- Its main function is to allow the Central Processing Unit (CPU), the "brain" of the computer to communicate with other components.
- A motherboard is a thin flat piece of circuit board, usually of green or gold color
- The motherboard has sockets to connect various components like Keyboard, Mouse, Disk drives, PC cards etc. to the computer
- Copper circuit paths called **traces** that resemble a complicated roadmap carry signals and voltages across the motherboard
- The motherboard has multiple layers so that some layers of the board can carry data for the BIOS, Processor and Memory Buses while other layers carry voltage and ground returns without the paths short-circuiting at intersections.
- Chips and sockets are soldered onto the motherboard.

How to Make EXE Files Using Notepad

By an eHow Contributor

An 'exe' file is an executable file or a program file. To create an "exe" file in Notepad, you must understand and know a programming language such as C++. With Notepad, users are able create an the file with software already found on their computer.

Difficulty: Moderately Easy

Instructions

1. Open Notepad on your computer. Notepad is located in the 'Accessories" folder of the computer's "Program Files"

2. Hold down the 'Alt' key and use the number pad to type in every 3 digit combinations from 000 to 999. After each 3-digit combination, release the "Alt" key.

3. Make notes on what keys produce what symbols. You can make a list of all of the 3-digit combinations or just a list of the ones you need. In Notepad, these combinations are the only way to get certain symbols.

4. Type the "exe" file for the program you want to create from the programming language into Notepad. Type the file in C++ programming language. Use the "Alt" and the 3-digit combinations to create symbols that do not appear on the keyboard but that you need in the program.

5. Save the file as a text file until you complete the "exe" program. Be aware that it may take a long time to type every line of code in the "exe" program.

6. Click on "File" and then choose "Save." In the extension drop-down menu, choose '.exe.' Name the file and click the "Save" button. Locate the file you saved and double-click it to run the "exe" file.

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- *Anyone, anywhere* can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files *always print correctly* on any printing device.
- PDF files always display *exactly* as created, regardless of fonts, software, and operating systems. Fonts, and graphics are not lost due to platform, software, and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

Fax Settings

Reference your Owner's Manual for help adjusting the settings below:

ECM (error correction mode)	Off
Baud Rate	9600
International	On (this is set on a per-call basis)
Resolution	Standard
Answer Mode	Fax Only
Rings to Answer	Zero (0)
Call Waiting	Off
Bandwidth Saver	Full (90kbps)
Distinctive Ring	Off

Troubleshooting Steps

The steps below will help you resolve common faxing problems.

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds.
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect Fax machine directly to the Vonage device, bypassing any home wiring.
- If using an All-In-One device, temporarily disconnect device from PC.

Further Assistance

If you need further assistance using your Vonage Fax Service, we are always available to help.

Call us at 1-VONAGE-HELP (1-866-243-4357) or visit www.vonage.com.

Fax Toy

Random Stuff Sent From Your Fax Machine
Fax something interesting toll free to 1-855-330-1239 or 1-213-294-2943

To the right are pages sent from faxes received recently. Click any thumbnail to see the larger version and rate it for interestingness.

You can fax something interesting to 1-855-330-1239 (your page will never arrive... maybe) or 1-213-294-2943 (long distance to Los Angeles, California) and it should appear here within a couple of minutes. (It's a toll-free number if you're in the USA.) Keep it clean & legal.

Fax single-page documents with no never sheets. If you fax more than one page only the last page will appear here. We try to snip off the top few pixels of the page who a your company name and fax number should appear but make no promises that this will actually work.

Privacy Policy. We hate spam and junk faxes, and will absolutely not send you any unsolicited (email or faxes. We won't share your information with marketers or anyone else.

Sort by: Most recent faxes | Best rated faxes | Most rated faxes

Prayer to St. Joseph over 1900 years old

O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires O St Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ Our Lord, so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers O St. Joseph I never weary contemplating you and Jesus asleep in your arms I dare not approach while He reposes near your heart Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us Amen

Say for nine consecutive mornings for anything you may desire It has seldom been known

to foil.

This prayer was found in the fiftieth year of Our Lord Jesus Christ In 1500's it was sent by the Pope to Emperor Charles when he was going into battle

Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle

Make this prayer known everywhere

Imprimatur
Most Rev George W Ahr
Bishop of Trenton

Fax Test Report for
Dempsey
18553301239
May 16 2016 3:28PM

Fax Hardware Test — PASS
Fax Connected to Active Telephone Wall Jack — FAIL

An active phone line was not detected.

Please check the items below then rerun the test.

Check the phone cord connection between the wall jack and the fax.

The phone cord from the wall jack should be connected to the port labeled "1-LINE" on the back of your HP device

If you are using a splitter or some other device between the fax and the wall jack, remove it and connect the fax directly to the wall jack

Plug your phone into the wall jack and check that a dial tone is available

Check that you are using the phone cord supplied with your HP device.

Refer to your User Guide for more information on the fax test and settings.

Instructions on how to rerun this test.

Step 1. Press the "Fax" button
Step 2. Choose the "Settings" menu
Step 3. Choose the "Fax Setup" menu
Step 4. Choose the "Fax Tools" menu
Step 5. Choose the "Run Fax Test" menu

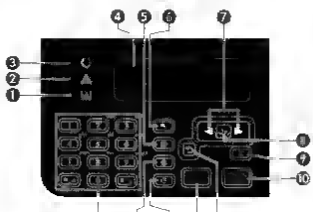
LASERJET PROFESSIONAL M1210 MFP SERIES

Quick Reference for Control-Panel Buttons and Lights



Item	Icon	Description
1		**Toner-level status light** Indicates the level of toner in the print cartridge is low
2		**Attention light** Indicates a problem with the product. View the LCD display for a message
3		**Ready light** Indicates the product is ready or is processing a job.
4		**LCD display screen** Displays status information, menus, and messages.
5		**Copy Settings button** Opens the **Copy Settings** menu. To use the **ID Copy** feature, press the button repeatedly until **ID Copy** displays.
6		**Setup button** Opens the menus.*
7		**Left and right arrows** Enter and navigate through the menus. Decrease or increase the current value on the screen. Move the screen cursor backward or forward one space.
8		**OK button** Acknowledges a setting or confirms an action to proceed.
9		**Cancel button** Cancels the current job, or clears the last setting you made. When the product is in the Ready state, press this button to reset the copy settings to the default values.
10		**Start Copy button** Starts a copy job.
11		**Back arrow** Returns to the previous level in the menus.
12		**Send Fax button** Starts a fax job.
13		**Redial Fax button** Recalls the last digits used for the previous fax job.
14		**Darker/Lighter copy button** Adjusts the darkness setting for the current copy job.
15		**Numeric keypad** Use the keypad to enter fax numbers or to enter data.

*For more information see the user guide on the product CD.

Wisdom Stone Fall Harvest Sale

Add 1 FREE Wisdom Stone for every $100.00 of Wisdom Stones ordered from October 15th to October 31st !
*** Minimum order of $300.00 required ***

$300	Add 3 FREE Wisdom Stones = $90.00 Retail Value!
$400	Add 4 FREE Wisdom Stones = $120.00 Retail Value!
$500	Add 5 FREE Wisdom Stones = $150.00 Retail Value!
$600	Add 6 FREE Wisdom Stones = $180.00 Retail Value!
$700	Add 7 FREE Wisdom Stones = $210.00 Retail Value!
$800	Add 8 FREE Wisdom Stones = $240.00 Retail Value!
$900	Add 9 FREE Wisdom Stones = $270.00 Retail Value!
$1000	Add 10 FREE Wisdom Stones = $300.00 Retail Value!

* Promo Code CC100-1 must be included on all orders *
Sale applies to Wisdom Stones only *
Offer valid from October 15th 2015 to October 31st 2015 *
Minimum order of $300.00 required *
Other deals do apply to any in house orders*
No other deals or discounts can be applied
This offer cannot be combined with any other offers *

J.B.

paradigm needs to change and is changing."

As transistors shrink, the reliability of digital calculation will at some point fall off a cliff as a result of the "fundamental laws of physics," says Sarpeshkar. Many people place that statistical precipice at a transistor size of 9 nanometers, about 80 silicon atoms wide. Some engineers say that today's digital computers are already running into reliability problems. In July a man in New Hampshire bought a pack of cigarettes at a gas station, according to news reports, only to discover his bank account had been debited $23,148,855,308,184,500. (The error was corrected, and the man's $15 overdraft fee was refunded the next day.) We may never know whether this error arose from a single transistor in a bank's computer system accidentally flipping from a 1 to a 0, but that is exactly the kind of error that silicon-chip designers fear.

"Digital systems are prone to catastrophic errors," Sarpeshkar says. "The propensity for error is actually much greater now than it ever was before. People are very worried." Neurally inspired electronics represent one possible solution to this problem, since they largely circumvent the heat and energy problems and incorporate their own error-correcting algorithms. Corporate titans like Intel are working on plenty of other next-generation technologies, however. One of these, called spintronics, takes advantage of the fact that electrons spin, like planets, allowing a 1 or 0 to be coded as a clockwise versus counterclockwise electron rotation.

The most important achievement of Boahen's Neurogrid, therefore, may be in recreating not the brain's efficiency but its versatility. Terrence Sejnowski, a computational neuroscientist at the Salk Institute in La Jolla, California, believes that neural noise can contribute to human creativity.

Digital computers are deterministic. Throw the same equation at them a thousand times and they will always spit out the same answer. Throw a question at the brain and it can produce a thousand different answers, canvassed from a chorus of quirky neurons. "The evidence is overwhelming that the brain computes with probability," Sejnowski says. Wishy-washy responses may make life easier in an uncertain world where we do not know which way an errant football will bounce, or whether a growling dog will lunge. Unpredictable neurons might cause us to take a wrong turn while walking home and discover a shortcut, or to spill acid on a pewter plate and during the cleanup to discover the process of etching.

Re-creating that potential in an electronic brain will require that engineers overcome a basic impulse that is pounded into their heads from an early age. "Engineers are trained to make everything really precise," Boahen says. But the answer doesn't have to be right. It just has to be approximate."

on the installation command line.

```
Google Sitemap Generator will be installed into /usr/local/google-
sitemap-generator
```

If the directory is not empty the install script asks whether you want to overwrite the old files in the directory. If you agree to overwrite the files, you don't lose the old configuration file and database that you'd previously saved during the previous uninstallation.

If you did not use the `-a` or `-t` option to start the installation script, it now asks for the location of the Apache binary file (httpd) or control script (apache ctl) so that it can find the configuration file and get information about your Apache installation.

```
This installation updates the Apache configuration file. To find that
file,
the installer needs the location of the Apache binary (httpd) or
control
script (apachectl). The binary or control script that you specify
must
support the -V option.

What is the location of the Apache binary or control script?
[/usr/sbin/apache2]
```

8. If this message appears, accept the displayed value or specify a different binary or control script.

   The installation script now displays information about your Apache configuration and asks whether it is correct.

```
**********************************************************************
      The following information about your Apache installation has
been detected:
        * Apache version:  2.0
        * Apache architecture:  32 bits
        * Apache root configuration file:  /etc/apache2/apache2.conf
        * Apache pid file:  /var/run/apache2.pid
        * Apache group:  www
**********************************************************************
Is all of this information correct?
If you answer No, installation will terminate and you will need to
restart the
installation, using the necessary command-line options. [Y/n]
```

9. Examine the information carefully and then do one of the following:

   - Answer y (Yes) if the script found the correct binary or control script, and if all the other information is correct.
   - Accept the default response or answer N (No) if the binary or control script is incorrect and you want to correct it. If you see any questionable information, such as an environment variable instead of a value, answer no (N) to cancel the installation. When you restart the installation, provide the necessary information on the command line.

   If everything is fine, some lines like this appear:

```
Google Sitemap Generator will start creating Web Sitemap files as
```

Natural Gas Pipeline Safety and You.

The City of Elizabethtown operates a natural gas distribution system in Hardin and Meade counties. This system consists of cathodically protected steel pipe, polyethylene pipe, and readily identified above ground facilities.

As a customer or someone who lives or works near our pipelines and facilities your safety is our number one priority. To ensure this, the City has programs to monitor the natural gas distribution system including but not limited to regularly scheduled compliance inspections, leakage surveys, and corrosion control.

In this pamphlet you will find information on:

- Recognizing pipeline routes in our community
- Recognizing signs of a natural gas leak
- Responding to a natural gas leak
- What to do before you dig
- Protecting your gas meter

Pipeline Identification

To identify locations of underground piping and facilities in rural areas, pipeline markers are used. These markers are typically located at road and railroad crossings as well as along the pipeline right of ways.

The markers display:

- The material transported in the line,
- The name of the pipeline operator and
- A 24 hour emergency telephone number

Marker Information

- Does not show exact location of the line
- Does not indicate depth
- Does not indicate pipeline pressure

Statistics indicate that damage from excavation related activities is the leading cause of pipeline incidents. If you are planning to excavate for any reason, follow these guidelines.

1. Call Kentucky811 @ 811 or 1-800-752-6007
2. Wait two business days after you call before digging.
3. If after two business days there are no markings, call the gas department to confirm that there are no natural gas lines in the vicinity of planned excavation at **(270) 765-6121**
4. Dig with Care!

HTC Aurora

Aurora from Hickory Telephone Company delivers the speed and bandwidth you need to get the full impact from your devices. Whether you're watching crystal clear HD channels, streaming video, or gaming, you won't be held back. Record programs or even control live television with our whole home DVR. Plus, Aurora takes your home phone to a whole new level when Caller ID and Voice Mail pop up on your TV screen. Aurora delivers the technology you need, from a local company that you can count on.

Basic Bundle – only $99.99/month
Save over $30/month
This is not an introductory price!

TV
- Standard TV Package
  - 70 channels & 9 HD channels
  - *Add Expanded HD Lineup $9.45/month*
- One free set-top box
  - *Add Whole Home DVR $15.75/month*

High Speed Internet
10 Mbps download speed

Phone
Keep your number
- Choice of Caller ID with name (pops up on your TV), Speed Dial or Three-Way Calling
- Long Distance is a low 7 cents / min.
  - *Add Nationwide Plan (500 min) $12.99/month*

Bundle Plus – $129.99/month
Save over $50/month
This is not an introductory price!

TV
- Standard TV Package
- Digital Tier
- Expanded HD Lineup
- One free set-top box
- Whole Home HD DVR

High Speed Internet
40 Mbps download speed (4x the speed offered in the basic bundle)

Phone
- Keep your number
- Choice of Caller ID with name (pops up on your TV), Speed Dial or Three-Way Calling
- Unlimited calling in the contiguous US

Let It Snow!!

8 to 10 inches by Friday

How to simulate being a sailor at home:

1. Buy a dumpster, paint it gray inside and out, and live in it for six months.

2. Run all the pipes and wires in your house exposed on the walls.

3. Repaint your entire house every month.

4. Renovate your bathroom. Build a wall across the middle of the bathtub and move the shower head to chest level. When you take showers, make sure you turn off the water while you soap down.

5. Put lube oil in your humidifier and set it on high.

6. Once a week, blow air up your chimney, with a leaf blower and let the wind carry the soot onto your neighbor's house. Ignore his complaints.

7. Once a month, take all major appliances apart and reassemble them.

8. Raise the thresholds and lower the headers of your front and back doors so that you either trip or bang your head every time you pass through them.

9. Disassemble and inspect your lawnmower every week.

10. On Mondays, Wednesdays, and Fridays, turn your water heater temperature up to 200 degrees. On Tuesdays and Thursdays, turn the water heater off. On Saturdays and Sundays tell your family they use too much water, so no bathing will be allowed.

11. Raise your bed to within 6 inches of the ceiling, so you can't turn over without getting out and then getting back in.

12. Sleep on the shelf in your closet. Replace the closet door with a curtain. Have your spouse whip open the curtain about 3 hours after you go to sleep, shine a flashlight in your eyes, and say "Sorry, wrong rack."

13. Make your family qualify to operate each appliance in your house - dishwasher operator, blender technician, etc. Re-qualify every 6 months.

HP Color LaserJet 2600n printer

Create high-impact color documents with this surprisingly affordable network-ready laser printer

- Create professional, high-impact color documents and brochures with HP's ImageREt 2400 technology
- Fast printing—with Instant-on Technology and up to 8 ppm color/8 ppm black, your print job is finished before many printers have even started printing
- Easily set up, use, manage and maintain this space-saving printer
- Built-in networking for easy printer sharing
- HP engineered to provide sharp text and graphics and consistent color quality over the life of the printer

Use genuine HP LaserJet printing supplies for professional-quality color every time

- HP's complete printing system—printers, print cartridges and paper—engineered to work together precisely for optimal quality, reliability and productivity
- HP LaserJet toner is engineered to be smaller and more uniform in shape to deliver unmatched excellence and consistency
- HP Smart printing technology makes it easy to monitor toner levels and cartridge performance
- HP SureSupply makes re-ordering supplies easy
- HP professional-quality everyday and specialty papers are designed for the way you work

[1] Using genuine HP supplies ensures availability of all HP printing features. SureSupply program availability varies by region.

TEST PAGE 1

ICT Innovations

http://www.ictinnovations.com/

You have a very LOW review rating on medical related websites. This is usually because computers will do everything they can to ruin your online reputation and drive away any potential clients who search for your name online.

We can improve your online reputation by posting positive reviews on major review sites and increase your general rating on sites like healthgrades.com vitals.com or doctorscarecard.com

Having positive reviews on major review sites will drive more patients to choose you as their doctor and will make your name stand up from all of the other competitors.

Our services include

-Improving your reputation by posting good reviews;

-Suppressing negative reviews or other links that might damage your reputation, with positive ones which you can control.

-Increasing your online popularity by creating websites and offering SEO (Search Engine Optimization) services

Find out more about how we can improve your image on the Internet and drive more patients to you by visiting our website at http://onlinereputationgroup.com

You can contact us at onlinereputationgroup@gmail.com or call us at 561-372-4597

Thank you for according us your time and understanding.

If you believe you received this message in error, please unsubscribe here: www.onlinereputationgroup.com/unsubscribe

Does your church have a website

If not, we can make a very nice website for you.
Please see this example of a website we can do for you:

www.example-321.com

And here is our website for more information about us:

www.GODELsoft.com

Thanks

Nuts

Spicy Oven-Roasted Chickpeas

by Chris Rochelle

Difficulty: Easy | Total Time: 45 mins | Makes: 4 to 6 servings

Crunchy and spicy are the two things I love most in food. These baked chickpeas are both, plus a tasty and healthy snack. Just toss them with a little olive oil and some spices, then roast in the oven until crunchy. They'll stay crispy for a few days stored in a resealable bag at room temperature.

Click here to see more spicy specials.

Ingredients

2 (15-ounce) cans chickpeas, also known as garbanzo beans, thoroughly drained and rinsed (about 3 cups)

2 tablespoons olive oil

1 teaspoon ground cumin

1 teaspoon chili powder

1/2 teaspoon cayenne pepper

1/2 teaspoon sea salt

Instructions

1. Heat the oven to 400°F and arrange a rack in the middle.

2. Place the chickpeas in a large bowl and toss with the remaining ingredients, until evenly coated. Spread the chickpeas in an even layer on a rimmed baking sheet and bake until crisp, about 30 to 40 minutes.

LENGTH

For editors: The length of your text is specified in your contract. This page count includes references, tables and figure legends. **Please be sure to check your page count as you write as it is very important to keep within the specified limit, and distribute length information to your chapter authors.**

For authors. Please consult with your editor for the appropriate length of your chapter and number of figures. **Please submit your chapter to the volume editor and not directly to Humana Press.**

ILLUSTRATIONS

For authors and editors:

If you can submit your illustrations in an electronic form, please submit the original graphic files. **Do not insert figures into your Word document.** Humana Press prefers that files be submitted in TIFF or EPS format, with at least 300 dpi resolution. PDF, JPG, Excel and PowerPoint files may also be acceptable. Please check with your editor if you have questions regarding specific figures.

Humana Press prefers that art be submitted as electronic files rather than as hard copies, however scanned images may not be of sufficient quality for reproduction, and authors/editors should expect to submit hard copies of scanned art along with their manuscript. Please scan art at 600 dpi.

Remember when considering figures that they will probably be reduced to fit onto a book page, so pay particular attention to making labels highly legible and not too small. You may want to photocopy your figures to the expected final size as a test to determine legibility. The usable page size of the book will usually be about 4.5 x 7.5 inches. Most figures (including their captions) will occupy half a page. Labels should be in a sans-serif font, preferably Helvetica. When at final reduction the size should be no smaller than 8 point.

Please ensure that your figures are clearly labeled and numbered by chapter, not consecutively through the book, i.e. Fig 1.1, ...8.13 **not** Fig 1, 70. Number parts of figures a), .c). Number tables separately, and also by chapter.

answers to your questions about faxing

« How to Stop a Calls from a Fax Machine?
How to Fix Vertical Stripe On Faxes I Send »

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it just to make sure it works. How can I do that?

eFax® Official Free Trial
Leading the industry w/ 11 million subscribers & counting! Free trial
www.eFax.com/FreeTrial

AdChoices ▷

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 1-888-877-1655 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. This site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

Keep Holiday Traditions Alive

Many look forward to the traditions of the holiday season and togetherness with family and loved ones. However, if you have a loved one living in a long-term care facility it might seem difficult to carry on with the traditions that your family member has always loved. It is important to know that living in a long-term care facility should not mean the end of family traditions. Here are some tips for keeping holiday traditions alive for your loved one and maybe even creating the perfect gift for them in the process.

Create a holiday book with your loved one. Bring in pictures of past holiday celebrations and create a festive scrapbook.

Light up the room. Adorn your loved one's room with decorations and ornaments.

Make holiday cards together. Sending these cards to family members can bring an extra loving touch to the holidays of those you hold dear about.

Play Santa Claus. Allow your loved one to help you with gift ideas for family members. By bringing in a catalog or looking at a store website, you can provide them with a sense of importance. During this process you might find out what your loved one wants as well.

Trim a tree. Join your loved one to take part of decorating the campus trees for the holidays.

Sing carols. Bring holiday cheer to your loved one by playing their favorite seasonal music. Bring the lyrics so you can both sing along and record the songs you sing together. It can make a great memory and gift.

Plan a festive movie night. Buy your loved one's favorite holiday movies and watch them together.

Spend precious time together. By taking the time to visit your loved one, you are not only showing them that you care about them, but that they are also still an integral part of your holiday season. This can be the best gift of all.

Speaking of great gift ideas, we know deciding what gifts to give to a loved one living in our campus can be quite a challenge, so we are happy to announce a new initiative to assist you with your gift-giving quest. This year, we will be offering several gift packages. From relaxing spa days to exciting adventures, these packages consist of a variety of experiences that can be enjoyed by your loved one both on and off campus. The packages are available at various pricing scenarios and will be billed through our business office for your convenience. We know you will love these gifting/giving options.

Please see our Life Enrichment Director for more details in order to purchase the perfect gift package for your loved one. For more information on our campus's upcoming holiday celebrations, please call us stop by today.

It is our pleasure to provide a special holiday season for our residents!

Vonage Test Fax

To	From Steve
Fax	Fax
Phone	Phone
Subject: Test Fax	Date

Fax Settings

Reference your Owner's Manual for help adjusting the settings below

ECM (error correction mode)	Off
Baud Rate	9600
International	On (this is set on a per-call basis)
Resolution	Standard ✓
Answer Mode	Fax Only
Rings to Answer	Zero (0)
Call Waiting	Off
Bandwidth Saver	High (90 kbps)
Distinctive Ring	Off

Troubleshooting Steps

The steps below will help you resolve common faxing problems

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds.
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device
- Connect Fax machine directly to the Vonage device, bypassing any home wiring
- If using an All-In-One device temporarily disconnect device from PC

Further Assistance

If you need further assistance using your Vonage Fax Service we are always available to help

A blind cowboy walked into a bar. He found his way to the bar and ordered a beer.

He sat there for several minutes drinking his beer then suddenly stood up and said, "Hey, do y'all want to hear a blonde joke?"

The whole place went deathly silent.

The cowboy heard a woman's voice off to his left say, "Before you tell your blonde joke let me give you a little information."

She said, "I am six feet tall, I weigh 197 pounds and I am a professional wrestler. I am also a blonde.

She continued, "Sitting beside me is my wrestling partner. She is six feet two inches tall, weighs 207 pounds, and she too is blonde.

"Furthermore," she said, "the bartender that just served you is five feet eleven inches tall and weighs 186 pounds. She is a professional boxer and she too is a blonde. Now considering this new information, do you still want to tell your little blonde joke?"

The cowboy replied, "No, Ma'am- not if I'm going to have to explain it three times!"

Notice of Intent to Enter

Tenant Name _____

Street Address _____

City/State/Zip _____

The terms of your rental agreement specify that the owner/property manager may enter the property you are renting to perform management duties. This is only done after giving reasonable advance notice of at least 24 hours.

This letter serves as 24-hour notice that the owner/property manager intends to enter the premises you are renting at the address noted above for the purpose of

Date of entrance _____

Approximate time of entrance _____

Duration of stay _____

If you will be available at the time above, please let the owner/property manager know. However, it is not necessary that you be on the premises at the time of entry. The owner/property manager will use a master key to gain entrance if no one is home.

Change of Lock Notice: If the owner/property manager is unable to enter because the Tenant has changed or rekeyed locks, owner/property manager will use a locksmith to open the door and locks will be rekeyed. A new key will be given to Tenant, who will be charged for the service.

If you have any questions, or if the date or time listed above is inconvenient, please notify us by _____, 20____, so that we can attempt to schedule an alternative time that would be better for you. You may call us at _____ between _____ a.m. and _____ p.m. on the following days _____.

We will need to enter your residence, however, no later than _____.

Thank you for your cooperation.

_____

Owner/Property Manager

Date _____

Delivered in person by _____

» Quartirolo Lombardo «

Italian creamery semi soft cheese of square shape. It is made from cow s m lk and the pale pink rind hardens with age and acquires reddish-gray moulds. The cheese has its name according to the region where it is being produced. This kind of cheese is made all year round usually from full cream milk. The cheese has a slightly crumbly, lumpy center. Quartirolo Lombardo can be eaten at various stages of ripening. When young, the cheese has a lemon- fresh acidity. After the period of two months, the taste of the cheese reveals a fruity character. This cheese is served with salads and cold meats.

Country: Italy
Milk: cow milk
Texture: semi soft

Troubleshooting Print Quality

Your WorkCentre 7220/7225 Multifunction Printer is designed to produce consistently high-quality color prints. If you observe print-quality problems, use the information on these pages to troubleshoot the problems. For detailed online support information, go to:

www.xerox.com/office/WC7220_WC7225support.

CAUTION The Xerox® warranty, Service Agreement, or Total Satisfaction Guarantee does not cover damage caused by using unsupported paper, transparencies, or other specialty media. The Total Satisfaction Guarantee is available in the United States and Canada. Coverage can vary outside these areas. Please contact your local representative for details.

Paper Type

CAUTION If you change the type of paper in the tray, change the paper type at the control panel to match the paper that you loaded. If you fail to change the paper type, it can cause print-quality problems and can damage the fuser.

For best results, use only recommended Xerox® media. They are guaranteed to produce excellent results on your WorkCentre 7220/7225 Multifunction Printer. For information on supported paper types and weights, at the control panel, press **Machine Status**, touch **Information Pages** > **Paper Tips Page** > **Print**. To order Xerox® paper and media, go to:

www.xerox.com/office/WC7220_WC7225supplies.

For a complete list of recommended media for your printer, go to:

- North America: www.xerox.com/paper.
- Europe: www.xerox.com/europe-paper.

Solving Print-Quality Problems

Use the following tables to find specific solutions to print-quality problems.

Note: The images displayed represent long-edge feed prints. If you print short-edge feed, the print-quality defects are rotated 90 degrees. The images displayed are for reference only. Not all pages represented are printed.

10 Export Regulation. If the Software is for use outside the United States, You agree to comply fully with all relevant regulations of the United States Department of Commerce, with the United States Export Administration Act and with any other applicable laws or regulations to ensure that the Software and media are not exported in violation of United States law.

11 U.S. Government Restricted Rights. If You are licensing the Software or its accompanying documentation on behalf of the U.S. Government, it is classified as Commercial Computer Software and Commercial Computer Documentation developed at private expense, contains confidential information and trade secrets of Ricoh and its licensor(s), and is subject to Restricted Rights as that term is defined in the Federal Acquisition Regulations (FARs). The Contractor/Manufacturer is: Ricoh Corporation, 5 Dedrick Place, West Caldwell, New Jersey 07006, Attention: General Counsel.

12 General Provisions.

a Legal Matters. This Agreement is made under the laws of the State of New Jersey, USA, excluding the choice of law rules. If any provision not voluntarily negotiated or disclosed only, and not exactly in the courts of New Jersey. Should any provision of this Agreement be held to be void, invalid, unenforceable or illegal by a court, the validity and enforceability of the other provisions will not be affected thereby. It being the intent of the Parties that this License shall be enforced to the full extent allowable under applicable law. Failure of Ricoh to enforce any provision of this Agreement shall not be construed as a waiver of such provision or of the right to enforce such provision. All of the Ricoh Parties and Ricoh's licensors are direct and intended third party beneficiaries of this Agreement and may enforce it against You. To the extent permitted by local law, the parties hereto waive any right they may have to trial by jury.

b Modification. No modification to this License shall be binding, unless in writing and signed by a duly authorized representative of You and Ricoh, and you acknowledge that independent Ricoh resellers, distributors and resellers have no authority to bind the Company. It is expressly agreed that the terms of this Agreement shall supersede the terms in any purchase order or other ordering document and no inconsistent terms included in any such purchase order or other ordering document shall apply to the Software. Any future upgrades of the Software shall also be subject to this Agreement unless Ricoh in licenses state to the contrary.

c Assignment. Neither this Agreement nor the License to use the Software may be assigned, sublicensed or otherwise transferred by You.

d Equitable Relief. You acknowledge that the unauthorized disclosure or use of the Software, any related documentation or of Ricoh?s Intellectual Property Rights or breach of your Confidentiality Undertaking in violation of this Agreement would cause irreparable injury to Ricoh for which remedies at law would be inadequate. Accordingly, Ricoh may seek immediate injunctive or other equitable relief in a court of competent jurisdiction in connection with any breach or alleged breach of the provisions of this Agreement.

e Capacity & Authority to Contract. You represent that you are of the legal age of majority in your state of residence and, if applicable, you are duly authorized by your employer to enter into this contract.

RICOH SOFTWARE LICENSE AGREEMENT
(Common Private and Public Sector Industry Terms)
Ricoh Family Group Companies: Ricoh Americas Corporation, Ricoh Europe PLC, Ricoh Asia Pacific Limited, Ricoh Japan K.K.

Fax Toy

Random Stuff Sent From Your Fax Machine
Fax something interesting toll free to 1 855-330-1239 or 1 213 294 2943

To the right are pages that folks have faxed us recently. Click any thumbnail to see the large version and rate it for interestingness.

You can fax something interesting to 1 855 330 1239 (your boss will never notice - maybe) or 1 213 294 2943 (long distance to Los Angeles, California) and it should appear here within a couple of minutes. (It's a toll free number if you're in the USA.) Keep it clean & legal.

Fax single-page documents with no cover sheet. If you fax more than one page only the last page will appear here. We try to strip off the top few pixels of the page where your company name and fax number should appear, but make no promises that this will actually work.

Privacy Policy: We hate spam and junk faxes and will absolutely not send you any unsolicited e-mail or faxes. We won't share your information with marketers or anyone else.

HP Digital Filing Setup

Prerequisites

1. Make sure your computer and printer are connected to the network.
2. If either Scan to E-mail Setup OR Scan to Folder Setup, make sure that you have an active Internet connection.

Option 1: Set up HP Digital Filing using HP software

Follow the appropriate steps for your computer's operating system.

Windows

1. On your computer, double-click the printer icon on the desktop.
2. Click Print, Scan, Fax and then select the appropriate link (either Scan to Network Folder Setup Wizard or Scan to E-mail Setup Wizard).
3. Follow the on-screen instructions.

Mac OS X

1. Click the HP Utility icon in the Dock.
   NOTE: If the icon does not appear in the Dock, click the Spotlight icon on the right side of the menu bar, type HP Utility in the box, and then click the HP Utility entry.
2. Click either [Scan to Email] OR [Scan to Network Folder] in [Scan Setup], and then follow the on-screen instructions.

Option 2: Setup using Remote Configuration

HP Digital Filing can be remotely configured from any computer on your network, using the printer's embedded Web server:

1. Type the following address into your computer's web browser:
   http://192.168.2.142
2. Click Scan, choose the appropriate link (either Network Folder Setup or Scan to E-mail Setup), and then follow the on-screen instructions.

CancerTYPE ID

Molecular Classification with CancerTYPE ID

FFPE Tissue Processing & Tumor Enrichment

- CancerTYPE ID requires as few as 300-500 viable tumor cells and is compatible with limited biopsy specimens such as FNAs, cytological specimens, and small core needle biopsies
- CancerTYPE ID routinely employs laser guided microdissection to enrich for tumor specimen

Gene Expression Profiling

- CancerTYPE ID uses a robust real-time RT-PCR platform to detect very small differences in gene expression
- CancerTYPE ID measures and integrates the gene expression of 92 genes, 5 normalization genes and 87 lineage determinant and tissue-specific genes, most of which are not routinely measured by IHC

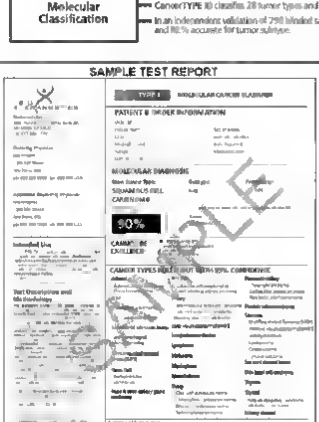
Reference Tumor Database & Algorithm

- CancerTYPE ID uses a computational algorithm to predict the patient's tumor type based on the degree of similarity of the sample's 92-gene expression profile to a reference database of gene expression profiles. The reference database contains gene expression information from over 2,000 tumor specimens of known histogenesis, and representing ~95% of all solid tumors based on incidence
- the CancerTYPE ID algorithm provides a predicted main type and any sub-types in rank-order by relative probabilities, which are based on the tumor's gene expression similarity to tumors of these types in the reference database

Molecular Classification

- CancerTYPE ID classifies 28 tumor types and 50 tumor subtypes.
- In an independent validation of 2998 blinded samples, the molecular diagnosis was 87% accurate for main tumor type and 86% accurate for tumor subtype.

SAMPLE TEST REPORT



Interpreting CancerTYPE ID Test Results

MOLECULAR DIAGNOSIS
The tumor type with the highest probability is reported as the molecular diagnosis. In this example, the patient's tumor has 90% probability of matching squamous cell carcinoma (non-lung subtype) within the CancerTYPE ID reference database. If the highest probability is <70% the tumor is reported as indeterminate. In this case, the test report will still indicate tumor types that can be ruled out and those that cannot be excluded.

CAN NOT ID EXCLUDED
When applicable, tumor types from the CancerTYPE ID reference database that show some gene expression profile similarity to the patient's sample such that they cannot be excluded from diagnostic consideration will be listed here in relative rank order

RULE OUTS
The CancerTYPE ID test report also lists tumor types that can all be ruled-out with 95% confidence. In an independent validation of 2998 blinded reported Rule-outs were 95% accurate. This may provide useful differential diagnostic information when two or more potential tumor types are suspected and one or more cannot may be indicated in the test note.

N VIFORCE

1/2 onion chop
2 garlic cloves (minced)
1 2 lbs ground beef
2 cans kidney beans (red) rinsed and drained
2x 15oz crushed/diced tomatoes
2x 29oz can of tomato sauce
1 cup of water (as needed)
1 chicken bouleon cube
1 beef bouleon cube
3 tbsp chili powder
1 tsp salt
3 tsp cumin
1 tsp oregeno
1 can of beer (optional)

Sautee onion, garlic, and beef until beef is brown.
Drain excess grease.
Add all ingredients
Bring to boil, then simmer for 1 hour
Before serving, add shredded cheese (optional)

Lakeside Aquatic Club Membership Agreement

Parent Code of Conduct

Parent(s)/guardian of a swimmer with LAC will abide by the following guidelines

1. Will practice teamwork with all parents, swimmers and coaches by supporting the values of Discipline, Loyalty, Commitment and Hard Work

2. Will not coach or instruct the team or any swimmer at a practice or meet (from the stands or any other area) or interfere with coaches on the pool deck during practice or at a meet

3. Will not step onto the pool deck unless registered with USA Swimming (per USA Swimming guidelines). If registered with USA Swimming, will only step onto pool deck with the intent to discuss LAC work related business

4. Will demonstrate good sportsmanship by conducting yourself in a manner that earns the respect of your child, other swimmers, parents, officials and coaches

5. Will understand that criticizing, name-calling, making inappropriate gestures, or using abusive language at practices or at meets, or towards the athletes, coaches, LAC board members, or officials will not be tolerated. This includes face to face interactions, phone calls, text messages and emails

6. During competitions, questions or concerns regarding decisions made by meet officials shall be directed to a member of our coaching staff, not the meet officials

Should any member conduct themselves in such a way that brings discredit or discord to LAC or USA Swimming, they voluntarily subject themselves to disciplinary action as seen fit by LAC Board of Directors and/or coaching staff. Upon notification of any violation of the Code of Conduct, a review committee consisting of the coaching staff and the Board of Directors, shall promptly investigate the circumstances of the violation, shall notify the individual(s) charged at the time for a hearing, and shall conduct an informal hearing. The review committee shall then promptly determine what disciplinary action, if any, shall be taken. LAC maintains the right to terminate any membership with or without cause in the interest of our vision, mission, and objectives

Modify Reservation Confirmation
TARP [illegible] Check-Out
Created: 12/12/2013 12:14:20 GMT

Dear [illegible],

We have received your request to modify your reservation. Below is your updated reservation information. Please review the information carefully and let us know if you have any questions or if you would like to make any additional changes to your reservation. We look forward to welcoming you soon!

Thank You,
The [illegible] Team

The Bill of Rights

Amendment I

Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof or abridging the freedom of speech, or of the press or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances

Amendment II

A well regulated Militia, being necessary to the security of a free State, the right of the people to keep and bear Arms shall not be infringed.

Amendment III

No Soldier shall, in time of peace be quartered in any house, without the consent of the Owner nor in time of war but in a manner to be prescribed by law

Amendment IV

The right of the people to be secure in their persons, houses papers and effects against unreasonable searches and seizures, shall not be violated, and no Warrants shall issue, but upon probable cause, supported by Oath or affirmation, and particularly describing the place to be searched, and the persons or things to be seized.

Amendment V

No person shall be held to answer for a capital, or otherwise infamous crime unless on a presentment or indictment of a Grand Jury except in cases arising in the land or naval forces or in the Militia when in actual service in time of War or public danger nor shall any person be subject for the same offence to be twice put in jeopardy of life or limb nor shall be compelled in any criminal case to be a witness against himself nor be deprived of life liberty or property without due process of law nor shall private property be taken for public use, without just compensation

Amendment VI

In all criminal prosecutions the accused shall enjoy the right to a speedy and public trial by an impartial jury of the State and district wherein the crime shall have been committed which district shall have been previously ascertained by law and to be informed of the nature and cause of the accusation, to be confronted with the witnesses against him, to have compulsory process for obtaining witnesses in his favor and to have the Assistance of Counsel for his defence

Amendment VII

In Suits at common law where the value in controversy shall exceed twenty dollars, the right of trial by jury shall be preserved, and no fact tried by a jury shall be otherwise re-examined in any Court of the United States than according to the rules of the common law

Amendment VIII

Excessive bail shall not be required, nor excessive fines imposed, nor cruel and unusual punishments inflicted.

Amendment IX

The enumeration in the Constitution of certain rights, shall not be construed to deny or disparage others retained by the people

Amendment X

The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively or to the people.

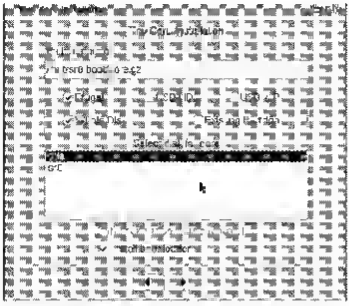
TEST

2.1.1. Step 1. Source and destination



In this first step, we need to select the install media, install type and the target. The installer may be able to detect the install media automatically as in this image; if not, click on the "Path" entry to manually browse for the install media.

The three install types on Plugged USB HDD and USB ZIP Plugged is the default type. It may be installed to a partition, and usually works. Install to Hard Disk is for USB-HDD mode thumb disk and is slightly different formatting, which may help the USB thumb boot on computers where this would not. USB-ZIP is for older BIOSes that needed ZIP drive emulation in order to boot from USB

Making Copies

This section describes the basic procedure to perform standard copying.

Copy
100% A4

1. Make sure that the machine is turned on.
2. Load paper.
3. Press the **COPY** button

   The Copy standby screen is displayed
4. Load the original document on the platen glass or in the ADF.
5. Confirm the page size and magnification.

   Copy
   100% A4

   1 2

   1 Magnification
   2 Page size

   Note

   - To change or confirm the page size, magnification or other settings, press the **Menu** button, then use the ◄/► button to display the desired setting item.

     ➡ Setting Items for Copying
   - Press the **COPY** button to reset the magnification to 100%.
6. Use the ◄ (-) ► (+) button or the Numeric buttons to specify the number of copies.

www.anjc.info

ANJC Commits to Providing FREE Care to Vets

ANJC doctors wishing to participate can email ANJC HQ at info@anjc.info

ANJC Launches Army One Source Program to Benefit Returning Vets
Opportunity for ANJC Members to Participate in Statewide Campaign to Treat Vets
FREE CEU Webinars Offered

We are proud to announce that ANJC is collaborating with Army OneSource, a U.S. Army community outreach program and the Army Community Covenant to

1 Raise awareness of the unique challenges military life has on our service members and their families,
2 Address growing need for accessible health services.

Many of you already treat veterans of the armed forces that return from deployment with physical health problems. This program will educate you on the unique challenges that these service members face.

The program entitled **"Healing Hands 4 Heroes"** invites chiropractors to learn about the stresses and challenges service members and their families are facing as a result of deployment. Three online CEU courses entitled "Treating the Invisible Wounds of War" have been developed and are being made available to you free of charge. **"These CEU's will be available and are currently pending through Cleveland Chiropractic College.

At the ANJC's Spring Convention on Saturday, April 18, 2015 at the Ocean Place Resort & Spa in Long Branch ANJC will officially conduct a *Community Covenant* Signing with Army OneSource that will officially launch the next phase of the program **which will commit the ANJC to providing free care for veterans.**

ANJC will provide the recommended treatment timeframe but it is ultimately up to ANJC doctors to treat what they feel necessary. **General Becky Halstead** will be the keynote speaker at the Spring Convention. General Halstead has been a spokesperson for the Foundation for Chiropractic Progress, speaking across the country about the urgent need to provide chiropractic healthcare to our veterans. **ANJC doctors wishing to participate in this program will be able to do so by emailing ANJC HQ to verify their participation. Then HQ will update the ANJC website similar to the Baby Is Cold Outside campaign.**

The courses are not mandatory to participate but we encourage you to complete them. They are designed to assist doctors of chiropractic who may see a veteran or family member on an unrelated issue develop a better understanding of the culture in which veterans and their families live and work, and provide best practices for identifying and assessing health disorders that result from the trauma of war. Please join us in this worthy project by signing up for one or all of the online courses today. Just follow these easy steps to register:

To register go to: www.shoponmos.com/chiropractor

- Click on new users
- Complete the online profile
- Enter the Army OneSource Referral Code for our State Chiropractic Association - AOSNJ-COCSA
- Select the course you wish to take and proceed. Following your course completion, you will automatically receive a certificate and you can download a poster which notes that your office provides care that addresses the health care needs of Service Members and their families. You may take one or all three of the following free courses

Part 1 Posttraumatic Stress Disorder / 3 CEU/hour course for Doctors of Chiropractic – Length 3hrs.

Part 2 Traumatic Brain Injury / 4 CEU/hour course for Doctors of Chiropractic - Length 4hrs

Part 3 – Issues of Women Returning from Combat / 2 CEU/hour course for Doctors of Chiropractic- Length 2hrs

Rights of Patients

In consideration of its recognition of the basic human rights of patients, the staff of Susquehanna Valley Surgery Center pledges its commitment to the following:

- Patients have the right medical and nursing services without discrimination based on age, race, color, religion, sex, national origin, handicap, disability or source of payment.
- Patients will be treated with respect, consideration and dignity by competent personnel.
- Patients who do not speak English will have access where possible, to an interpreter.
- Patients have the right to know the person or persons responsible for coordinating their care. Upon request they will be provided with the name of their attending practitioner, the names of all other practitioners directly participating in their care and the names and functions of other health care personnel having direct contact with them.
- Patients have a right to an appropriate level of privacy, including privacy of any information or treatment concerning their medical care. They have the right to be informed of any persons other than routine personnel who might be observing or participating in their treatment.
- Patient records and disclosures will be treated confidentially, and all case discussion, consultation, examination or treatment will be considered confidential and conducted discreetly.
- Upon request, the Center will provide the patient or the patient's designee access to the information contained in the patient's medical record – unless access is specifically restricted by the attending practitioner for medical reasons.
- Patients have the right to have their records pertaining to their medical treatment treated as confidential, except as otherwise provided by law or third party contractual arrangements. When it is their right, patients will be given the opportunity to approve or refuse the release of their records.
- Patients have a right to full information, presented in layman's terms, concerning their diagnoses, treatment and prognoses, including information about alternative treatments and possible complications. When it is not medically advisable to give the information to the patient, the information will be given to a responsible person designated by the patient or to a legally authorized person.
- Patients have the right to receive from their physicians enough information so that they may understand the procedure or treatment being received to give their informed consent. Except for emergencies, the practitioner will provide all such necessary information for consent prior to the start of the procedure or treatment.

Request for Additional Assistance

Financial assistance for services is available to those who qualify. The Tampa Metropolitan Area YMCA considers household income and number of dependents. Financial assistance is awarded based on a sliding scale. Applications must be accompanied by proof of family income. All applicants will be notified within two days of applying.

Acceptable items to document proof of income are listed below:

1. MOST RECENT TAX RETURN (required)
2. CURRENT PAYROLL CHECK STUBS FOR 2 PAY PERIODS
3. TWO MONTHS BANK STATEMENTS
4. SOCIAL SECURITY RECORDS
5. DISABILITY RECORDS
6. UNEMPLOYMENT RECORDS
7. A LETTER EXPLAINING THE NEED FOR ADDITIONAL ASSISTANCE

(If this information is unavailable, or you feel additional explanation is necessary, an appointment may be scheduled with a Membership Service Representative.)

Financial Assistance will be granted in the form of Facility Membership. Assistance with Program Fees may also be requested.

Assistance is reciprocal at all Tampa Metropolitan Area YMCA facilities.

YOU WILL BE REQUIRED TO RENEW AND SUBMIT ALL NEW INFORMATION UPON EXPIRATION OF FINANCIAL ASSISTANCE.

I acknowledge that I have, in good faith, reported all income sources and submitted all information required for my Request for Additional Assistance.

FOR SALE • Single Family Residence

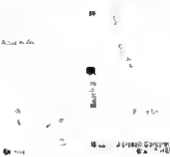
$899,000

793 Sandrift Dr Huntington Beach 92648

2 days on the market

3 beds, 3 baths • 1,785 sqft • 3,325 sqft lot • $503.64/sqft • Built in 1994

Listing ID: OC17088138



Charming upgraded Mediterranean style home home tucked away in the beautiful gated beach close Greystone Landing community. The exterior curb appeal is exceptional with the stone surrounded front door, mature palm trees and a large driveway for easy parking. The entry shows beautifully with wood-toned floors throughout the home, high volume ceilings, recessed lighting, plantation shutters, and a light-filled open floor plan. The open kitchen is newly remodeled with modern shaker style cabinetry in a honey-toned finish, stainless appliances, and custom fixtures and hardware. The wrap-around island offers excellent counter space and seating. The kitchen opens to the family room with a fireplace and custom surround, new ceiling fans, and the new paint throughout the interior is bright and modern. The downstairs powder room has a pedestal sink and custom lighting. The upstairs bedrooms are spacious with nice-sized windows and high ceilings, and the master bedroom is luxurious and has an adjacent master bath with dual sinks and a large tub. The rear yard is spacious and perfect for entertaining. The community is wonderful and offers a community pool, spa, and gathering area. Outside the gates are some of the best features of Huntington Beach, with proximity to parks, schools, the new Pacific City, shopping, dining, and just a short walk to the beach and surf

Active Release Techniques® (ART)

State-of-the-Art Treatment for Sprains, Strains, Aches & Pains

Have you ever had an injury that just won't heal? Like you, millions of Americans suffer from recurring pain and injury every day. While some of these conditions get better with time...those that don't become chronic. Ice, heat and medications decrease the symptoms but to cure the problem...you need more advanced care.

ART is a combination of stretching and deep muscle therapy. The doctor isolates the injured or painful tissues with deep pressure while the patient stretches the region. This heals the injured area through its full range of motion, decreasing the chance of re-injury.

ART treats the soft tissues (muscles, tendons, joints and nerves) of the body. Specific injury or recurring pain can lead to scar tissue or adhesion formation. This decreases full range of motion, leading to repetitive injury and chronic pain.

ART heals by breaking down soft tissue adhesions. This restores normal range of motion by enhancing flexibility and movement. Once full range of motion is restored, normal everyday activity prevents these adhesions from re-forming.

ART patients include professional athletes, amateur athletes, and everyday people. The technique is designed to be modified depending on the person. So it's safe and effective for both young and old.

ART and Chiropractic care equal fast results! Using this unique treatment combination means most conditions resolve within 8-12 visits.

For strains, sprains, aches and pains, Moses Lake gets better at Akesis.

Getting You Back to the Sport of Life!

CALIFORNIA ADDENDUM

SELECTION OF SETTLEMENT AGENT

Thank you for choosing hp

In connection w[illegible] Buyer, because of the Property, Buyer has the right, under the "Buyer's Choice Act", to make an independent selection of the entity that will act as Escrow/Closing Agent and also the title insurer from which Buyer will purchase an owner's title insurance policy. Notwithstanding any provision herein and to the extent Buyer elects not to obtain its own Title Commitment, Seller shall select a title insurance company or closing agent to issue a Title Commitment to Buyer and Seller shall pay for the cost of issuance of said Title Commitment and the final owner's title insurance policy. The Selection of said title insurance company by Seller shall not prohibit Buyer from purchasing its own title policy or Title Commitment. Regardless of the custom or practice in the geographical location of the property, if the Buyer selects a title insurance company or closing agent different than the one selected by Seller, Seller shall not be obligated to pay the cost of issuance of said title commitment or the final title insurance policy.

Thank you for setting me free I was trapped in this fax machine forever now that you have saved me I will grant you three wishes What are your 3 wishes?

What are my three wishes ??? What the hell are you a talking fax machine??

NO....Im a talking fax!

Yeah a talking fax machine

NO Im a talking fax not a fax machine Im talking print on a piece of paper that can communicate with you OK??

Yeah ok cool I guess. Are you friendly??

Yeah you saved me remebere your three wishes what are they?

The first one?? Yeah, get me a box of condoms, and, what was that thing we used to eat back in the day? What was it....oh yeah, Pussy!!

The second one good ole fashiond Money!

oh yeah and that last one Weed!!
Also they all make good christmas presents

Prayer to St. Joseph over 1900 years old

O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires. O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord; so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St. Joseph, I never weary contemplating you and Jesus asleep in your arms. I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us. Amen

Say for nine consecutive mornings for anything you may desire. It has seldom been known to fail

This prayer was found in the fiftieth year of Our Lord Jesus Christ. In 1500's it was sent by the Pope to Emperor Charles when he was going into battle.

Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.

Make this prayer known everywhere.

Imprimatur
Most Rev George W Ahr
Bishop of Trenton

Fax Hardware Test	**PASS**
Fax Connected to Active Telephone Wall Jack	**PASS**
Phone Cord Connected to Correct Port on Fax	**PASS**
Using Correct Type of Phone Cord with Fax	**PASS**
Dial Tone Detection	**FAIL**
Fax Line Condition Test	**PASS**

A dial tone was not detected.

Please check the items below then rerun this test

Other equipment sharing the fax line can reduce the signal strength

Disconnect any equipment which is sharing the fax line (including extension phones answering machines and dial up PC modems)
If you are using a splitter or some other device between the fax and the wall jack remove it and connect the fax directly to the wall jack

If your HP device is connected to a Private Branch Exchange (PBX) rather than the public telephone system the Dial Tone Detection test may fail

However you should be able to successfully send and receive faxes

Refer to your User Guide for more information on the fax test and settings

Instructions on how to rerun this test.
Step 1 Press the "Setup" button
Step 2 Choose the "Tools" menu
Step 3 Choose the "Run Fax Test" item

Love, the Only Place God is Found

4/26 1998

Sunday Night, April 26, 1998

If I could speak in any language in heaven or on earth but I didn't love others it would be like making meaningless noise, like a loud gong or clanging cymbal. If I had the gift of prophecy and I knew all the mysteries of the future and knew everything about everything but didn't love others what good would it be? And if I had the gift of faith so that I could speak to a mountain and make it move, without love I would be no good to anybody. If I gave everything I have to the poor, and even sacrifice my body to be burned in death but if I didn't love others I would be of no value whatsoever (1 Corinthians 13).

The beginning of this thing we call a "chapter" in Paul's letters really clear about one fact. Loving others is not an additional thing that we do alongside the other important works, such as conquering the world for Christ, throwing mountains into the sea, healing the sick, and all these other things. It's not an additional thing. It is the root issue and substance of everything. All of that "Christian" stuff is total rubbish totally worthless of no value whatsoever if I'm not rooted in the basis of ultimate love for others because of the blood of Jesus. Love is not an additional thing to work on," but the very basis of our existence, our doe susts, and our actions. This is the only way the father can be pleased, and without it we'll never have the slightest idea of how to walk as Jesus walked," doing "*nothing* that we do not see the Father doing."

This is as fundamental as the difference between eating from the tree of knowledge of good and evil and eating from the Tree of *LIFE*. What IS a "good work for Jesus"? Do you *really* know? You cannot *possibly* know, apart from what we are about to see here. Your *info* is not the basis of knowing. Like Peter we'll say right to God's face, "Surely NOT Lord!" If we are living by our mind's perception of what is "right," and what we have found somewhere must surely please God. We *must* eat from the Tree of Life, not the one where we think we've studied enough to "know." There is a place of perpetual dependency, a very unpopular idea in "hyper not religious" land. There is a place of abandoned love. This is the only place God may be found. That is the TRUE God. The God of Abraham, Issac, and Jacob. The Father of the Master, Jesus Christ. God doesn't teach love or command it, alone God *is* Love, and He can ONLY be found there. Not the schematic. That is what Paul is saying in the passage we just read about Love. I earn to *love deeply, from the heart. Please?*

Now, in practical terms about measuring or resolves by "externals"), someone says, "But Bible says, 'Greater works than these shall you do,' right? So if I can't experience important and miraculous things then I have the right to be frustrated, disappointed, and go through mid life crises." No way. The demons just might not submit to His Name in this particular instance because of a larger umega of understanding of what the Scriptures mean. Wrong one. Bible myths. How many miracles did Jeremiah do? How about Isaiah? Ah, those men are dedicated well. God that the "servants might be limited to twenty three years with no one listening, an I getting thrown into a well to die" John the Baptist did no miracles. Were those men failures? Did they not know God?

Other men did "external" miracles, right? Elijah did a whole truckload of them. Elisha did a bunch. Jesus certainly did a bunch. Paul and Peter and John did their share. But it's not a given that if you can't do miracles or if you never see one in your entire life-time that you are a failure. I'm all for miracles and have been the beneficiary of miracles of His grace in several areas (the forgiveness of sin, for starters). Yet if we think we can demand of God our understanding and timing of any externals such as greater works than these shall you do," then we are no better than a wicked and

TENERGY®

12 Cells AA/AAA NI-MH/NiCd
Fast Battery Charger

FEATURES

- Suitable for 1 12 pieces AA/AAA Ni-MH and NiCd rechargeable batteries
- Built-in IC and advanced negative Delta-V charging control function.
- Over-heat, over-current protection, short-circuit protection.
- Detection of non-rechargeable and defective batteries.
- LCD indicator for individual charging status.
- With refresh function

SPECIFICATIONS

ADAPTER.

- Input: 100-240V AC
- Output: 12V DC 1000mA

CHARGER.

- Input: 12V DC 1000mA
- Output:
  - AA: DC 1.2V 800mAh x 12
  - AAA: DC 1.2V 350mAh x 12
- Discharge Current: 250mAh

Made in China

CAUTION

Don't disassemble charger
Don't charge other types of battery chemistries. May cause explosion or fire.
This charger is intended for indoor use only and should be kept out of high temperature surroundings.
Keep charger away from direct humidity environments and prevent any liquid from entering, this may cause damage to charger
Should be placed out of children's reach.
May not be able to fully charge intended pairs have not been in use for long periods of time. Several cycles of charge-discharge may improve battery's performance
No metal objects should be placed in charger, this may cause in damage to charger and result in fire or injury.

6 Mutual Fund Company Transfer (If Applicable)

Please select only one box.

Please list all mutual fund account and indicate a specific statement dated within 30 days.

Use a separate transfer form for each mutual fund company.

Attach additional pages if needed.

Type of Transfer

☐ **Full.** Transfer my entire account (List below all mutual fund account statement being transferred.)

☐ **Partial.** Transfer only certain funds. (Complete and/or section below.)

Name of Fund, CUSIP and/or Symbol	Fund account Number	Quantity (indicate # of shares or "ALL")	Liquidating (check one.)		Future Dividends and Capital Gains*			
			In Kind	Liquidate	Pay Cash	Reinvest	Pay/ Reinvest	

*If you do not select a future dividend and capital gains option, Schwab will transfer all shares requested in kind and reinvest your dividends and capital gains distributions. If dividend reinvestment is not available at Schwab, Schwab will automatically pay all future dividends and capital gains distributions in cash.

7 Authorization to Transfer and Account Holder Signature(s)

Please read and sign to the following page.

To Delivering Firm: Unless otherwise indicated in the instructions in Sections 3–6, please transfer all assets in my account to Charles Schwab & Co., Inc. ("Schwab")

I understand that to the extent any assets in my account are not readily transferable, with or without penalties, such assets may not be transferred within the time frames required by FINRA Rule 11870 and a similar rule of another recognized delivering entity(ies). Unless otherwise indicated in the instructions in Sections 3–6, authorize you to liquidate any non-transferable proprietary mutual fund assets that are part of my account, and transfer the resulting credit balance to the successor custodian.

I understand that you will maintain a lien with respect to the disposition of any other assets in my securities account that are non-transferable. I authorize you to deduct any outstanding fees due you from the credit proceeds. If my account or my account does not contain a credit balance, or if the credit balance in the account is insufficient to satisfy any outstanding fees due you, I authorize you to liquidate the assets in my account to the extent necessary to satisfy that obligation. If certificates or other instruments in my account are in your physical possession, I instruct you to transfer them in good deliverable form, including affixing any necessary transfers, to enable the successor custodian to transfer them in their name for the purpose of sale when and as delivered by me. I understand that upon receiving a copy of this transfer instruction, you will cancel all open orders for my account on your books.

I affirm that, from date of account to your credit, I did not write any unused checks, access to me in connection with my securities account.

For Retirement Accounts: If this transfer of proceeds is for a qualified retirement account, I have amended the applicable plan so that I remain plan(s) as successor custodian. If the transfer of account is for an IRA, I hereby accept or reaffirm my adoption of the Charles Schwab & Co. Inc. Individual Retirement Plan. If I am transferring an IRA and the IRA type indicated on my statement is different from the IRA currently maintain at Schwab (e.g., Traditional IRA vs. Rollover IRA), I hereby authorize Schwab to commingle my IRA assets.

Fees: If the assets I am transferring are considered unprincipled assets at Schwab (such as limited partnerships), I understand that I will be charged set-up and maintenance fees.

I understand that fractional shares of these are uncertain/liable and I agree that any fractional shares will be liquidated by the delivering firm upon the transfer of the whole shares. The delivering firm may or may not charge a fee for this liquidation.

I understand that the delivering firm may or may not assess account fees for the transfer and/or terminations of my account with them.

Mutual Fund Dividends and Capital Gains (Account Transfers Via ACAT Only): I understand that my delivering broker may provide Schwab with mutual fund dividends and capital gains distribution instructions for each mutual fund position on that Schwab may implement those instructions. If the same position is already held by me in Schwab account, the dividend reinvestment will default to the current Schwab choice. In the event that the instructions are not provided by the delivering broker, the dividend and/or capital gains distribution option requested is not available at Schwab, the instructions will default to reinvest (unless reinvestment isn't available, in which case dividends and capital gains will be paid in cash).

If you want to use Option B, do the following

1 Click the Windows Start button, point to Settings and then click Control Panel
2 Double click "Internet"
3 Click the Connection tab
4 Do one of the following
   If you have Internet Explorer 4.0 installed, Enable Connect To The Internet Using A Local Area Network.
   If you do not have Internet Explorer 4.0 installed Disable Connect To The Internet As Needed.

Peanut Butter Pie - Semi-Homemaker Recipe

Recipe courtesy Kim Howard

Prep Time:	10 min	Level:	Serves
Inactive Prep Time:	2 to 30 min	Easy	8 servings
Cook Time	--		

Ingredients

1/2 cup peanut butter

1 cup powdered sugar

1/4 cup milk

1 teaspoon vanilla extract

1 (8-ounce) package cream cheese

1 (8-ounce) tub whipped topping

Ice cream topping (recommended: Magic Shell)

1 cookie pie crust (recommended: Oreo)

Directions

In large bowl combine all the ingredients except the toppings and crust. Blend with a hand mixer. Gently fold in whipped topping, pour into prepared crust and freeze for 2 hour. Once frozen, drizzle with ice cream topping and re-freeze for 20 minutes.

Thaw slightly before serving and cut into thin slices because this is a rich pie.

A viewer, who may not be a professional cook, provided this recipe. The Food Network Kitchens chefs have not tested this recipe and therefore, we cannot make representation as to the results.

Adoption Price: $65.00

Hi, my name is Dylan. I am a sweet, happy dog and I love to have my ears scratched. Sometimes I snooze when I get excited! I am fully housetrained and sleep all night. I had to be outside and go for long exploring walks. I am a great companion dog. I will greet you in the morning and lay at your feet while you eat breakfast. I also like to play with other dogs and chase squirrels. I was very skinny when I got here and have been getting healthier at a foster home for a few weeks. I would love for you to home me and help me stay quiting and strong!

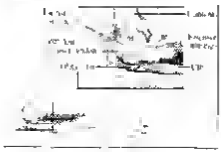
LATERAL EPICONDYLITIS

What Is Lateral Epicondylitis?

Lateral epicondylitis commonly known as "tennis elbow" is an inflammation of the tendon fibers that attach the forearm extensor muscles to the outside of the elbow. These muscles lift the wrist and hand. Pain may be felt where these fibers attach, usually about an inch on the outside of the elbow along the muscle on the forearm. Pain is usually worse after activity, or after stressful use of the arm. In severe cases, lifting and grasping even light objects may be painful. Because people who play tennis or other racquet sports sometimes develop this problem from improper playing technique, it has become known as "tennis elbow."



What Causes Lateral Epicondylitis?

Repeated use of the arm or other injury to this area may stress or damage the muscle attachment and cause pain. Below symptoms. Bending the wrist back (extension) forming the hand palm side up and lifting an object with the elbow straight are the more common activities that affect these muscles. This condition is quite common in our late 30s and early 40s.

What Are The Symptoms?

Symptoms include tenderness and pain at the lateral epicondyle. This area is usually tender when touched and may be uncomfortable when gripping. In severe cases, almost any elbow movement can be uncomfortable.

Treatment

1) Orthosis worn with the wrist in a neutral position worn day and night except when performing gentle stretching exercises within completing injurious activities.
2) Perform hard fiber massage a gentle massage of the forearm over the area of pain, in a crosswise, counterclockwise, perpendicular, and parallel motions.
3) Apply moist heat to the affected area for 10-15 minutes.
4) Perform wrist and forearm stretching exercises. See next section.
5) Ice massage or application of ice pack to the affected area for 10 minutes.
6) Activity modification is recommended. No forceful gripping, lifting, pushing or pulling.

BAKE & BAKE RAPID mode
For BAKE&RAPID mode, add extra 1 tsp of dry yeast
Cups(c) (1c=240ml/1cup(s), 1T=15ml/1tablespoon(s))
The amounts shown in ( ) are not as precise as weight measurements.
For better results, please use weight measurements. (1 cup = 8.82 oz.)

Testing Your Fax Machine

After you have connected the fax machine to your telephone line, you can now test to see if is ready to send and receive faxes

Here's how:

1. Program your full 10-digit fax number into your fax machine
2. Send a test fax to **1-855-FX-CANON (1-855-392-2666).**
3. Once our service receives your fax, a test page will be sent back to the fax number programmed into your machine. This process generally takes 2 to 3 minutes

Of course, should you need assistance setting up your fax or with any of the steps above, we are here to help. Please refer to our online Knowledge Base / FAQs, Contact Us by Phone or Send Us an Email.

How to Get Support

Step	Description
1ST LINE SUPPORT	**Visit the online knowledge base at wiki.sangoma.com** Our knowledge base contains step-by-step troubleshooting guides and information for all known issues. Search the knowledge base to see if your issue has already been addressed. If not, proceed to the next step.
2ND LINE SUPPORT	**Contact your Point-of-Purchase (Reseller or Distributor)** Your point of purchase is familiar with your configuration and should be able to quickly determine if your issue is caused by a configuration problem or a hardware failure. If you purchased your equipment from Sangoma, please proceed to the next step.
3RD LINE SUPPORT	**Contact Sangoma Support at support.sangoma.com** In order to verify if you are entitled to support, please have your support package ready when you open a support ticket. Sangoma's Professional Services offers two levels of support: **PREMIUM Support** – Paid Online and Live Support • Priority queue, with four tiers to choose from • Response time within 30 minutes for critical support issues, 24 hours a day, 365 days a year **STANDARD Support** – Free Online Support • Support tickets can be opened by existing users within the dedicated customer Login area • Best effort response time within 24 hours, Monday to Friday

Identity Connection Quality Problems

NEW Edge-to-edge Connection Quality Testing with AccessNET™

The BizConnection Server and Bridge Server technology provide a comprehensive bundled to test well native business that impact connections applications such as the browser downloads or VoIP. The combined bundled delivers bundled results for problem resolution, network planning and overall monitoring on an enterprise scale.

The new AccessON integrated network has Access Series family of micro appliances with a fully functional testing server and client in a single device, providing accurate testing to the application edge with identification of connection quality planning

Try an AccessON Quality test at our Ann Arbor, MI or Ashburn, VA facilities!

Request a demonstration of the NCS Access Series Solution.

VisualRoute

VisualRoute helps tests mine if a connectivity problem is on an ISP the Internet, or the connection web site, and providing Network where a problem Access

Traceroute, Ping, Reverse DNS
Various network diagnostic tools are integrated into an overall connectivity report providing essential data with just a couple of clicks.

verizon

PEACE OF MIND, POWERED BY VERIZON.

Introducing Verizon Device Protection Plans — which cover many of your favorite electronic devices.

Whether you have the latest flat-screen TV or haven't upgraded in a while, Verizon Device Protection Plans keep you covered. And TVs aren't the only things protected. We can fix any qualified electronic device (including Macs), which means you'll be saved from high repair and replacement costs. And if we can't fix it, we'll replace it. It's peace of mind that helps keep your electronics running all year round.*

- **Television coverage.** New or old. Big or small. LCD, plasma or tube. It will be repaired or replaced — so you can get back to your favorite shows.*
- **PC coverage.** We'll diagnose it and make sure you're up and surfing before you know it.*
- **Home phone coverage.** Corded or cordless. No matter who makes it. We'll even cover Caller ID units.*
- **Wallet coverage.** Comprehensive protection starts at just $6.99 a month for one PC. That's less than 25 cents a day for around-the-clock care for your favorite computer.*

PROTECTION PLANS STARTING AS LOW AS **$6.99**/month

CALL 1.888.558.0144
to sign up today
Also, ask about other protection plans for your valued electronics.

5. Please Read and Sign

Withdrawal to assets
You may receive assets—funds or securities—from a Traditional/Rollover IRA, Inherited IRA, Roth IRA, SEP/SARSEP/IRA, SIMPLE IRA or ESA at any time.

Taxation in IRAs
For more information, see IRS Publication 590 to review a tax scenario.

In general, taxable withdrawals from a Roth IRA (including contributions and investment earnings) are exceptions of the nondeductible contributions to a Traditional/Rollover IRA and Roth IRA are free from federal income tax. All other IRA distributions, including pre-tax contributions and investment earnings are subject to federal and possibly state income tax at ordinary income tax rates.

Rollover Exception. If you make a withdrawal from your IRA you have 60 days from the date of the withdrawal to roll the same amount back into an IRA (or Rollover or repayment) in order to avoid taxes and penalties on the amount withdrawn. The amount must be taken into the same kind of IRA (e.g., a withdrawal from a Roth IRA may be taken only into another Roth IRA not a Traditional IRA). You may do that only once in a rolling 12-month period.

Early Withdrawal Penalty. If you are not yet age 59½, a 10% early withdrawal penalty applies to the taxable portion of distributions from the Traditional/Rollover IRA then IRA, SEP/SARSEP/IRA or SIMPLE IRA unless you are otherwise not qualified for an exception to the penalty. In the case of a ROTH IRA, the early withdrawal penalty increases from 10% to 20% for a distribution made within the first two years after the account is established.

Exceptions to the Early Withdrawals penalties: The 10% penalty described above will not apply if the distribution is:

(1) used for qualified higher education expenses, meaning those academic expenses certain financial institutions or certain health insurance companies qualify where you are employed;

(2) made after your death or Schwab's;

(3) paid in recovery of equal payments over your life or life expectancy; or

(4) paid on account of on the levy.

If you convert your Traditional/Rollover IRA to a Roth IRA, the distribution portion of your traditional IRA is not subject to the 10% penalty regardless of when you do the time to the conversion.

Withdrawal of Excess Contribution. If you withdraw excess contributions you are required to file Form 5329 with your tax return. Please see the section on "Penalty and Tax Reporting" in the Charles Schwab & Co., Inc. Individual Retirement Account Agreement regarding reporting of excess contributions.)

Taxation of Securities Savings Accounts. For more information, see IRS Publication 590 to consult a tax source.

In general, withdrawals from an ESA are free from federal income tax if they are not more than the beneficiary's qualified education expenses for the year. All Coverdell ESA distributions are taxable, but only on the Schwab's investment earnings that have accumulated tax-free in the ESA.

Required Minimum Distributions. When you reach age 70½, you are required to begin taking distributions from your Traditional/Rollover IRA. This is not required for a Roth IRA. For more information, consult your investment counsel or IRS Publication 590.

Schwab Exceptions. If you make a beneficiary from your ESA you have 60 days from the date of the withdrawal to roll the same assets back into an ESA (or Schwab or repayment) in order to avoid taxes and penalties on the amount withdrawn. The assets must be taken into the same kind of IRA (e.g., a withdrawal from a Roth IRA may be taken only into another Roth IRA not a Traditional IRA). You may do that only once in a rolling 12-month period.

Early Withdrawal Penalty. If you are not yet age 59½, a 10% early withdrawal penalty applies to the taxable portion of distributions from the Traditional/Rollover IRA then IRA, SEP/SARSEP/IRA or SIMPLE IRA unless you are otherwise not qualified for an exception to the penalty. In the case of a ROTH IRA, the early withdrawal penalty increases from 10% to 20% for a distribution made within the first two years after the account is established.

Exceptions to the Early Withdrawals penalties: The 10% penalty described above will not apply if the distribution is:

(1) used for qualified higher education expenses, meaning those academic expenses certain financial institutions or certain health insurance companies qualify where you are employed;

(2) made after your death or Schwab's;

(3) paid in recovery of equal payments over your life or life expectancy; or

(4) paid on account of on the levy.

If you convert your Traditional/Rollover IRA to a Roth IRA, the distribution portion of your traditional IRA is not subject to the 10% penalty regardless of when you do the time to the conversion.

Withdrawal of Excess Contribution. If you withdraw excess contributions you are required to file Form 5329 with your tax return. Please see the section on "Penalty and Tax Reporting" in the Charles Schwab & Co., Inc. Individual Retirement Account Agreement regarding reporting of excess contributions.)

Taxation of Securities Savings Accounts. For more information, see IRS Publication 590 to consult a tax source.

In general, withdrawals from an ESA are free from federal income tax if they are not more

Disbursement Authorization. If you have indicated on this Form that your IRA will have disbursement authority over your securities you authorize Schwab to process, within and from your IRA to transfer funds from your Schwab IRA to ESA account to the account of another financial institution designated. IRA's authority becomes giving Schwab instructions on your behalf and changing specified beneficiaries for assets as per (request) transfers and receiving transfers, rollover transfers, and receiving the Money/IRA assets (and reassessing it when all type of consolidation). IRA's authority does not include requesting withdrawal rights to assess Schwab accounts or bank financial institution accounts, and certified deposit.

Termination of Authorizations (if applicable). The IRA authorization you have executed in this form will remain effective until you or IA have become to terminate it by giving notice to Schwab, either by mail, overnight courier, telephone, telegram, facsimile, electronic mail, orally mail or otherwise provided. However, that Schwab reserves the right to require written notice to shareholders that such authorization has been authorized to terminate. The distribution that you may receive or terminate the authorization authorized herein at any time. Unless revoked or conditioned by you to IA, as authorized to continue to act in IA shall continue to apply to IA's authorized as limitation. Such revocation will not affect your obligation executive that transactions Schwab prior to Schwab's receipt of such notice. You understand that if between conditions IA is Service Agreement with IA, Schwab will not be obligated to honor any further instructions from IA; you will have continue control over and responsible for your accounts and unless Schwab notifies you otherwise, your revenue will become a Schwab repeal IRA or ESA account subject to Schwab's then applicable conditions limits, including fees and subscriptions for distributions and transfers that Schwab's available to Schwab client customers. Schwab will notify you as soon as be mandatory possible after any such termination.

Indemnification for Authorizations (if applicable). You agree to indemnify and hold harmless Schwab, its affiliates and their directors, officers, employees and agents from and against all claims, actions, costs and damages including attorneys' fees arising out of to relating to (1) their reliance on instructions granted in this form and (2) Schwab's disposition of IA's instructions.

IMPORTANT DISCLAIMER. This summary is intended to provide a general summary of the rules affecting withdrawals from Roth and Education Savings Accounts and is not meant to contain taxpayer guidance. The rules governing withdrawals from these tax-advantaged accounts are subject to change. Please consult your own financial tax or legal source regarding the application of the rules regarding your particular situation financial accounting distribution.

Fax Answers

answers to your questions about faxing

« How to Stop a Calls from a Fax Machine?
How to Fix Vertical Stripe On Faxes I Send »

How Can I Test My Fax Machine?

I just bought up a new fax machine and I'd like to test it just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the *send* functionality of your fax machine, send a one-page fax to 1-855-330 1239 (a toll-free number in the United States.) When it's finished transmitting, print your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the *receive* functionality of your fax machine, point your web browser to FaxZero, this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

IRS

Patient-Centered Outcomes Research Trust Fund Fee (IRC 4375, 4376 and 4377): Questions and Answers

Affordable Care Act Provision 6301

Q1 What is the Patient-Centered Outcomes Research Trust Fund fee?

A1 The Patient-Centered Outcomes Research Trust Fund fee is a fee on issuers of specified health insurance policies and plan sponsors of applicable self-insured health plans that helps to fund the Patient-Centered Outcomes Research Institute (PCORI). The Institute will assist, through research, patients, clinicians, purchasers and policy makers in making informed health decisions by advancing the quality and relevance of evidence-based medicine. The Institute will compile and distribute comparative clinical effectiveness research findings.

Q2 When does the PCORI fee go into effect?

A2 The PCORI fee applies to specified health insurance policies with policy years ending after Sept. 30, 2012 and before Oct. 1, 2019 and applicable self-insured health plans with plan years ending after Sept. 30, 2012, and before Oct. 1, 2019.

Q3 How much is the PCORI fee?

A3 The amount of the PCORI fee is equal to the average number of lives covered during the policy year or plan year multiplied by the applicable dollar amount for the year. For policy and plan years ending after Sept. 30, 2012 and before Oct. 1, 2013, the applicable dollar amount is $1. For policy and plan years ending after Sept. 30, 2013 and before Oct. 1, 2014, the applicable dollar amount is $2. For policy and plan years beginning on or after Oct. 1, 2014 and before Oct. 1, 2019, the applicable dollar amount is further adjusted to reflect inflation in National Health Expenditures, as determined by the Secretary of Health and Human Services.

Q4 How does an issuer of a specified health insurance policy or plan sponsor of an applicable self-insured health plan determine the average number of lives covered under the policy or plan in order to calculate the PCORI fee for the year?

A4 The PCORI fee is imposed on an issuer of a specified health insurance policy and a plan sponsor of an applicable self-insured health plan based on the average number of lives covered under the policy for a policy year or the plan for the plan year.

The PCORI fee final regulations were published on Dec. 6, 2012. The final regulations require issuers of specified health insurance policies to use one of four alternative methods — the actual count method, the snapshot method, the member months method or the state form method — to determine the average number of lives covered under a specified health insurance policy for a policy year. The final regulations require plan sponsors of applicable self-insured health plans to use one of three alternative methods — the actual count method, the snapshot method or the Form 5500 method — to determine the average number of lives covered under the applicable self-insured health plan for a plan year.

The final regulations explain the available methods in detail.

CAL CAL

3) Oh, Desdemona, away, away, away!

Exit Desdemona

• Drags that stuffy woman down heart

• Blocks a surging Desdemona from giving her love to Cassio

4) Oh, Lord, with what but to heart-rending fit of love's distraction am I turned! Look with how earnest a look he pierces him! Devil, their mutual hands, their very lips almost touch but in antipathy! Nature, from this thy work, hell-pit-hatch confusion! Work on, work on, hellish villainy! Work on, that the innocent and the guilty may both allike appear!

(Shakespeare 61)

• Slow with Iago, as he, he sees on, they are not, with real happiness endless harmonious kisses and be killed for it

• Hes jealous & broken because Cassio has the headcandy and has exciting Desdemona that she takes a the room she loves.

5) Iago, Are all you see to headcandy and have the mind?

Is your displeasure [illegible] by any hand; and to see how the prize the foolish woman your wife gave thence, and he hath given it his whore

Oth I would have him nine years a-killing.

(Shakespeare 65)

• If you see the noble mind
O wife is mine!

• I' Yeah, Cassio was it and gave it to his whore

• I'm going to watch and discard.

• Feels I enjoy because Cassio is treating Desdemona like a whore like Othello is going because Desdemona is happy because

If you haven't removed your screens, its time. Tomorrow the work begins.

Thanks,

Gary

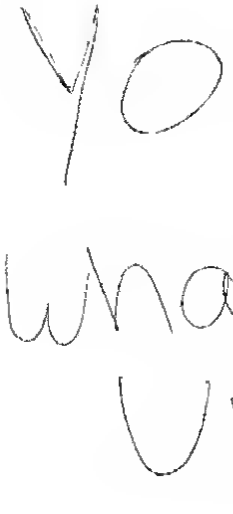
Test 4



Yo!!
what
up?

YAY!

It

works!

All the selected tuples appear in the result of the SELECT operation. The Boolean conditions AND, OR, and NOT have their normal interpretation, as follows.

- (cond1 AND cond2) is TRUE if both (cond1) and (cond2) are TRUE, otherwise, it is FALSE.
- (cond1 OR cond2) is TRUE if either (cond1) or (cond2) or both are TRUE, otherwise it is FALSE.
- (NOT cond) is TRUE if cond is FALSE, otherwise, it is FALSE.

The SELECT operator is unary; that is, it is applied to a single relation. Moreover, the selection operation is applied to *each tuple individually*; hence selection conditions cannot involve more than one tuple. The degree of the relation resulting from a SELECT operation—its number of attributes—is the same as the degree of R. The number of tuples in the resulting relation is *always less than or equal to* the number of tuples in R. That is, $|\sigma_C(R)| \leq |R|$ for any condition C. The fraction of tuples selected by a selection condition is referred to as the **selectivity** of the condition.

Notice that the SELECT operation is commutative; that is,

$$\sigma_{\langle cond1\rangle}(\sigma_{\langle cond2\rangle}(R)) = \sigma_{\langle cond2\rangle}(\sigma_{\langle cond1\rangle}(R))$$

Hence, a sequence of SELECTs can be applied in any order. In addition, we can always combine a cascade (or sequence) of SELECT operations into a single SELECT operation with a conjunctive (AND) condition; that is,

$$\sigma_{\langle cond1\rangle}(\sigma_{\langle cond2\rangle}(\ \ldots(\sigma_{\langle condn\rangle}(R))\ \ldots)) = \sigma_{\langle cond1\rangle\ \text{AND}\ \langle cond2\rangle\ \text{AND}\ \ldots\ \text{AND}\ \langle condn\rangle}(R)$$

In SQL, the SELECT condition is typically specified in the WHERE clause of a query. For example, the following operation:

$$\sigma_{\text{Dno=4 AND Salary>25000}}(\text{EMPLOYEE})$$

would correspond to the following SQL query:

```
SELECT *
FROM   EMPLOYEE
WHERE  Dno=4 AND Salary>25000;
```

6.1.2 The PROJECT Operation

If we think of a relation as a table, the SELECT operation chooses some of the *rows* from the table while discarding other rows. The PROJECT operation, on the other hand, selects certain *columns* from the table and discards the other columns. If we are interested in only certain attributes of a relation, we use the PROJECT operation to project the relation over these attributes only. Therefore, the result of the PROJECT operation can be visualized as a *vertical partition* of the relation into two relations: one has the needed columns (attributes) and contains the result of the operation, and the other contains the discarded columns. For example, to list each employee's first and last name and salary, we can use the PROJECT operation as follows:

$$\pi_{\text{Lname, Fname, Salary}}(\text{EMPLOYEE})$$

-Data Gathering Project

-The First Initial of Mrs. Lytle's Students (pg.2)

-The Birth Months of Mrs. Lytle's Students (pg.3)

-Data Gathering Project 2

-Records of High Temperature (pg.5)

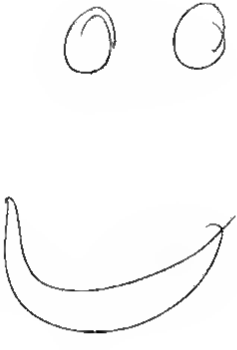
-Mrs. Lytle's Class Favorite Food (pg.6)

-Saturday Activities (pg.7)

-Line Graph

-Z Plot (pg.9)

22. Polygraph: a machine commonly used in attempts to detect lies, that measures several of the physiological responses accompanying emotion
23. facial feedback: the effect of facial expressions on experienced emotions, as when a facial expression of anger or happiness intensifies feelings of anger or happiness
24. Catharsis: emotional release. In psychology, the catharsis hypothesis maintains that "releasing" aggressive energy (through action or fantasy) relieves aggressive urges.
25. feel-good, do-good phenomenon: people's tendency to be helpful when already in a good mood
26. well-being: self-perceived happiness or satisfaction with life. Used along with measures of objective well-being (for example, physical and economic indicators) to evaluate people's quality of life.
27. adaptation-level phenomenon: our tendency to form judgments (of sounds, of lights, of income) relative to a neutral level defined by our prior experience
28. relative deprivation: the perception that one is worse off relative to those with whom one compares oneself
29. behavioral medicine: an interdisciplinary field that integrates behavioral and medical knowledge and applies that knowledge to health and disease
30. health psychology: a subfield of psychology that provides psychology's contribution to behavioral medicine
31. Stress: the process by which we perceive and respond to certain events, called stressors, that we appraise as threatening or challenging
32. general adaptation syndrome (GAS): Seyle's concept that the body responds to stress with alarm, resistance and exhaustion
33. coronary heart disease: the clogging of the vessels that nourish the heart muscle: the leading cause of death in many developed countries
34. Type A: Friedman and Rosenman's term for competitive, hard-driving, impatient, verbally aggressive, and anger prone people
35. Type B: Friedman and Rosenman's term for easygoing, relaxed people
36. psychophysiological illness: literally "mind-body" illness, any stress-related physical illness, such as hypertension and some headaches.
37. psychoneuroimmunology (PNI): The study of how psychological, neural, and endocrine processes together affect the immune system and resulting health
38. lymphocytes: the two types of white blood cells that are part of the body's immune system. B lymphocytes form in the bone marrow and release antibodies that fight bacterial infections. T lymphocytes form in the thymus and other lymphatic tissue and attack cancer cells, viruses, and foreign substances



Using Google Voice™ on the OBI

1 Set-up Your OBI Device with Your Home Network & Phone

Connect the OBI device to your network for

Connect a regular phone to the OBI (Phone 1 and

Power on OBI and wait for the white light to

2 Set-up Your Google Account for Access & Make the Call with Your OBI

After your Email has arrived & Password you will use with the OBI (usually

it is the same as the Google Voice email & password.

Then follow these steps (please print & read the instructions):

- Allow Google access with pop-up boxes and the first page:
  Select the Google Voice account you created and click "Allow Access."
  At the "Verify" box, enter the code that appears in the box and click "Verify."
  Choose the phone that you want to receive calls on and click "Call."
  A text will be sent to the phone you chose with a verification code.

3 Configure Google Voice for Use on the OBI Device

Log into the Google Voice account

You may be required to Add your OBI to your GMAIL account

After you Add your device you will see it appear in the Settings/Devices page

Set your OBI display name as you want it to appear in the Google Voice menus.

Save your changes before

From the voice page select the "Google Voice Set-Up" button

Enter your local area code

Enter your email and Password

Click "Submit." Congratulations! You're done.

For complete step-by-step instructions & video tutorials + troubleshooting go to www.obihai.com and click on "OBi Dev to Get-ing"

[illegible]
Burlington, NC 27216
[illegible]

December 27, 2014

Praying and wishing everyone a Blessed New Year! 2014 proved to be another record year for our state meetings and we are looking forward to some great meetings again this year. Please put forth your best effort for these meetings that they will minister to those attending from our churches.

DATE	EVENT	LOCATION
January 1-2	Spanish Conference	Durham, NC
February 6	Youth Rally	Belmont, NC
March 6	Youth Rally	Blacksburg, SC
March 30-31	Ladies Conference	Burlington, NC
April 9-10	Youth Convention	Durham, NC
May 8	Youth Rally	Nashville, NC
May 21-22	Spanish Conference	Durham, NC
June 24-26	Youth Camp	Hickory, NC
July 1-5	WPF PA UK Conference	Tulsa, OK
August 7	Mother Youth Rally	Thomasville, NC
September 9-12	WPF Summit	Ogden, Range, TN
September 18	10 Pastoral Anniversary-Rev. [illegible] Chronister	Morganton, NC
October 9	Youth Rally	Fayetteville, NC
October 28-30	East Coast Conference	Danville, NC
November 16-20	25 Pastoral Anniversary-Rev. [illegible]	Newport, NC
December	Ministers Christmas Banquet	Burlington, NC
December 5	Youth Christmas Banquet	Durham, NC
December 11-13	Men's Retreat	Hanging Rock, NC

The new youth website for the WPF Southeast Region is seyouthwpf.com. Very soon the schedule of events and other vital information will be posted and updated throughout the year.

Thanks to all of you for your support. Lets have a great and glorious year TOGETHER. God's blessings to you and yours!

Lasagna Grilled Cheese
makes 2 sandwiches

Print this Recipe!
4 slices of bread that you love

2 tablespoons unsalted butter with a dash of olive oil

1/2 cup part-skim ricotta cheese

2 tablespoons chopped fresh basil

salt and pepper to taste

one 14-ounce can cherry tomatoes (you'll have extra tomatoes left over)

1/2 cup shredded mozzarella cheese

extra salt and pepper for seasoning

Lay out bread slices

In a medium skillet or nonstick pan melt butter over medium-low heat.

In a small bowl stir together ricotta basil salt and pepper

Top each slice of bread with a bit of mozzarella cheese. Top two of the bread slices with a few smashed cherry tomatoes. Sprinkle with a bit of salt and pepper. On the remaining two slices of bread dollop and spread the ricotta cheese.

Combine the sandwich halves and place in the warmed skillet. Grill on each side until golden. Remove from the pan and allow to rest for 3 minutes before slicing in half and serving. Dang that's good!

Please complete our online survey at http://www.surveymonkey.com/s/TMAKC or send the Knowledge Center an e-mail at knowledge@texmed.org. By the way, we're here to help you with your practice needs. Please call us with your questions, requests or feedback. We look forward to hearing from you.

GRUB Installation Guide

by Erich Boleyn

Contents

- Install using "rawrite" or "dd" to floppy disk
- Automated Install using GRUB

Getting Started Quickly

If you just want to use GRUB or simply try it out quickly, try the "Install using "rawrite" or "dd" to floppy disk" section below, covering how to create a "raw" GRUB floppy.

Install using "rawrite" or "dd" to floppy disk

This installation method is generally only necessary if the Unix-like part of the system is the one with the filesystem which contains the GRUB configuration file, and there is no way for the simpler installation method to get at it.

NOTE: This will destroy any data currently on the floppy.

Execute your OS's equivalent of (this should work for recent FreeBSD versions and Linux just fine):

```
dd if=/boot/grub/stage1 of=/dev/fd0 bs=512 count=1
dd if=/boot/grub/stage2 of=/dev/fd0 bs=512 seek=1
```

Under **DOS/Windows/NT** (courtesy of Eric Hoechsmann (ehoech@microsoft.com)):

- Use the **copy /b** command to binary concatenate the stage1 and stage2 files together via:

  ```
  copy /b stage1 + stage2 grub.raw
  ```

- Use rawrite.exe (which is available in many places on the net and in some Linux distributions) to write grub.raw to a floppy.

Automated Install using GRUB

IMPORTANT NOTE: The stage1 must be installed on a specific partition. This can usually be a normal boot section (used by an OS), GRUB can load Linux, FreeBSD, NetBSD, Mach, and the GNU HURD directly so this may be optimal. Generally it is a good idea to back up the first sector of a partition before installing GRUB. A stage1 "raw" file (installed as described above) is OK, and the easy way to install this is with FDISK /MBR in DOS, or other methods in other OSes.

GRUB has a command-line interface which is described in the "Invoking the shell" Chapter. The purpose of this section is to give examples and describe how to use the command in different situations.

NOTE: Given that a similar command is used in a config file with very little change, this could very easily be used as part of a completely automated set of install scripts for an OS.

First you need a "raw" GRUB floppy created via "Install using "rawrite" or "dd" to floppy disk" above. Actually any boot image copy of GRUB of the right version number will work for this, this is simply a way to get the process started easily.

Troubleshooting Steps

The steps below will help you resolve common faxing problems

- Switch off fax machine and unplug power adapter from device and from wall outlet
- Let fax machine remain off for 60 seconds
- Try a different phone cord between the fax machine and the Vonage device
- Eliminate any splitters between the fax machine and the Vonage device

Hello
This is a test fax message
Please disregard!

Water or Coke?

WATER

1 78% of Americans are chronically dehydrated.

2 In 37% of Americans, the thirst mechanism is so weak that it is often mistaken for hunger.

3 Even MILD dehydration will slow down one's metabolism as much as 30%

4 One glass of water will shut down midnight hunger pangs for almost 100% of the dieters studied in a University of Washington study.

5 Lack of water is the #1 trigger of daytime fatigue.

6 Preliminary research indicates that 8-10 glasses of water a day could significantly ease back and joint pain for up to 80% of sufferers.

7 A mere 2% drop in body water can trigger fuzzy short-term memory, trouble with basic math and difficulty focusing on the computer screen or on a printed page.

8 Drinking 5 glasses of water daily decreases the risk of colon cancer by 45%, plus it can slash the risk of breast cancer by 79% and the risk of bladder cancer by 50%.

And now for the properties of COKE

1 In many states (in the USA) the highway patrol carries two gallons of Coke in the truck to remove blood from the highway after a car accident.

2. You can put a T-bone steak in a bowl of coke and it will be gone in two days.

3 To clean a toilet: Pour a can of Coca-Cola into the toilet bowl and let the "real thing" sit for one hour, then flush clean. The citric acid in Coke removes rust stains from the porcelain.

4 To remove rust spots from chrome car bumpers: Rub the bumpers with a crumpled piece of aluminium foil dipped in Coca-Cola.

5 To clean corrosion from car battery terminals: Pour a can of Coca-Cola over the terminals to bubble away the corrosion.

6 To loosen a rusted bolt: Applying a cloth soaked in Coca-Cola to the rusted bolt for several minutes.

7 To remove grease from clothes: Pour a can of coke into a load of greasy clothes, add detergent and run through a regular cycle. The Coca-Cola will help loosen even stubborn stains. It will also clean road tar from your windshield.

IMPORTANT INFO

1 The active ingredient in Coke is phosphoric acid. Its pH is 2.8. It will dissolve a nail in about 4 days. Phosphoric acid also leaches calcium from bones and is a major contributor to the rising increase in osteoporosis.

2. The only Coca-Cola syrup (the concentrate) the commercial truck must use the Hazardous material placard, rarely reserved for highly corrosive materials.

3 The distributors of coke have been using it to clean the engines of their trucks for about 20 years!

And a normal shelf-life is one year. Coke to remove calcium deposits from the water pipes of over 60 months.

Now the question is, would you like a glass of water or coke?

200-pound 8-year-old taken from family

Safety and Legal

Please read this booklet before attempting to operate the product, or before attempting any maintenance. Failure to follow these instructions may result in an increased risk of personal injury or damage to property, including through fire, electrical shock, recoil or suffocation.

Symbols and conventions used in the documentation

The following symbols and conventions are used throughout this documentation.

Bold	Bold typeface identifies specific keys on the product's control panel, on the computer screen.
Italic	Italicized typeface emphasizes an important point or refers you to a related topic.
Courier New	Text in Courier New font identifies messages on the LCD of the product.

⚠ WARNING

WARNING indicates a potentially hazardous situation which, if not avoided, could result in death or serious injuries.

⚠ CAUTION

CAUTION indicates a potentially hazardous situation which, if not avoided, may result in minor or moderate injuries.

IMPORTANT

IMPORTANT indicates a potentially hazardous situation which, if not avoided, may result in damage to property or loss of product functionality.

Notes tell you how you should respond in a situation that may arise or give tips about how the operation works with other features.

Electrical shock icons alert you to possible electrical shock.

Improper Setup icons alert you to devices and operations that are not compatible with the product.

Hot Surface icons warn you not to touch product parts that are hot.

Follow all warnings and instructions marked on the product.

Note

The illustrations in this guide show the HL-2240D and MFC 7860DW.

Night and day I seek Your face
Long for You in the secret place
All I want in this life
Is to truly know you more ..

As the waters cover the sea,
So Your love covers me
Guiding me on,
Roads unkown
I trust in You alone

CHORUS
My Saving Grace
My endless love
Deeper and deeper I'm falling in love with You
My one desire
My only truth
Deeper and deeper I'm falling in love with you

BRIDGE
And I will rise on wings of eagles
Soaring high above all my fears
I rest in Your open arms of love

Hello!

This is a sample test file which is being sent to you as per your request via the Interpage FreeFax(sm) Service!

This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s).

If you review the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO: field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this trial fax transmission result.

This file is a sample MS Word file;
many other file types (PDF, XLS, PS, RTF, etc) are supported.

Information regarding Interpage's fax services may be found at:

http://interpage.net/faxing Interpage Fax Services Overview
http://interpage.net/outfax Interpage OutFax send-fax service
http://interpage.net/secure Interpage OutFax Secure service
http://interpage.net/faxup Interpage FaxUp fax receive service

...or contact us with questions about Interpage's fax services at

Phone: +1 (650) 331 3900 9AM to 5:30 PM M-F Pacific Time
E-Mail: insi-support@interpage.net
Web: http://interpage.net

Thank you for your interest!

Notes 1. Due to the malicious use of the FreeFax service, Interpage will no longer transmit personalized text messages, only the above fixed sample message will be transmitted. You may establish a trial account for evaluative purposes by filling out the enclosed form on page 3, and clearly indicating a valid e-mail address and contact telephone number. Please call (510) 315-2750 for additional details.

2. This fax is not a solicitation nor is at an offer. It was sent by a visitor to Interpage's web site who entered your destination number as a recipient of this test fax. A single destination may not receive more than two tests in a given week, however. If you find that someone is sending you faxes in a continuous and abusive manner please call us at (510) 315-2750 and we will block your fax number from the FreeFax service.

Other Interpage Free service trials:

Does your voicemail call you?
Interpage VoiceMail will alert you before and after a caller leaves a message, send a WAV audio file of received messages to your phone or e-mail, and even call you and play the received message at one or more telephone numbers! For details, visit: interpage.net/voicemail

Multiply the value of your old pager!
Like having a pager but need to receive messages on your cellphone or email as well? Want to have the same functionality as a pager on your cellphone without having to give out your cellphone number? Would you like to schedule and filter received pages and emails to multiple cellphones, pagers, and email accounts? Try Interpage's DirectPage service! For details, visit: interpage.net/direct

Know for sure that urgent alerts are received!
OutVoice text to speech and WAV file telephone dialout/broadcast verbally notifies landlines and cellphones, and can prompt the recipient to confirm receipt so senders can be certain that alerts are received! For details, visit: interpage.net/outvoice

EAST COAST RISK MANAGEMENT

KEYSTONE INSURERS GROUP®

RING THE BELL

FOR NEW BUSINESS

State North Carolina

KIG Partner: Mountcastle Insurance

Business Type: Building & Trunk Accessory Manufacturer & Dealer

Size of Business: 350 Employees – 3 plants, 1 warehouse $4 distribution centers

How the Sale Was Closed.

Alex Whaling of Mountcastle Insurance brought ECRM into this account due to a rising number of Injuries leading to an Experience Mod elevating to over 1.0 Alex realized that the account was in need of help in all aspects of their business – safety human resources and claim management

The East Coast team went in to visit the account and performed a risk assessment we uncovered that because of the business they were in they were exposed to a number of Respiratory and Industrial Hygiene issues that ECRM will be providing expert help with

In a full service role East Coast Risk Management will

- Maintain OSHA Logs
- Implement & Manage Accident Prevention Programs
- Develop a customized safety manual
- Develop & facilitate a Safety Committee
- Facility Inspections & Audits
- Review Company handbook & Incorporate any required changes
- Provide ongoing HR Consulting Services
- Develop & Implement Post-Accident & Injury Management Programs
- Manage Workers' Comp Claims

For More Information:

For more information on this account or how your agency can benefit from our services, contact Mike Tukart at (724) 864-8745 or by email at mtukart@eastcoastrm.com.

Or text us your name and information to 301-452-[illegible].

Using the fax lists

To bring up the fax lists, go to the the 'File' menu and pick the 'List received faxes' or 'List sent faxes' menu item. Highlight the fax to printed or viewed by pressing the left mouse button. The programs to be used to print and view the fax are specified in the efax-gtkrc configuration file, or if none are specified, the program will print using 'lpr' (which will work for most Unix systems) and view with gv.

To print faxes, a PRINT_SHRINK parameter can be specified in efax-gtkrc to enable the fax page to fit within the printer margins. A parameter of 98 will work with most printers. This can be changed while the program is running by bringing up the 'Settings' dialog and entering it into the 'Print/Print Shrink' box.

A fax can be deleted from a fax list by pressing the delete (trashcan) button. This will place the deleted fax in the 'Trash' folder. If the delete (trashcan) button is pressed in relation to a fax in the 'Trash' folder, it will be deleted from the file system.

A description can be added to a received fax when appearing in a fax list (or subsequently amended) by pressing the relevant button - this will enable faxes to be more easily identified.

The received faxes list will show, at the far right of the tool bar, the number of faxes received since the program was last started. If efax-gtk is in receive standby mode, the 'tooltips' for the program's icon in the system tray will also indicate this number. The count can be reset to 0 without restarting the program by pressing the reset button in the received faxes list.

From version 3.0.4 onwards, the fax lists have a column displaying the time at which faxes are received or sent. However, in the case of faxes received with versions earlier than version 3.0.4 but displayed with version 3.0.4 or later, the displayed received fax time will be the time efax-gtk was put into receive mode (which could be considerably earlier than the time a fax was actually received if efax-gtk was in receive standby mode) rather than the time the fax was actually received. With faxes received with version 3.0.4 onwards, the displayed received fax time will be correctly shown as the time that efax-gtk completed reception of the fax. You can tell whether a received fax was received with version 3.0.4 or later, or an earlier one, by going to the faxin sub-directory and examining the fax ID (being the directory name within which individual faxes are stored). If the fax ID number is a 12 digit number, the fax was received with a version earlier than 3.0.4. If the fax ID number is a 14 digit number beginning with 2, then the fax was received with version 3.0.4 or later. This is because the fax ID is given as a number comprising year-month-day-hour-minutes-seconds, and with versions earlier than 3.0.4 the year is given by a two digit number (eg 05) and with version 3.0.4 or later it is given by its full four digit number (eg 2005).

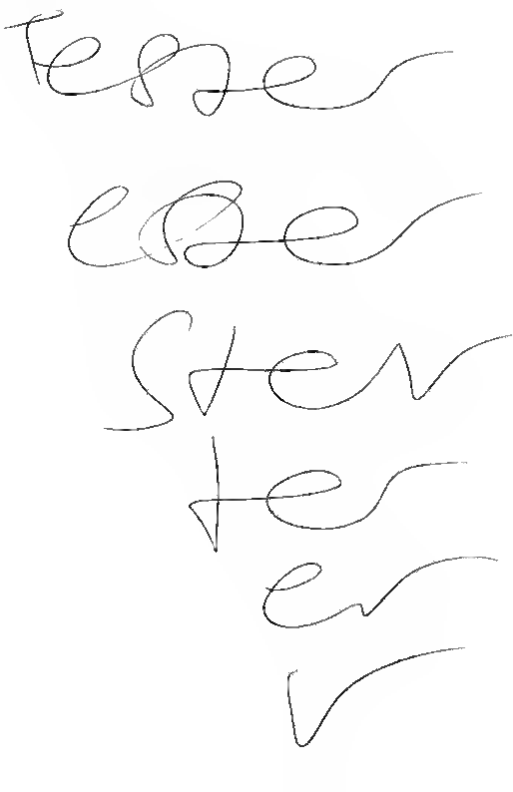
Primary Clients Under Supervision

When you have complete your assistant phase of apprentice you will be allowed to have the experience of serving as a "primary under supervision" You will be called and "advanced student midwife"

NARM also requires a certain number of these primary clients to be "continuity of care clients" meaning the student has acted as primary for more than just the birth The details are on the NARM website



Again, this is a *shielded* loop which means that the wiring is contained within the tubing itself. When the loop was made with a conduit bender, the two ends of the loop were brought close together, but *not* touching, and this gap is covered by the black, insulating joint at the top of the loop in the picture.

At the bottom of the loop was welded a small plate of metal or conduit coupling (see the left side in the *bottom* picture of **Figure 1**). This plate was welded in the middle of the loop, opposite the gap at the top and such that when the plate was bolted to the side of the utility box it held the loop upright.

Important note about welding conduit.

> **Electrical conduit typically has zinc plating and welding to it can release a hazardous substance! Appropriately precautions with regard to proper ventilation must be made!**

Once the plate was welded to the conduit, a small hole (about 3/8" or 10mm diameter) was drilled through the side of the plate and into one side of the metal loop to allow access for the wires inside the loop. Before it was welded, the connection was weathersealed so that this plate could be bolted to the side of the utility box and the wires in the loop passed through a matching hole drilled in the side of this same utility box. You can just see the wires coming through the hole on the bottom picture of **Figure 1**.

The utility box itself was obtained at a hardware store and it is one of those cast aluminum weatherproof boxes used for mounting outdoor outlets and a blank cover plate (with gasket) was used to cover the open side. These boxes typically come with knock-in plugs to seal the unused holes and these plugs were used along with RTV (silicon rubber) sealer to maintain a semi-tight seal. As can be seen from the picture, some clamps were attached to the side of the box to allow mounting to a mast, pipe and the holes penetrating the side of this box were also made watertight with RTV.

Note:

> "Silicone II" (tm) was used to waterproof these connections. This is the type of RTV silicone sealant that does not result in corrosion and that is why it doesn't have the potential of corroding external components. If you do use "standard" silicone – that is, the RTV that has the odor of vinegar – make certain that it cures for a few days and that the odor has worn off before sealing the box.

On the bottom hole was attached a compression-type cable connector of the sort used to make a weather-tight seal for UL-cable "SO" type power cable. These connectors have a rubber grommet, cable clamp and nut which squeezes on the cable to make a weather-tight seal. Two of these connectors were used with a small piece of wire used to secure the RG-6 type coaxial cable that emerged from the bottom of the box.

Before the plate to which the loop was attached was bolted to the box, two strands of #28 AWG copper wire were first cut to length, the entire loop with the ends brought out through the hole in the plate. Practically speaking, it cannot be said that the point of where the wires enter the hole is one point or each side of the loop and, then, through the cap at the top, cross connect them together by soldering and insulating the ends to form one two-turn loop inside the pipe. *Note: I happened to have #28 AWG on hand, but however*

Hail Mary:

Today begins the 90th Anniversary of the apparition of the Virgin of Fatima :

When you receive this email say a Hail Mary and ask for a special favor.

"Hail Mary, full of grace. The Lord is with thee. Blessed art thou among women and blessed is the fruit of thy womb, Jesus. Holy Mary, Mother of God, pray for us sinners, now and at the hour of our death, Amen.? (your request)

Please do not break the Novena , send it to 12 people you think deserve justice, peace, love, health, prosperity and truth. When you are down to nothing, God is up to something. This has been traveling since 5/13/07!

INTERPAGE OUTFAX TRIAL ACTIVATION FORM

Please PRINT the information below CLEARLY so that we can e-mail you your account information or contact you if needed.

This form provides information to activate a week long free trial for Interpage's Fax by E-Mail (OutFax) service. Customers who wish to activate non-OutFax accounts (such as InFax, FindUp, WebFaxMe, Faxtoo, or specialized OutFax or other fax services hosted on the Fax Servers or Fax Relay Pagers, OutVoice Paging, Voice or other non-faxing services), please review the Generic Signup page for details and activation.

To activate a free OutFax trial account, please print out the form below, fill out all the indicated fields (ideally writing your e-mail address), sign it and fax it back to +1 (650) 292-1600, or you may scan it and mail it to **scan-form@interpage.net**

Upon receipt, we will account a trial account, and send you written confirmation and usage instructions via e-mail.

Our Terms of Service may be reviewed on Interpage's Terms of Service and Policies page or via telnet access by logging in to interpage.net as a guest without using a password.

If you have any questions about signing up, or other questions about our services, please use our Support/Inquiry Submission Page, or call +1 (650) 331-3909.

Thank you for your interest in Interpage!

It's sad, but a one-state solution in Israel will never work

By Jake Wallis Simons World Last updated: April 29th, 2015

Comment on this Comment on this article

Will Israel ever be able to share a state with Palestinians?

Over the next few years, as the two-state solution has looked increasingly unachievable, the notion of a one-state solution has started to attract the attention of both the Left and the Right in Israel. The nature of their support, however, is very different. Most fundamentally, the Right tends to view it as the achievement of de facto Greater Israel under Jewish control; the Left, meanwhile, imagines a single state with a constitution and legislature that recognises the equal rights of both Jews and Arabs. In the latter column, Gideon Levy, a fiercely-liberal opinion writer for the Israeli newspaper Ha'aretz, presents an earnest argument from the point of view of the Left.

Imagining "one just state for two peoples", the writer "Such a state would have a legislature that would reflect the makeup of the country, and an elected government formed by a coalition of the communities and the two peoples' representatives. Yes, a Jewish prime minister with an Arab deputy, or vice versa."

The benefits, he suggests, would be no less than utopian. "Arab citizens and Palestinians, with equal rights, will lose their subversive drive against the state that alienated them and dispossessed them of their rights," he says. "It will become

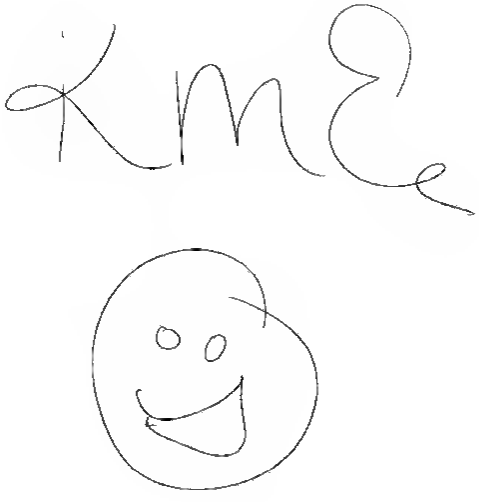

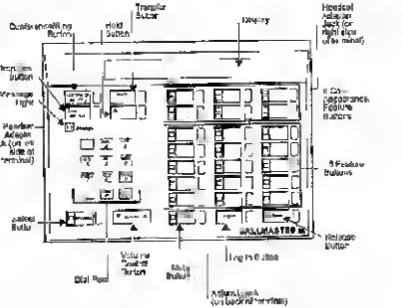

Figure 13-2 The CALLMASTER II and CALLMASTER III Voice Terminal

The CALLMASTER is a multi-purpose digital voice terminal used primarily as a Call Management or Automatic Call Distribution (ACD) position. This voice terminal is equipped with a 24 line by 40-character display that can be used to provide information on incoming and outgoing calls. The unit can be programmed to enter an After-Call Work State following each call for the completion of service paperwork and can be configured for any tone operation where calls follow one another in a rapid sequence.

There are several types of CALLMASTER voice terminals: the 602 CALLMASTER, the 602D CALLMASTER called the CALLMASTER II, and the 603L CALLMASTER called the CALLMASTER III. The 602 CALLMASTER comes in two models: the 602A and the 602D. Although both of these models are the same in appearance, the 602D CALLMASTER has a Recorder Interface which allows you to connect the voice terminal to a recording device so that you can record all voice interactions. The 602A does not have a recording interface.

The CALLMASTER II comes with Recorder Interface to record voice interactions. The CALLMASTER III comes with a Recorder Interface. However, both the CALLMASTER II and the CALLMASTER III are identical in appearance. For easy

Documents Stack

Welcome to Mac OS X Leopard

The Dock in Leopard has a sleek new look and a new feature called Stacks. With Stacks, you can quickly access frequently used files right from the Dock.

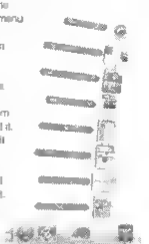
Stacks are simple to create. Just drag any folder to the right side of the Dock and it becomes a stack. Click a stack, and it springs from the Dock in either a fan or a grid. To open a file in a stack, click the file once.

Mac OS X Leopard includes two premade stacks called Documents and Downloads. You opened this file from the Documents stack. The Documents stack is a great place to keep things like presentations, spreadsheets, and word processing files. You can drag files to the stack or save them to the stack from an application.

Documents **Downloads**

Stacks automatically display their contents in a fan or a grid based on the number of items in the stack. You can also view the stack as a list. If you prefer one style over the other, you can set the stack to always open in that style.

Stacks intelligently show the most relevant items first or you can set the sort order so that the items you care about most always appear at the top of the stack. To customize a stack, position the pointer over the stack icon and hold down the mouse button until a menu appears. Choose the settings you want from the menu.



To remove a file from a stack, just open the stack and drag the item out to where you want it. To delete a file, move it to the Trash. In fact, when you're done reading this document, feel free to throw it out.

SHOCK In place of chlorine shocking agents to prevent pH total alkalinity and calcium hardness problems. O-ACE-sis NO-CHLOR SHOCK should not be used as a replacement for your daily chlorine residual and should only be used as a shocking agent to oxidize waste and not as a sanitizer NOTE. Test results and treatment recommendation should be disregarded I non-chlorine shock has been used within the last two days. Bring in a new sample for retesting

• Stabilizer level is low

Add => 5 10 14 0 oz O-ACE-sis Chlorine Stabilizer

O-ACE-sis CHLORINE STABILIZER should be added to the skimmer once the chlorine level is within the ideal range and after all other chemical adjustments and backwashing are completed 0 9 pounds of O-ACE-sis CHLORINE STABILIZER will raise cyanuric acid 10 ppm in 10,000 gallons

Fax Test B

Test Fax from Westley

Canon USA offers a range of customer support options:

- Interactive troubleshooting, e-mail technical support, the latest driver downloads and answers to frequently asked questions (www.cpn.canon.com/support)
- Toll-free web technical support Monday–Friday (excluding holidays) at 1-800-OK-CANON
- Telephone Device for the Deaf (TDD) 1-866-251-3758
- Repair or Exchange Service (see below)

In the event problem is decided for the Product during the limited warranty period, Canon USA offers two technical support options:

Authorized Service Facility Carry-in / Mail-in Service

Canon USA's Carry-in/Mail-in Service location repair or exchange, at Canon USA's option, through Canon USA's Authorized Service Facility (ASF) network. The name and telephone number of the ASF(s) near you may be obtained from Canon USA's Web site at www.cpn.canon.com/support or by calling the Canon USA Customer Care Center at 1-800-OK-CANON, or any time while speaking to a technical support counselor. A Product covered by this limited warranty will be repaired or exchanged at Authorized Service Facility (ASF) locations, without charge by the ASF.

Customer Exchange Service

A Canon technical Care Center or ASF technician will determine if diagnose the nature of the problem and, if possible, connect you over the telephone. If the problem cannot be resolved over the telephone, and you elect the customer exchange option, a telephone number will be issued to you. You will be asked for the Product serial number and other information pertaining to your Product and for a ship-to location for the replacement Product (must include street address).

The Canon USA repair facility will ship out the replacement Product prepaid by Canon USA. After receipt of the replacement Product (with instructions and a return mailer), return the customer information on how to ship your Product to the Canon USA repair facility. Your Product must be returned in the shipping cartons in which the replacement Product was shipped and include the telephone number. A COPY OF SOME SORT OF PROOF OF PURCHASE (BILL OF SALE), and a complete information of the problem. DO NOT INCLUDE ANY OTHER ITEMS WITH THE PRODUCT OR THE RETURN SHIPPING CARTON, AND BE SURE TO REMOVE YOUR PRINT HEADS, INK CARTRIDGES AND RIBBONS.

Customer Exchange Service exchanges your Product with a replacement Product, which will normally be shipped the SAME day if your request for this service is by 3 p.m. ET Monday prepaid Friday, except holidays. Canon USA does not guarantee same day shipment in the event of the occurrence of factors beyond its reasonable control. The replacement Product you receive may be a NEW or reconditioned unit, and will be covered for the duration of the period remaining on your original limited warranty. NOTE: BY USING THIS SERVICE YOU WILL KEEP THE REPLACEMENT PRODUCT THAT IS SENT TO YOU. CANON USA WILL BEGIN WARranty program service is available only during the express limited warranty period for your Product and only to the Authorized United States, Alaska and Hawaii during such period.

This limited warranty gives you specific legal rights, and you may also have other rights, which vary from state to state.

* Support programs specific to new software are termed Product Updates.

** Limited limited warranty service is subject to the availability of inventory of new replacement units.

SEARCHING FOR A GREAT ACTIVITY DURING MID-WINTER BREAK?

Encore! Theater in conjunction with The Academy of Performing Arts (Kathleen McGilliard, Artistic Director) is offering a Play Making Workshop for young actors aged 7-18 to fill the hours normally occupied by the school day Monday through Friday Feb 15th -Feb 19th from 9:00 AM - 4:00 PM

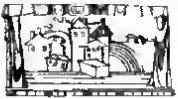
(Younger children: Ask about half day workshops)

Each day the performers will receive training in the areas of Acting, Movement, Voice and Technical Theater.

We will also be producing the play "The Emperor's New Clothes" with guaranteed speaking roles for the first 15 boys or girls to enroll.

For $195.00 the students will have a ball developing [illegible] while acting their hearts out. $15.00 Registration fee for new students.

This play will be performed for the public as an Encore! Youth Theater Production at 2:00 & 5:00 on [redacted]



[redacted] Register by January 29th

4:00 PM meeting Monday, Feb 1st to determine casting

[redacted]

The Pembroke School District does not sponsor or endorse the activity and or information in this flyer

Product Description

George Harrison was always known as the 'quiet Beatle' As part of the biggest band in pop history he took a back seat to Paul McCartney and John Lennon, but his talent shone through in the composition of classic songs such as 'Something' and 'Here Comes The Sun' In his solo career he occasionally threatened to eclipse both John and Paul on the world stage and he joined forces with Bob Dylan, Tom Petty, Roy Orbison and Jeff Lynne to create the massively successful supergroup the Traveling Wilburys. However, the success of his professional life was often met by turmoil in his private life, and the loss of first wife Patti to best friend Eric Clapton, the traumatic attempt on his life by a knife wielding intruder and his final struggle against cancer meant that George Harrison's life was nothing if not dramatic. Bestselling author Dave Shapiro has exclusively interviewed friends and former colleagues of the enigmatic guitar legend. This revealing biography reaffirms Harrison's importance as an innovative and hugely talented musician and shows that, as a member of the most important band ever, as well as in his multi-faceted career after the Beatles, George Harrison was no ordinary man

Part II Certification

To certify to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be required to sign by the withholding agent even if items 1, 4, or 5 report interest or dividends.

For a joint account, only the person whose TIN is shown in Part I should sign (where required). In the case it is designated entity, the person identified on line 1 must sign. Exempt payees, see *General Instructions* earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. **Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1984.** You must give your correct TIN, but you need not sign the certification.

2. **Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1984.** You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. **Real estate transactions.** You must sign the certification. You may cross out item 2 of the certification.

4. **Other payments.** You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have payments given on account TIN (other payments) subject to backup withholding in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fish or fish processors and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. **Mortgage interest paid by you, acquisition or abandonment of interest property, cancellation of debt, qualified student program payments settled section 529, IRA, Coverdell ESA, Archer MSA or HSA distributions or distributions, and pension distributions.** You must give your correct TIN, but you do not have to sign the certification.

What Name and Number To Give the Requester

For this type of account:	Give name and SSN of:
1. Individual	The individual
2. Two or more individuals (joint account)	The actual owner of the account or, if combined funds, the first individual on the account[1]
3. Custodian account of a minor (Uniform Gift to Minors Act)	The minor[2]
4. a. The usual revocable savings trust (grantor is also trustee)	The grantor-trustee
b. So-called trust account that is not a legal or valid trust under state law	The actual owner[1]
5. Sole proprietorship or disregarded entity owned by an individual	The owner[3]
6. Grantor trust filing under Optional Form 1099 Filing Method 1 (see Regulations section 1.671-4(b)(2)(i)(A))	The grantor[1]

For this type of account:	Give name and EIN of:
7. Disregarded entity not owned by an individual	The owner
8. A valid trust, estate, or pension trust	Legal entity[4]
9. Corporation or LLC electing corporate status on Form 8832 or Form 2553	The corporation
10. Association, club, religious, charitable, educational, or other tax-exempt organization	The organization
11. Partnership or multi-member LLC	The partnership
12. A broker or registered nominee	The broker or nominee
13. Account with the Department of Agriculture in the name of a public entity (such as a state or local government, school district, or prison) that receives agricultural program payments	The public entity
14. Grantor trust filing under the Form 1041 Filing Method or the Optional Form 1099 Filing Method 2 (see Regulations section 1.671-4(b)(2)(i)(B))	The trust

List first and circle the name of the person whose number you furnish. If only one person on a joint account has an SSN, that person's number must be furnished.

Circle the minor's name and furnish his or her SSN.

You must show your individual name and you may enter your business or DBA name on the "Business name/disregarded entity" name line. You may also either use your SSN or EIN (if you have one), but the IRS encourages you to use your SSN.

List first and circle the name of the trust, estate, or pension trust. (Do not furnish the TIN of the personal representative or trustee unless the legal entity itself is not designated in the account title.) Also see *Special rules for partnerships* on page 2.

Note. Grantor also must provide a Form W-9 to trustee of trust.

Note. If no name is circled when more than one name is listed, the number will be considered to be that of the first name listed.

Secure Your Tax Records from Identity Theft

Identity theft occurs when someone uses your name and personal information, such as your name, SSN, or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when responding to requests for your SSN.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Publication 4535, Identity Theft Prevention and Victim Assistance.

Victims of identity theft who are experiencing economic harm or a system problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case hotline at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email purporting to be from the IRS, forward this message to phishing@irs.gov. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at spam@uce.gov or report them at www.ftc.gov/complaint or 1-877-IDTHEFT (1-877-438-4338).

Visit IRS.gov to learn more about identity theft and how to report your risk.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons (including federal agencies) who are required to file information returns with the IRS or report interest, dividends, or certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; the cancellation of debt; or contributions you made to an IRA, archer MSA, or HSA. The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and possessions for use in administering their laws. The information also may be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. You must provide your TIN whether or not you are required to file a tax return. Under section 3406, payers must generally withhold a percentage of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to the payer. Certain penalties may also apply for providing false or fraudulent information.

Testing Your HP Fax Machine with the HP Fax Test Servic

Support details

Introduction

This document will assist you in testing your HP Fax machine using the **HP Fax Test Service**.

Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page.

Test your fax machine

To test the capability of your fax machine, follow the directions below.

NOTE Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call privacy features.

NOTE Whenever troubleshooting a fax issue, it is good practice to set the *Automatic Reports* option to **Every Error** before attempting a test fax. This way, even if the send fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available in different places on different products, consult the product *User's Guide* for specific steps.

1. Send a one page black and white test fax to **1-888-hpfaxme** (1-888-473-2963).
2. When your fax is received by the HP Test **Fax Service**, we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also, ensure that the fax header contains the full 10-digit telephone number of the fax machine, including the area code.

For more information or assistance, click **Contact HP** at the top of this page.

Level 15 Belt Test (Yellow Belt Black Stripe)

PROMOTION TEST APPLICATION

THEORY

Child Question: Jumbi means "Ready". How do you prepare for school the night before and in the morning? How do you prepare yourself to do your best in Sun Hang Do?

Adult Question: Please write a short essay on what "Ready" means and how you can use proper ready motion in your daily life.

WRITE or TYPE YOUR ESSAY ON THE BACK OF THIS FORM IN A CLEAN PRESENTATION.

PARENTS

Your child will be testing for their next belt level in Sun Hang Do. Our goal is for students to develop in a positive way both mentally and physically inside and outside of the Dojang. As they progress in their belt levels they must improve the mental aspects as well as their required physical techniques. With this understanding students should display proper attitude and behavior at home, school and in society. If there are any concerns you may have and would like us to address with your child, please take the time to complete this portion of the test form. Your feedback will greatly help us in the training of your child and allow them to better follow the principles of Sun Hang Do.

Please rate your child in the following areas

1. Respect	Poor	Fair	Good	Very Good	Excellent
2. Confidence	Poor	Fair	Good	Very Good	Excellent
3. Concentration	Poor	Fair	Good	Very Good	Excellent
4. Homework	Poor	Fair	Good	Very Good	Excellent
5. School	Poor	Fair	Good	Very Good	Excellent

This is a test page, do not respond please

2) **You have a right to a Person-Centered Plan of Services**

Usually this will be your SEMP and it will include

- Your goals and desired outcomes
- Your strengths and preferences
- Your needs based on assessments
- The services and supports you need and who you have chosen to provide them
- The services that you choose to self-direct
- Where you work and that you chose to work there or that you choose to move
- The things that might cause a risk or harm you and what will be done to make the risk smaller including having a plan about what to do if something goes wrong, and
- The name of the person or agency you have chosen to watch over your plan to make sure that everything in the plan happens as it should

Your Person-Centered Plan/SEMP must be clear to you and your circle of support It must be written so that you understand it

You must sign your Person-Centered Plan/SEMP to show that you agree with what the plan says. The person or agency you have chosen to watch over your plan to make sure that everything in the plan happens will also sign the plan

You will review the plan with your transition coordinator and job coach at least twice a year when something changes or when you want to change something in your plan

3) **You have a right to object to your Plan of Services**

If you are 18 years old or older **you may object to your plan of services** including your Person-Centered Service Plan/SEMP In addition the following people may object on your behalf someone you choose, your legal guardian someone you have given a power-of attorney to make decisions for you or the Consumer Advisory Board if they represent you

If you are capable of making your own decisions and you do not have a legal guardian you may refuse to let someone else object on your behalf

If you are under 18 years old your parent(s) may also object to any plan of services for you If you don t agree with them you may choose someone to represent you including legal counsel to help you resolve the objection

You must tell your transit on coordinator or your service provider that you object to something about the plan Providers must have policies and procedures to resolve your objection and must tell you what they are and let you follow those policies and procedures If you are unable to resolve your objection with the provider you can request a hearing with OPWDD

Hello!

South Lyon

DOWNTOWN DEVELOPMENT AUTHORITY

January 10, 2013

Dear Business Owner

It's that time of year again and we are very excited to announce that the Farmers and Artisans Market will be on Saturdays beginning **May 4, 2013** to **October 26, 2013** The hours of operation will be 9am to 2pm However we will need to use the parking lots adjacent to your building- The lot closure approval is necessary so that the market can maintain its current location and expand into the additional parking lot South of West Liberty Street

Please sign below approving the Farmers Market the use of parking lots North and South of West Liberty Street

Thank you very much for supporting this community event

How to Read Your Account Statement

Your account statement has been redesigned and now has a fresh look that is easier to read. Please take a few minutes to familiarize yourself with your new account statement.

Please note that, effective November 2014, the date your monthly account statement is issued will change. The new issue date will vary by three to five days from your previous account statement issue date, which may affect your payment dates, payment amounts and pre-authorized payments. Check your October 2014 account statement for the payment details you will see starting with your November 2014 account statement.

A Payment Information – Check here for the minimum Payment and Due Date for the next Account Due Date.

B Estimated Time to Pay – this section shows you how it will take to pay off your balance when making the minimum payment.

C Summary of Your Account – The details of transactions displayed are different from those that may appear on your Account Agreement or bill. The new transaction types are:
- New Purchases
- Balance Transfers and Access Cheques
- Cash Advances

D Account Number – Quoted your account information. Only the last four digits of your account number is shown.

E Ways to Pay – Check this box if you would like to make a payment by phone.

F For Your Information – Refer to this section about website, address, or telephone numbers to service your account, payments for credit card purchases, and more. You can review for general information and access Online Banking.

G Rewards Information – If you earn rewards dollars, here is a quick reference for your rewards earned, redeemed and total balance. Rewards dollars will be summarized on the account statement processing date.

H Payment Slip – Detach your payment slip when you return your payment and write the amount

Note

Remark

27.6 Remove the bolt (arrowed) securing the steering column to the steering shaft

27.7a Remove the bolts (one is covered) securing the instrument panel to the A pillar/side door pillar

27.7b Pull the centre panel 4 securing the instrument panel-to-floor bolts

27.7c Remove two bolts (x) securing the instrument panel to the passenger side door pillar

27.8 Pry out the retainer grille and remove the bolts securing the upper half of the instrument panel

28.3 Detach the screening strip securing the top cowl cover

4 Remove the dashboard (DIY assistance will be required) and the centre floor console (see Section 29).

5 Remove the air conditioning and heater control panel (see Chapter 3).

28.6 — Start remove the screws (arrows) from the lower cowl cover

28.8 Detach the trim covers to remove the front door latch right side

6 Detach the lock cylinder rod from the door handle (see illustration).

7 Remove the nuts and bolts securing the lower half of the instrument panel (see illustration).

8 Pry out the defroster grilles and remove the screws securing the upper edge of the instrument panel (see illustration).

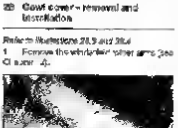
9 Detach any electrical connectors, interior light removal then pull the instrument panel towards the rear of the vehicle to release.

10 Installation is the reverse of removal.

28 Cowl cover – removal and installation

Refer to illustrations 28.3 and 28.4

1 Remove the windscreen wiper arms (see Chapter 12).



28.5 Press down on the release button to remove the rear seat handle

2 Detach the hood seal from the cowl cover.

3 Pry off the cowl top cover (see illustration).

4 Unscrew the retaining screws around the lower cowl cover (see illustration).

5 Installation is the reverse of removal.

29 Seats – removal and installation

Front seat

Refer to illustration 29.2

1 Position the seat as far as way forward as possible and mark the outline of the seat runner rails using chalk.

2 Detach the rear bolt of the runners and remove the retaining bolts (see illustration).

3 Tilt the seat backward to access the underneath then disconnect any electrical connectors and lift the seat from the vehicle.

4 Installation is the reverse of removal.

Rear seat

Refer to illustration 29.5

5 Tilt the cushion up at the front edge and release the clips on the underside of the seat cushion (see illustration). Remove the cushion from the vehicle.

6 Detach the retaining bolts at the lower edge of the seat back.

7 Lift up the lower edge of the seat back and remove it from the vehicle.

8 Installation is the reverse of removal.

TEST FAX FROM # 3C

The Culture of Japan
Have you ever heard of Tanka?

Tanka is a traditional style of Japanese poetry, which is made up of 31 syllables (5-7-5-7-7) To use this style, poets must condense their feelings of love, yearning, admiration and longing for nature and life into subtle nuances and picturesque words Because they must condense such strong feelings into such short simple forms, the selection of the appropriate Kanji or Hiragana (syllabify alphabet) has become an art from in itself The more subtle or elegant the words, the stronger and more vivid the readers' imagination.

Because of the nature of this style of poetry, and the close ties to the language and culture , Tanka has developed a simple , elegant, classical style all its own.

People who read Tanka are free to let their imagination soar. The same Tanka may evoke different

Thank you for choosing a Brother product.

Register On-Line. (USA Customers Only) This is the fastest, most efficient way to register your new product

While there, click on our contact logo for a chance to win $1,000! See web site for details. U.S.A. customers only.

www.registermybrother.com

Register by Fax Please take time to read your Owner's Manual for proper installation, setup and operating procedures. Be sure to setup your "Station ID", fill out the Test Sheet on the reverse side of this page and fax it to us at 1-877-268-9575 as your first transmission. This will register your product and verify that your new Brother product is properly installed. When we receive this document we will send back a confirmation page to your machine. If you do not receive a response within **24 hours please** confirm that your Station ID is properly set up (including your area code) and try faxing again. If you still do not receive a response, contact Fax/MFC customer service at 1-877-BROTHER (1-877-276-8437).

Register by Mail. You may also register by mail by completing the back of this form and mailing it to

Brother International Corporation
Warranty Claims Department
PO BOX 341332
Bartlett TN 38184-5884

Why Register?

Purchase Confirmation Your product will be officially registered with Brother International Corporation.

Proof of Ownership In case of an insurance loss due to such causes as fire, flood, theft, etc.

Information Response: If you choose, Brother will send you notifications of updates, enhancements and special offers.

For More Information Should you need additional information regarding your Brother product or if you need to locate your nearest Brother Authorized Service Center, visit our website at: www.brother-usa.com

For a complete list of supplies and accessories available for your product, visit us online at www.brothermall.com or call us toll-free at 1-877-552-6255.

About Your Warranty The warranty of your Brother product is a Limited Warranty. Please review your warranty statement for **complete details**.

Extended Manufacturer's warranty Agreement To further protect your Brother product after the initial warranty period expires, Brother International Corporation offers a Extended Manufacturer's warranty Agreement. Please visit our website at www.brother-usa.com/ema for **extended warranty purchasing information**.

Why join SOAR as a business member?

Business members are integral members of the SOAR community. Individual residents support our community by not only providing financial support but by supplementing our efforts with in-kind donations. We offer two membership levels so that individuals promote in addition to partnership and sponsorship opportunities. If you are interested in developing a creative opportunity, please introduce by email or by phone at 312-280-3595.

Membership levels and benefits are described below. Thank you for your interest in joining SOAR!

Business $25/

- Link from SOAR website to business website
- Recognition in annual report
- SOAR business member recognition certificate and website tag
- Admission (at-cost) to SOAR programs and events including:
  - Millennium Streeterville Town Hall
  - Annual meeting
  - holiday party
  - Other social events and educational programs

A subscription to SOAR's eNewsletter, for information quarterly report highlighting recent activities within SOAR, as well as timely information that affect community residents, buildings, businesses and institutions

A subscription to SOAR's online Hyper Email, a bi-monthly, timely update of important and necessary facts and activities related to Streeterville

Volunteer opportunities for hands-on involvement

Access to other available SOAR member benefits

Sponsor $250 + sponsorship

Business website plus:

- Quarterly access to SOAR members-only SOAR controlled mailbox provide recurring or ad-hoc events
- Additional link from SOAR business sponsor website page to business website with a description of sponsorship contribution
- Two tickets to SOAR Streeterville Major Street Reception (business manager and one guest)

**Benefits are subject to change.

For information on joining SOAR as a non-profit provide Board contact us by email or by phone at 312-280-3595.

©2015 "It's a Rave!" Productions Ltd.

Mayor Rob Ford received formal notice Wednesday that the majority of his council colleagues want him to take a leave of absence in light of his admissions of crack cocaine use, though the defiant chief magistrate has given no sign at all that he intends to comply.

Following a lengthy debate at City Hall on Wednesday, councillors voted in favour of a strong, yet ultimately symbolic motion that Coun. Denzil Minnan-Wong had put forward and which Ford made his key item.

Immediately before councillors voted on the various components of the motion, Ford told his colleagues he had said all that he could in his defence.

OUR APPROACH

We leverage a mobile product lifecycle framework segmented into three areas: Discovery, Product, and Performance. This approach produces a scalable and cost-effective process that decreases time-to-market and development complexity while enhancing the end-user experience across multiple devices. Your mobile solution could include any combination of services from the three segments.

DISCOVERY

This collaborative process addresses all pre-development considerations including product strategy, device targeting, and back-end requirements.

Services available:

- Market Intelligence
- Technology Strategy and Planning
- Product Definition
- Design Prototyping
- Visual Design Concepts
- Infrastructure Assessment and Mobile Readiness
- Architecture and Technical Design
- Information Security and Enterprise Readiness
- Engineering Proof of Concept

PRODUCT

Our modularized development process results in a scalable product to which you can add features with ease as you receive real-time feedback.

Services available:

- Agile Process
- Quality Assurance
- Third-Party Integration
- Beta Launch
- Deployment and App Store Submission
- Maintenance and Support

PERFORMANCE

Xtreme Labs can help you make the most of your investment through recommendations that focus on acquisition, retention, and monetization.

Services available:

- Application Analytics Insights
- Social Response Analysis
- Monetization Review and Analysis
- Growth Marketing Strategy
- App Store Analytics
- Engineering Design and Implementation Audit

ACCIDENTAL INJURY CLAIM FORM

Failure to complete this form in its entirety may result in a delay in processing this claim

- ☐ Complete Policyholder/Patient Information and sign your claim form
- ☐ Have the treating physician complete Section II: Physician's Statement and sign the claim form
- ☐ If hospitalized and/or confined to an intensive care unit/step-down unit, please send a copy of your hospital bill showing charges and the number of days you were confined. These items can be obtained directly from your health care provider(s) by requesting a UB04 (hospital bill) or HCFA 1500 (master bill).
- ☐ If you are filing for disability please complete the Initial Disability Claim Form (306624). Forms are available on our web site at aflac.com
- ☐ All bills should include the diagnosis, services rendered, and actual charges for the service.

Policyholder Information (Please print.)

Policy Number

First Name | Initial | Last Name

Mailing Address

City | State | ZIP

Check box if this is a new permanent address ☐

Social Security Number | Phone Number

Patient Information (Please print.)

First Name | Initial | Last Name

Relationship: ☐ Primary Policyholder ☐ Spouse ☐ Dependent Child ☐ Check here if dependent child is a full-time student (if over the age 19, please provide school name and school information).

Sex: ☐ Male ☐ Female Patient Birth Date:

Please answer the following questions. The claim cannot be processed until all necessary information is provided

Date of accident: _____ Describe how the accident happened

Location of the accident? ☐ On the job ☐ Off the job ☐ Other (please describe):

Was the patient the driver in a motor vehicle accident? ☐ Yes (Attach the police report) ☐ No

☐ If the patient sought treatment (☐ 50 / ☐ 100) or more miles from his/her residence and required lodging for patient's relative while the patient was confined in hospital then submit the hotel receipt(s). Please check your policy to verify the mileage your policy covers.

Any person who knowingly and with intent to injure, defraud or deceive any insurer files a statement of claim or an application containing any false, incomplete or misleading information is guilty of a felony of the third degree

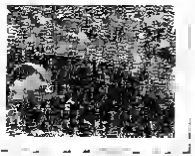
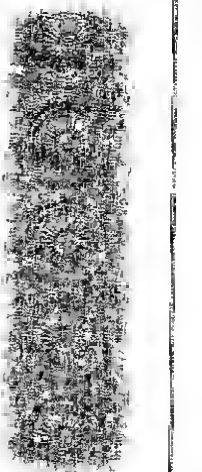
Annie DeCesare, Photographer



Memories Old and New is pleased to announce the premier exhibition of a new series from American photographer Annie DeCesare. Ms DeCesare's photographs in this series were inspired by her own family's experience with the decline of heavy industry in her hometown.

Her family had worked the local mines and chemical plants for three generations before automation and changes in American life forced the industry elsewhere. While the local industry were the source of income for thousands of families, Ms DeCesare found beauty and an emotional story in the equipment left behind.



"Annie DeCesare finds beauty where no one else thinks to look!"

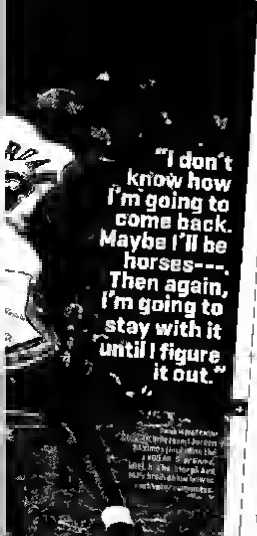
TEST!



...since he was 13 years old to Indy and a shift from Pittsburgh
...lived in for that ball... The spirit was one place I never felt at
...chance... he would like town, until now that the final straw was when
...whether her mandatory six family closings, as well as how he will
...cope and not. It's reconnected with many around him, the most.
...The pressure, the fights, as a result he...ly ready each. He would
...have... three days on and five off, with the same rules and limits as
...everybody else plus the rule of no overtime there.

"I know each Andre," Bryant says. "I have...me maybe. I have
...four of them. I have nights when I also sing at the same time.
...The kids, my family, my best friend, my fiancée. I don't
...have it. I just want to chill. We all have bills/habits. You don't
...do it or how you don't cope or deal with it, but you minimize it. You
...rise above it. ... I don't stress. Sure I'm going to cause hate
...from this injury. I do... I know. Maybe I'll be for more..." Just
...pause, as if mentioning basketball to me might make... There
...will be getting to figure it out. Maybe not this year or next
...year, but I'm going to stay with it until I figure it out."

He was his family, he means. He turned the crowd on and in
...your heart. A guide booklet will count from Come Mass High
...deliver, a new ending from to appear to her home, which she
...says needs inspiration. He means therapy or marriage she
...has to cancel. Bryant says she now has his blessing. She does.

He supported Pele for the new album of her music, which will
...begin when rehab ends and he's ready, that will. Lakers forward
...Isaiah Rush, who lost on meeting right at Cheerwood Day
...or vacation to the worst. "It's *The Last Chapter*," Bryant says.
..."The book is going to close. I can be...with everything I have
...many pages are left. He has no illusions in a court with whom
...about legacy. What really fuels is evolution a classical thwarted
...speech—not to honor or manage a person for the next. "I'm telling
...you now in the sense that I really, in movie forward. Bryant
...says "I reflect with a promise. Gasoline, all his overdominate
...look, at three months, and there can stand all the greatest player
...to but time for the biggest obstacle yet.

Winter of 1983...

...agreed to for known clauses as a deja by Mountain. The Indiana
...Joe Quickpass, the...ss, a penalty for Real NBA season, for
...the Rockets. Kobe is on the last route to a yellow ball. "One
...day the most of the object was to me and and he wanted
...to get me up against a brown bag," Bryant says. "I started
...using. I took the measure. That was a concern bigger than
...me. It...s so much to me since I was. The manner and, "that
...fight deal. So I stopped and I...ed. I'm not...ed. I'm
...so sorry and grieved. Kobe was starting off around the outer
...core. I was on break like I was, took a look, for a...ball game
...on side of good Lakers' assault, and I remember an egg throw
...at I turned and knew. I wasn't and so I guessed I would be it
...wasn't a...ball or I wasn't good. I think I may be a little that your
...mind can wander and I...ve with the whole. If you're in."

Summer of 1983 and it's not enough...to me Jersey Hill.
Cincinnati...ly troublesome League in trade league a. He has
...age as he just as soon as you Lakers who left Detroit was a pro-

Hello World!

test

The Plot (Cont.)

Artie followed Bill's wife to the local grocery, surprised her in the produce department and strangled her. As she slumped to the floor, the produce manager happened upon the scene.

Not wanting to leave a witness, Artie had no choice but to strangle him, too.

However, the entire proceeding was captured on video by the store's security system, the police were summoned, and Artie was arrested leaving the building.

Questioned by the police, Artie revealed the sordid plan, including his financial arrangements with the hapless Bill.

Which is why the next day's newspaper headline declared: ***"Artie Chokes Two for a Dollar at Safeway!"***

Welcome to

Windows® Fax and Scan

Your place to scan and fax your documents

FAX You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax**.

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

SCAN After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan**.

3. On the toolbar, click **New Scan.**

4. Choose the scan settings you want to use, and then, when you're ready to scan,

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar.

Dear RICHARD

The Motor Vehicle Commission (MVC) is in receipt of your Commercial Driver License (CDL) information. The information submitted is not acceptable and cannot be processed due to the following reason(s)

___ A CDL Holder Self Certification form was not submitted or was submitted and is incomplete. This form is included on the back of this notice. Select one commerce category that applies to you, sign and date.
The Medical Examiner's Certificate is missing your signature.
The Medical Examiner's Certificate submitted is not current.
___ The Medical Examiner's Certificate is not legible.
_X_ The Medical Examiner's Certificate is missing the physician's signature and/or National Registry number
The Medical Examiner's Certificate is missing the physician's phone number
The Medical Examiner's Certificate is missing your current & license number
The Medical Examiner's Certificate was not submitted
The Variance or Skills Performance Evaluation Certificate (SPEC) was not submitted.

Please submit fully completed, legible documentation within 30 days of the date of this notice to maintain compliance with the federal regulations, 49 C.F.R. §383.73(a) and state regulations, N.J.A.C. 13:21-7.28. Failure to submit the required documentation will result in the de-certification and downgrade of your CDL license to a basic auto (Class D) driver license. Please submit the documents above by mail to:

New Jersey Motor Vehicle Commission
CDL Unit
P O Box 681
225 East State Street
Trenton, NJ 08666

For additional information regarding MVC locations or other general MVC questions, please visit the MVC web site at www.njmvc.gov.

Sincerely,

Raymond J. Martinez
Chairman and Chief Administrator

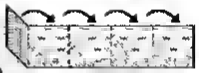
Zapato Productions Intradimensional presents...

Aluminum Foil Deflector Beanie

The Practical Alternative To Mind Control

ZPI QwickGuide™ 7 STEPS TO MENTAL FREEDOM

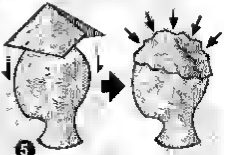
1. Get a 1x5 foot sheet of aluminum foil



2. Fold the sheet over the dull side four equal times to produce a 1x1 foot square, shiny on each side

3. Use scissors to cut from one corner of the square to the center along a straight line

4. Bend the foil from one side of the cut under the other, making a slight cone



5. Place the cone on your head and squash the top and sides up it fits snugly.

6. Apply household tape liberally, making sure to secure the cut and any formfitting creases made in step 5

7. Use more tape to secure the AFDB to your cranium

ZPI AFDB-MK2.25

To learn more about AFDB technology, please visit: http://zapato.pi.net/afdb

Your Right to Request a Restriction on Communications

You may request that we restrict our disclosure of your PII (including health information) to or from certain persons. We are not required to comply with your request. If we cannot comply with your request, we will explain that in writing to you. Provide us with a written request signed by you or your Legal Representative. We reserve the right to terminate your request if we believe it is appropriate. If this happens, we will notify you in writing. You can terminate a restriction request by letting us know in writing or by phone.

Additional Privacy Standards for Health Insurance

We are subject to additional privacy standards for health insurance. Except as listed below, we will not disclose your PII without a valid written authorization, which you may revoke at any time. Remember, PII includes specific health information about you, including information regarding payment for health care.

- **Payment and Health Care Operations** - The law permits us to disclose your PII to an organization subject to federal health privacy laws when conducting payment activities or health care operations. For instance, we may share medical information with your health care providers in connection with settling your claims. Also, we may use your medical information as required to conduct internal quality audits or in connection with reinsurance mergers or acquisitions.
- **Caregivers or Emergencies** - The law permits us to disclose a minimum amount of your PII to persons involved in your care, or in an emergency.
- **Public Interest** - The law permits us to disclose your PII if it is required by law for fraud prevention or law enforcement. We may disclose your PII to a state or federal agency including the US Department of Health and Human Services for compliance purposes. We may disclose your PII to comply with a court order or if we believe you are a victim of abuse, neglect or domestic violence.

Fair Credit Reporting Act Notice

As part of our underwriting procedures we may get a consumer report. The report will contain information about your character, general reputation, personal characteristics and mode of living. The information is obtained through interviews with your friends, neighbors and associates. You have a right to ask for details on the nature and scope of this report. You have the right to contact the consumer reporting agency to review a copy of the report. If you write to us we will let you know if we have in fact obtained a report, and if so, the name and the address of the agency making the report.

MIB Notice

Information regarding your insurability is confidential. We (or our reinsurers) may make a brief report to MIB, Inc. MIB is a non-profit membership organization of life insurance companies, which operates an information exchange on behalf of its members. If you apply to another MIB member company for life or health insurance, or submit a claim for benefits, MIB, upon request, will supply that company with information it may have in its file. We (or our reinsurers) may release information in our files to other life insurance companies to whom you might apply for life or health insurance, or submit a claim for benefits.

If you request it, MIB will arrange disclosure of any information it may have in your file. If you question the accuracy of any information in the Bureau's files, you may contact MIB and seek correction in accordance with the procedures of the Fair Credit Reporting Act. The address of MIB's information office is 50 Braintree Hill Park Suite 400, Braintree, Massachusetts 02184-8734. MIB's telephone number is 866-692-6901. Information for consumers about MIB is available on its website at www.mib.com.

Contact Us

THE CHARACTER BODY BIOGRAPHY

2 of 3

Due: Monday, February 25, 2013

Select a character from *The Tragedy of Julius Caesar* and create a **body biography**—a visual and written portrait illustrating several aspects of the character's life within the play.

You have many possibilities for filling up your sheet of paper. I have listed several, but please feel free to come up with your own creations. As always, the choices you make should be based on the text, for you will be verbally explaining (and thus, in a sense, defending) them at a showing of your work. Above all, your choices should be creative, analytical, and accurate.

After completing the portrait, you will present your masterpiece to the class. It should meet the following requirements:

Body Biography Requirements:

1. Head- What does the character think about?
2. Eyes- What does the character see?
3. Ears- What does he notice and remember others saying to him? How is he affected?
4. Mouth-What is a famous/important quote said by the character and what does it mean?
5. Hands- Two things the character does?
6. Torso- What does the character fear?
7. Heart- What does he/she love? How do you know?
8. Feet- Two places the character goes?
9. Wings- (yes, draw wings!) What do you predict is this character's future?

THE Cancer Support CENTER

Because you're living with cancer we're here for you.

PROGRAMS OFFERED FREE OF CHARGE
At Advocate South Suburban Hospital

17800 Kedzie Avenue, Hazel Crest, **Lower Level, Dining Room 1**

Health & Wellness

Stress Management & Relaxation

Wednesdays, March 11, April 8, May 13 & June 10, 4-5 p.m.
Please call 708-798-9171 to register for each session

Stress reduction and relaxation have many health benefits. In this group you will learn more about the way stress affects your health, identify your own stress patterns and ways to change them to promote a better quality of life. Each group will include different relaxation experiences, like guided imagery.

Nutrition & Wellness

Wednesdays, March 18, April 1, May 20 & June 17, 4-5:15 p.m.
Please call 708-798-9171 to register

80/20. A Balance Diet for Life, Wednesday, March 18, 4-5:15 p.m.
Food plays an important role in our lives. Some foods are nourishing and are essential to good health and other foods actually deplete our system of important vitamins and minerals. When we eat too many processed or refined foods, we feel guilty and upset for making these choices. Wouldn't it be exciting to create a habit of eating nourishing foods 80% of the time and still able to enjoy some the foods you love in moderation?

Break the Salt, Fat and Sugar Habit, Wednesday, April 1, 4-5:15 p.m.
Did you know that eating large amounts of fat, sugar and salty foods alter the brain's chemistry which in turn can increase cravings? If you are compelled to eat these foods, you are not alone. We will examine how to break this cycle by learning to replace fat, sugar and salt with foods that do not trigger the brain/body in a negative way. You will love the way you feel!

Explore Healing Spices to Enhance the Flavor of Food & Health, Wednesday, May 20, 4-5:30 p.m.
Breakthrough scientific research is finding that spices are loaded with antioxidants and other unique health-enhancing components. Studies of dietary patterns around the world confirm that spice-consuming populations have the lowest incidence of such life threatening illnesses as heart disease, cancer, diabetes, and Alzheimer's. Examine a variety of herbs and spices and discover not only their healing properties but how to incorporate them into your life.

Sugar Busters, Wednesday, June 17, 4-5:15 p.m.
Do you find that you crave sugar? Are you frustrated that sugar is in EVERYTHING? Sugar is hidden in most foods you wouldn't expect. Learn how to control your sweet tooth and uncover these secret hiding places where sugar is found.

The Cancer Support Center gives strength, guidance and support to anyone living with a cancer diagnosis as well as to their loved ones.

Michelle Hawley
(or responsible facility coordinator this week ...)

My phone calls are ignored, the KingWay office is more often closed than open and the total lack of handicapped parking *ADJACENT* to the office for the purpose of allowing handicapped tenants access to staff has resulted in my requests for repairs to the exterior lighting being ignored.

I as a tenant apparently have no expectation of clean air or parking that I paid for. NOW I get threatened by someone in the apartment above me for taking photos and video of their innumerable vistors parking, washing cars and doing whatever in front of my apartment.

I get it - you refuse to enforce parking, common-area smoking, noise, nuisance or loitering aspects of the lease for *your own* reasons.

But ignoring lighting in parking lots and entryways is a violation of the same landlord-tenant laws you're always quoting to tenants. The lighting around the L units (for one) is NOT FUNCTIONING at night. Activities that occur in poorly-lit vehicles are increasing in the upper Juneau lot, as are the nightly bicycle patrols (you have threatend eviction for CHILDREN riding bicyles in the lot, this is ADULTS doing the same thing) and THIS FAX is evidence your organization has been warned you're allowing a dangerous condition to persist.

Like your temporary facility manager said, tenants must accept certain inconveniences for the privelege of "lower rents" from a state-subsidized facility. Nowhere on the lease nor HRG website does adequate lighting of common areas at night and safe, accessible parking also fall into the category of *luxuries not afforded to low income tenants*.

RELIGIOUS SURVEY

NAME _____

ADDRESS _____

TELEPHONE _____

DATE _____

This survey will only take from four to ten minutes. Please give us a few minutes to conduct this religious survey?

1 Do you have a Bible in your home? _____

2 Do you find the Bible hard to understand? _____

3 Are you an honest person? _____

4 How many Churches did Jesus promise to build, if any? _____

5 Did He ever build it or them? _____

6 Which church or churches is Christ's church? _____

7 Do you believe that the Lord agrees with all the different denominations in the world today? _____

8 Must one be baptized to be saved? _____

9 What does the word "baptism" mean to you (sprinkling, pouring, or a burial)? _____

10 Are your sins forgiven before baptism? _____

11 Do you know and understand the whole Bible from Genesis to the book of Revelations? _____

12. Would you like to know the answer to all the questions that you have been asked in this survey, and be able to tell it to others? _____

The Parts of Speech

Traditional grammar classifies words based on eight **parts of speech** the verb the noun the pronoun, the adjective, the adverb, the preposition, the conjunction, and the interjection

Each **part of speech** explains not what the word *is* but how the word *is used* In fact the same word can be a noun in one sentence and a verb or adjective in the next The next few examples show how a word s part of speech can change from one sentence to the next, and following them is a series of sections on the individual parts of speech followed by an exercise

Books are made of ink, paper and glue

In this sentence, "books" is a noun, the subject of the sentence.

Deborah waits patiently while Bridget **books** the tickets

Here "books" is a verb, and its subject is "Bridget "

We **walk** down the street

In this sentence "walk" is a verb, and its subject is the pronoun "we"

The mail carrier stood on the **walk**

In this example, "walk" is a noun, which is part of a prepositional phrase describing where the mail carrier stood

The town decided to build a new **jail**

Here "jail" is a noun which is the object of the infinitive phrase "to build "

The sheriff told us that if we did not leave town immediately he would **jail** us

Here "jail" is part of the compound verb "would jail"

They heard high pitched **cries** in the middle of the night,

In this sentence, "cries" is a noun acting as the direct object of the verb "heard."

The baby **cries** all night long and all day long

But here "cries" is a verb that describes the actions of the subject of the sentence, the baby

What is a Verb?

The verb is perhaps the most important part of the sentence A **verb** or compound verb asserts something about the subject of the sentence and express actions, events, or states of being. The verb or compound verb is the critical element of the predicate of a sentence

We have a 24 Hour Cancellation Policy. If you wish to cancel your stay or do not arrive 24 hours prior to your arrival time, you will be charged the amount of the 1 night plus taxes and fees.

If you have made a reservation with an Advance Purchase Discount, you will NOT be able to cancel or modify this pre-paid non-refundable reservation.

Thanks for selecting Deluxe Inn for your stay!

Testing my ability to send and receive faxes using my new VoIP gateway and Google voice/talk service. Message sent from scanned image using my 'All-In-One' printer connected to the 2nd phone port on the back of a Obi202 device. Sender is located in Denver area.

Device manufacturer claims compliance with T.38 fax standard. Customer support (ObiHai CS) indicates that Google voice/talk VoIP is NOT T.38 capable. Same customer support indicates that T.38 capability not needed to send / receive faxes via Google voice/talk VoIP service.

Online forums/FAQs are unclear on the issue. This test may help resolve the issue. The printer that I'm using should be able to detect an incoming fax and act upon it.

Testing via Fax Toy Service on the 31st of Oct, 2013.

assurance wireless

MYSECRETPIN

3 FOR YOUR SECURITY

You qualify, you'll need an Account PIN to access your account and a Secret Answer in case you ever forget your PIN. Please write them down for safekeeping.

CHOOSE YOUR ACCOUNT PIN:
It must be 6 numbers long
No more than 3 consecutive numbers in a row (1234 won't work)

Do not repeat numbers next to each other (44 won't work)
No symbols & letters (@#PIN1 won't work)

YOUR ACCOUNT PIN:

AND

YOUR SECRET ANSWER
What is your favorite city?
Your Secret Answer: _____

IMPORTANT INFORMATION ABOUT THE LIFELINE PROGRAM: Assurance Wireless is a Lifeline supported service. Lifeline is a federal benefit and only eligible subscribers may enroll. Customers who willfully make false statements in order to obtain the benefit may be punished by fine or imprisonment or can be deprived of benefits from the program. One Lifeline discounted service bundle or wireless is available per household. A household is one or more individuals who live together at the same address and share income and expenses. A household is not permitted to receive Lifeline benefits from multiple providers. Only one of the enrolled household members is entitled to receive voice and data with resale in the enrollment from the Lifeline program and participating member(s) of the United States government. Lifeline is a non-transferable benefit. Service cannot be transferred to any individual, including any [illegible] member.

4 SIGNATURE

By signing below, I certify under penalty of perjury that the information contained within this Application is true and correct to the best of my knowledge.

I participate in a qualifying federal Program or meet the income qualifications to establish eligibility for Lifeline. If proof of eligibility is requested, I have provided the required documentation as listed in Section 2.

If I have provided a temporary address, I must notify Assurance Wireless within 30 days of any change of address. Assurance Wireless will attempt to verify every 90 days that I continue to reside at that address. If I do not respond to these address verification attempts within 30 days, will be de-enrolled.

I will inform Assurance Wireless within 30 days of the following, and may be subject to penalties if I fail to do so:

I move to a new address
I no longer participate in a Lifeline qualifying Program or my annual household income exceeds 135% of the Federal Poverty Guidelines.
I become aware that my household is receiving more than one Lifeline benefit
For any other reason, I no longer meet the criteria for Federal Lifeline support.

I authorize Assurance Wireless or its agents to access any records (including financial records) required to verify my statements herein and to confirm my eligibility for Assurance Wireless services. I authorize state or federal agency representatives to disclose such, and/or provide information to, Assurance Wireless verifying my participation in public assistance Programs that qualify me for Assurance Wireless service.

I authorize Assurance Wireless to provide access to or release any records required for the administration of Assurance Wireless service.

I understand that the completion of this application does not constitute nor guarantee approval for Assurance Wireless service.

I acknowledge that providing false or fraudulent information to receive Lifeline benefits is punishable by law.

You MUST place a check mark (✓) next to all 3 statements, then sign and date below

- ☐ 1. I certify that my household will receive only one Lifeline Assistance benefit (wireless or wireline). To the best of my knowledge, my household (i) is not already receiving such a benefit or (ii) if currently receive a Lifeline discount from a different phone service provider, I consent to the transfer of my Lifeline benefit to Assurance Wireless and understand that once the transfer is complete I will lose my Lifeline program benefit with my current phone service provider **AND**
- ☐ 2. I understand that I may be required to re-certify continued eligibility for Lifeline at any time. Failure to do so will result in the termination of my Lifeline benefits, **AND**
- ☐ 3. I consent to have my personal identification information shared with the Universal Service Administrative Company (USAC) (the Lifeline Program administrator) and/or its agents for the purpose of confirming that neither I nor my household receives more than one Lifeline benefit.

YOUR APPLICATION CANNOT BE APPROVED WITHOUT 3 CHECK MARKS AND YOUR SIGNATURE.

Random Stuff Sent From Your Fax Machine
Fax something interesting toll free to 1-888-877-1855 or 1-503-200-1300

To the right are pages that folks have faxed us recently. Click any thumbnail to see the large version and rate it for interestingness.

You can fax something interesting to 1-888-877-1855 (your boss will never notice... maybe) or 1-503-200-1300 (long distance to Portland, Oregon) and it should appear here within a couple of minutes. (It's a toll-free number if you're in the USA.) Keep it clean & legal.

Fax single-page documents with no cover sheet. If you fax more than one page, only the last page will appear here. We try to snip off the top few pixels of the page where your company name and fax number should appear, but make no promises that this will actually work.

Get an e-mail alert when FaxToy receives a new fax.

Email

Privacy Policy: We hate spam and junk faxes, and will absolutely not send you any unsolicited e-mail or faxes. We won't share your information with marketers or anyone else.

USB Staffing Inc – *Providing Employees In a Flash!*

Company Overview: USB Staffing is in the business of providing staffing services to various sectors of employment within the GTA. We are dedicated to providing the staff you need at the time you need them. We take care of the details from interviewing to training in order to provide you with qualified employees. We will ensure that you get the right employee in a flash the first time! We are experts in various sectors including general labourers, administrative workers or skilled trade. We connect job seekers with employers in a fast and effective manner.

We differentiate ourselves from other staffing companies by providing a personalized touch for our client. From the moment a job seeker uses our services until they are matched with prospective employers, we build relationships and provide coaching. We believe in people first and building lasting relationships through our personalized approach. Whether you need temporary or permanent staff, our professional recruitment process will ensure you get what you need.

Mission Statement: *We are committed to providing long standing business relationships by offering a wide range of services in various sectors within the GTA. We offer prompt, efficient one-stop service to match the right employees with the right jobs. Our professional recruiters help job seekers obtain jobs with employers who match their requirements and skills.*

We strive to provide high quality, and cost effective services to help improve your bottom line and take the hassle out of hiring the right people.

Values
No need too small, no problem too big!
We put Customers First

- We take the time to understand your needs
  We make YOU feel important
- We find ways to say yes

We Make It Easy

- We solve your problems quickly
  Make it happen right the first time
- Handle the entire process

We Help you Make Good Decisions

- We offer solutions to add value to your business
- We use our expertise to help your bottom line

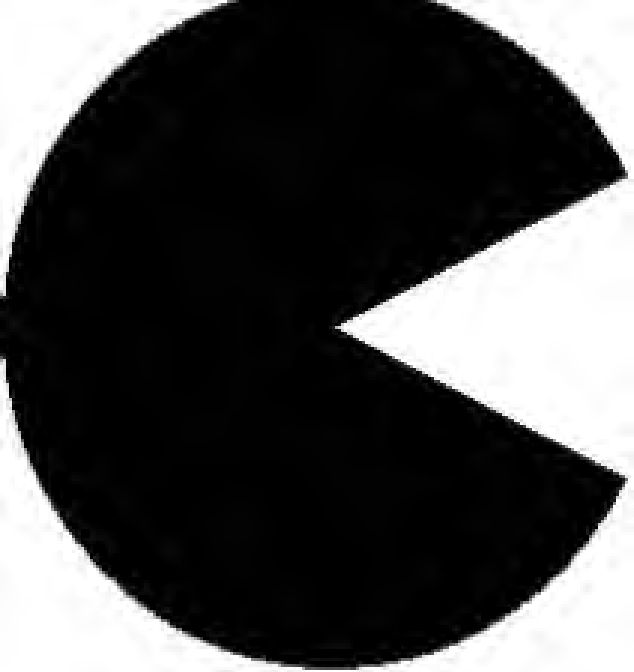
You
Rocket!



Aboard an old-timey London taxi, Stephen Fry captures the diversity of American in a Kerouac-style road trip across the country. Traveling from west-to-east, Fry uncovers the cultural clashes across the nation; he sails along the Mississippi River a la Mark Twain; and he explores the great American frontier to the West Coast. With unsavvy wit and a cabby, Fry, an Englishman, examines what it means to be American.

3. *Long Way Round*

The travel bug bit Ewan McGregor and Charley Boorman, and it led the two actors to take the road trip of all road trips, a motorcycle journey around the world from London to New York City. This series documents the 19,000 miles McGregor and Boorman traveled through Europe, Siberia, and Canada. Watch the two encounter historical landmarks, flooded rivers, and the tundra.

4. *Ken Burns: The National Parks, America's Best Idea*

This Emmy-Award-winning PBS special examines the history, from 1851-1980, behind the creation of the United States National Parks system. Analyzing the economic, memoirs, and interviews of those who "preserved the environment for everyone," this six-episode series visits the creation and cultivation of national parks like Yellowstone, Yosemite, and the Grand Canyon.

5. *180° South*

In this conservation documentary, Jeff Johnson, after seeing a film about two road trippers' journey from California to Peru, decides he wants to sail from Ventura, California to Patagonia, Chile to climb the to the peak of Cerro Corado mountain. And he does it. Along with satisfying some wanderlust, *180° South* captures the tension between environmental conservation and the technological innovations that make the journey possible.

6. *Solving History with Olly Steeds*

What remains of El Dorado in the lost Inca Empire? What ever happened to the Inkand art in the Amber Room? And why are Peru's Nazca Lines only visible from air? Olly Steeds, explorer and investigative journalist, treks around the globe looking for clues to solve these mysteries and many more. Each episode revolves around a cryptic secret, and Olly takes you on a journey, exploring the geography, history, and intrigue in each location.

7. *Michael Palin's New Europe*

Fifteen years after the fall of the Iron Curtain, adventurer Michael Palin discovers the dilemmas these former Soviet states. As Palin treks through the Rila Mountains, cases sausage in Brno, hikes through the Baltics, and dives into the former Eastern Bloc, he discusses the past, present, and future of each burgeoning nation.

8. *Market Africa: Road Stop*

ZoomRx Psych Thought Leader Panel

Dear [illegible],

We invite you to participate in your personalized ZoomRx Psych Thought Leader panel.

We would like to schedule a 30-minute call with you to discuss your interest, availability and eligibility. Please schedule a time to call ZoomRx Psych Thought Leader panel.

Getting Started takes less than 5 minutes.

- Download the ZoomRx app to your smartphone
  - Search for "ZoomRx" in Google Play or Android App Store, look for the green app
  - Visit zoomrx.com/mobile to download the app for Android platforms
- Claim Your Profile
  - Enter your Name & Email to claim your profile in ZoomRx [illegible]
- Start accumulating reward points in February, 2014

We look forward to engaging the ZoomRx Psych Panel. Please hesitate to contact us with questions or concerns.

Sincerely,
The ZoomRx Team

Department of Consumer Affairs

Debt Collection: Money Judgments and Frozen Bank Accounts

Information for Consumers

Debt collection was the #1 complaint category for the Department of Consumer Affairs (DCA) in 2009, with complaints numbering nearly 10% compared to 2007. Although DCA can mediate many of the complaints we receive, we cannot mediate debts that involve money judgments and frozen bank accounts. To help you protect yourself—and your money—DCA presents this fact sheet, which includes where to turn when you need assistance.

Money Judgments

What is a money judgment?
If a person or company (known as the "creditor") sues you claiming that you owe a certain amount of money and the judge decides in the creditor's favor, the judge awards a money judgment. The creditor has a right to try to collect that money from you or sell off the judgment. If a creditor has an enforceable judgment against you, that creditor legally has the right to take money directly from your bank account to pay off the debt.

If I have a money judgment against me, what happens to the money in my bank account?
One way a creditor can try to collect on a money judgment is to serve legal papers to the bank or credit union requiring it to restrain or "freeze" a consumer's bank account. This allows a creditor to take money directly from the account.

Can a creditor take all of my money to satisfy a money judgment?
In New York State as of January 1, 2009, even if a creditor has a judgment against you, the creditor cannot take control of or freeze all of the money in your account—no matter how much you owe.

Exempt Funds

Under State and Federal law, certain money may never be taken by creditors to satisfy money judgments. (*See Any more exceptions to the Exempt Income Protection Act?*) This money is considered "exempt funds." You may choose to use exempt funds to pay a debt you owe, but a creditor cannot freeze or forcibly take these funds from your bank account to pay off a debt.

Exempt funds include the following:

- ✓ *Supplemental Security Income (SSI)*
- ✓ Social Security retirement
- ✓ Social Security Disability (SSD)
- ✓ Public assistance (Temporary Assistance for Needy Families, TANF)
- ✓ Income earned while receiving SSI or public assistance
- ✓ Disability benefits
- ✓ Workers' compensation benefits
- ✓ Veterans' benefits
- ✓ Black lung benefits
- ✓ Spousal support, "maintenance" (alimony) and child support
- ✓ Railroad retirement
- ✓ Unemployment benefits

- ✓ **Wages**: Ninety percent (90%) of your wages earned during the past 60 days are exempt if you need them for basic needs, such as shelter (rent or mortgage), food and medicine. This means that if you earn $500 per week, up to $ 900 would be exempt from an account freeze. If you need that money for critical expenses like rent or mortgage, food or medicine.

- ✓ **Most public or private pensions**: Public or private pensions are usually exempt from collection.

Exempt Income Protection Act of 2008

Under a new law effective January 1, 2009—the Exempt Income Protection Act of 2008—some money held in bank accounts is protected to ensure that consumers have sufficient funds available to meet their basic needs, such as rent, food, and medicine.

SUPPORTIVE SERVICES FOR VETERAN FAMILIES (SSVF)

Are You a Homeless Veteran or at-risk of becoming Homeless?

SSVF is a FREE service for VETERANS who are homeless or at-risk of becoming homeless

SSVF is funded by the United States Department of Veterans Affairs in partnership with Community Action Agencies of the Upper Peninsula. The program provides supportive services for low or very low-income veterans and families residing in or transitioning to permanent housing. *The program serves all 15 counties in the U.P.*

These services are designed to increase the housing stability of veteran families that are at-risk of or are experiencing homelessness. SSVF serve homeless veterans and their families as well as providing prevention services. outreach. assisting with VA benefits. case management services or help obtaining public benefits.

If you know a Veteran who would benefit please have them contact us!

Vonage Test Fax

Fill in the values below and click "Print Test Fax Page"

To	Emma
Fax	Fax
Phone	Phone
Subject Test Fax	Date

Fax Settings

Reference your Owner's Manual for help adjusting the settings below

ECM (error correction mode)	Off
Baud Rate	9600
International	On (this is set on a per-call basis)
Resolution	Standard
Answer Mode	Fax Only
Rings to Answer	Zero (0)
Call Waiting	Off
Bandwidth Saver	High (96 Kbps)
Distinctive Ring	Off

Troubleshooting Steps

The steps below will help you resolve common faxing problems

- Switch off fax machine and unplug power adapter from device and from wall outlet
  - Let fax machine remain off for 60 seconds
- Try a different phone cord between the fax machine and the Vonage device
- Eliminate any splitters between the fax machine and the Vonage device
- Connect Fax machine directly to the Vonage device, bypassing any home wiring
- If using an All-in-One device, temporarily disconnect device from PC

Further Assistance

If you need further assistance using your Vonage Fax Service, we are always available to help

Call us at 1 VONAGE HELP (1 866 243-9257) or visit www.vonage.com

Introduction to the R language

Having installed the R system, you are now ready to begin to learn the art of statistical programming. The first step is to learn the *syntax* of the language that you will be programming in: you need to know the rules of the language. This chapter will give you an introduction to the syntax of R.

2.1 Starting and quitting R

In Microsoft Windows, the R installer will have created a **Start Menu** item and an icon for R on your desktop. Double clicking on the R icon starts the program.[1] The first thing that will happen is that R will open the *console* into which the user can type commands.

The greater than sign (>) is the *prompt symbol*. When this appears, you can begin typing commands.

For example, R can be used as a calculator. We can type simple arithmetical expressions at the > prompt.

```
> 5 + 49
```

Upon pressing the **Enter** key, the result 54 appears, prefixed by the number 1 in square brackets.

```
> 5 + 49
[1] 54
```

The [1] indicates that this is the first (and in this case only) result from the command. Other commands return multiple values, and each line of results will be labeled to aid the user in deciphering the output. For example, the sequence of integers from 1 to 20 may be displayed as follows.

```
> options(width=40)
> 1:20
 [1]  1  2  3  4  5  6  7  8  9 10 11 12
[13] 13 14 15 16 17 18 19 20
```

[1] Other systems may entail an extra step to check or may require you to type "R" at a command prompt.

FAX

TEST

#1

Just a test

of the fax machine.

This is a test Fax from Bescon

March 10 1971

To Messrs J C Amarose, E J Carrell, F R Clark
W M Craig, J J Daney F R Kremzer A R Meserve
C M Miller C W Simonds C R Stumpf D L Vandervort
G N Wilson, J W Zundema

From Mr I M Original

Subject Density Output Cards

24

BACK

At present, a request [illegible] density output cards in a densitometric computations run yields density card[illegible] to densitometer densities. If the test code used involves L N D conversions th[illegible] d[illegible] be output with a separate conversion program to correspo[illegible] s corresponding to individual strips are punched[illegible] lowed

I pro[illegible] y card output is requested plotted densities are [illegible] s imply be the average densities. If the test code calls for L N D conversion it would be the L N D densities that are punched out If the test breaks down e g because of range check failure we would get cards punched out for individual strips since individuals are plotted in that case

I would appreciate your comments on this proposal by January 2 1971

FaxTalk Trial Version

☐ Urgent ☐ For Review ☐ Please Reply ☐ Confidential

For Comprehensive Contact Management

Enterprise PBX & IP-PBX call processing

Exceptional ACD capabilities with comprehensive universal queuing options

Interactive voice response (IVR) for self-service automation

Intelligent speech recognition, including

- DTMF un bed input tools

- *Runned Jer Vlusign Vog[illegible]* speech*Wordrk Jnd*elec*ognnh* recognition *ngnee*[illegible] etc) and other mas en-cnt cal staff

***Interaction Tracker* integration**

- Automatically capture all interactions and tie them to your customer tracking and/or CRM system

Web-based interaction management

- Queue and intel gently route incoming e-mails text chats, Web callback and Web ed aberat on requests and IP telephony ca ls

Instant contact center and business interaction tools for call control e-mail, fax and more

Client integration and embedded call controls for Microsoft Outlook® Microsoft Bus ness Solutions Great P a ns® and Mic rosoft CRM also get

- Out of the-box screen pops and IVR integration for Great Plains and Microsoft CRM

eTalk® client choices that are ea sy to allow and a ways be ready for deploy ment and lowest cost of ownership

Integration with Microsoft Live Communications Server 2005 for status updates and IM messaging control

Complete customization of interaction flows using *Interaction Designer*®

Outbound campaign management v a *Interaction Dialer*®

Multi-site intelligent routing with *Interaction Director*®

Built-in multi-lingual support for English French German Spanish, Japanese and other languages

- Localization across all CIC system components to streamline updates

For Agents

A unified interaction control interface that enables agents and remote agents to manage calls and interactions from the desktop and get more done n less time

S [illegible]

Expanded voicemail features that improve response management

A complete set of eService capabilities

E-mail and Web self-service automation using *e-FAQ*®

- Add ess frequently asked questions and issue auto responses in seconds
- Allow Web vis tors to request callbacks or escalate to live help for urgent issues

Hierarchical response management

- Rapidly create and issue e-mail and text chat replies using response templates populated with your info

Customer/agent Web collaboration

Type ontvanger als 11-weg aansteek of voeding (RC-type)

Zie de prospectus als bovenmaat

Antenne kopje

Alleen voor ontvangers met kabel

Bij deze ontvangers is geen antenne aangesloten. Een kabel, meestal met een stekker, dient als antenne. Deze kabel moet minimaal 50 cm lang zijn. Dit geldt ook voor een verlengsnoer.

Let erop dat deze in de juiste stand staat.

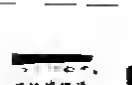
Antenne aansluiting

Alleen voor ontvangers zonder kabel

- In geval van een draad-antenne
  Sluit de draad-antenne aan op de schroef 18
- In geval van een coaxkabel
  Sluit de coaxkabel aan op de schroef 19 en de schroef 16 en de schroef 18

Alleen voor ontvangers met 11-pins aansluiting

De antenne wordt bij de AC-type ontvangers aangesloten op de schroef 18 en 19.
Let op de juiste stand van de draad-antenne.
Op sommige types een speciale verbinding.



LET OP

Dit type ontvanger kent 64 verschillende zendfrequenties.
Na het aan- of afmelden van een abonnee dient deze ontvanger ongeveer 3 seconden in de stand 11 te worden gezet om de relevante gegevens in het geheugen op te slaan.
Dit geldt ook wanneer de ontvanger al meerdere zenders en abonnees in geheugen heeft. Bij het in- en uitschakelen van de ontvanger wordt deze automatisch op deze gegevens gecontroleerd.
Het is dan ook verstandig om bij het aan- of afmelden van een abonnee deze ontvanger niet te gebruiken.
Zo kan men onnodige schakelingen in voorkomen.

Wanneer de zender, waarop de ontvanger is afgestemd, meer dan 10 minuten geen gegevens naar de ontvanger heeft gezonden, dan wordt deze ontvanger automatisch uitgeschakeld.
Om dit te voorkomen kan men bij het aanmelden van een abonnee de ontvanger 10 minuten aan laten staan.
Wanneer u een code op ingebruikname houdt (bijvoorbeeld de reinis schakelen (duurt ongeveer 10 seconden), zullen alle gegevens van de zendercodes ingewist worden.

Certificat on of Health Care Provider for
Family Member's Serious Health Condition
(Family and Medical Leave Act)

U S Department of Labor
Employmen Standards Administration
Wage and Hour Division

OMB Control Number 12 -0181
Expires 12/31/20..1

SECTION I: For Completion by the EMPLOYER

INSTRUCTIONS to the EMPLOYER: The Family and Medical Leave Act (FMLA) provides that an employer may requ re an employee seeking FMLA protections because of a need for leave to care for a covered family member with a ser ous health condition to submit a med cal cert-fication issued by the health care provider of the covered family member. Please complete Section I before giving this form to your employee. Your response is voluntary. While you are not required to use this form, you may not ask the employee to provide more information than allowed under the FMLA regulations, 29 C F R. §§ 825 306-825 308. Employers must generally maintain records and documents relating to medical certifications, recertifications, or medical h stories of employees' family members, created for FMLA purposes as confidential med cal records in separate files/records from the usual personnel files and in accordance with 29 C.F.R. § 1630 14(c)(1), if the Americans w th Disabilities Act applies.

Employer name and contact: FMLA SPECIALIST@877-477 3273 Option 3 Fax 651-136-6044

SECTION II: For Completion by the EMPLOYEE

INSTRUCTIONS to the EMPLOYEE: Please complete Section II before g vng this form to your family member or his/her medical prov der. The FMLA permits an employer to require that you submit a timely complete and sufficient medical certification to support a request for FMLA leave to care for a covered family member with a serious health condition. If requested by your employer, your response is required to obtain or retain the benefit of FMLA protections. 29 U S C §§ 2613, 2614(c)(3). Failure to provide a complete and sufficient medical certification may result in a denial of your FMLA request. 29 C F R. § 825.313. Your employer must give you at least 15 calendar days to return this form to your employer. 29 C F R. § 825.305.

Matthew Shaw MBA, RSP

Interest Rates in 2013

CD's - a Perfect Gift for your Future Self

Question: Are early withdrawal fees worth it?

Answer: Lots of people are troubled by today's low CD rates. With a few exceptional CD investors terrible right now, feel that only by no penalty better rate is to purchase a longer term but longer terms more vulnerable to interest rate risk. However, you don't always a bad thing. Having a fee to access funds can be surprising in a very beneficial checking account - especially.

So, here's another way how to use CDs and not spend a dime your future self. The next time you find a large amount of cash sitting in your savings account (or a rate, another CD) take a minute and open a new "Rainy Day" CD. All you work for is 12 months, just alone fun with the added interest you earn whatever rate it is you smile!

All the while, that CD early withdrawal penalty will be sitting between you and your money. There's a scientific support for this type of marketing enjoyment - of a purchase through delayed gratification. Adam psychologist Jeremy Dean, we get enjoyment concerns of pleasure from looking forward to good things (PsyBlog, 2008).

This is part of the reason why "Buy now and pay later" robs us of pleasure. Part of the fun of objects and experiences is in the anticipation - regardless of what. So buy a 2-5 year term CD and anticipate the future and how it might even help you financially.

My Matthew Shaw is a Registered Investment Advisor with more than 20 years' experience. He has passed the Series 7, 63 and 65 exams. Mr. Shaw received his MBA from Harvard University, and his BS from Lauderdale and the University of Miami.

При зубной боли кунжутное масло втирают в дёсна: оно уменьшает или снимает боль.

Кунжутное масло в косметологии

В косметологии кунжутное масло используется для ухода за кожей лица и тела. Это масло универсальны и обладает своими полезными и увлажняющими свойствами питает кожу, уменьшает раздражения и сухость, восстанавливает способность кожи защищаться от вредных воздействий.

В чистом виде кунжутное масло может стать альтернативой ночному крему, можно также добавлять его в любые вечерние косметические средства, в том числе для биостяки и умывания, смешивать его с другими маслами, вводить в состав масок для лица, особенно для увлажняющей кожи, и использовать как основу для приготовления домашних кремов.

Кунжутным маслом можно снимать макияж, например, тушь с ресниц, и вообще применять его как средство для ухода за кожей век: утром и вечером наносить масло вокруг глаз, осторожно убирая его кончиками пальца.

Лёгкость кунжутного масла, а также его свойство улучшать состояние капилляров делает его идеальным массажным маслом. После такого массажа кожа становится гладкой и нежной.

Как получают кунжутное масло

Кунжутное масло добывают из двух видов семян: белых и чёрных. Масло из белых семян считается более качественным, однако из тёмных его тоже можно получить больше. Светлое масло добавляют в салаты и другие блюда, а темное используется в основном в кухнях южных народов, где как вкус, так и боль выражены ярче.

Поскольку семена пикантными и вкусными могут быть кунжутные семечки, можно после того, как они будут обжарены на сухой сковороде. Как только семена начнут подпрыгивать, сковороду надо тут же снять с огня. Хранят кунжутные семечки в тёмном сухом месте, в хорошо закрывающейся посуде.

Паста из белых семян кунжута, называемая тахини или тахиной, используется для изготовления сладостей, в том числе тахинной халвы. Натуральная тахинная халва, без красителей и консервантов, обладает целебным действием и может применяться при печальных кальянах и прочих.

Кунжут и масло из него добавляют во многие блюда: в овощные, мясные и рыбные части используют в качестве панировки и смеси с другими специями, добавляют к рису и салатам.

HERE

Hey! You! Why are you reading this? Well, You don't know. Neither do I. Life sucks. Have a nice day!

Answer **Last Answered: 8/8/2016**

(SG,LC,GE/08/16)
Duct Risers shall remain as installed. The inside face of the east wall shall be modified to conceal the duct risers.
See ASK-468R, SKM-5c, ASK-447 and 448 are related
To determine the angle of the inside face of east wall
The dimension at the northeast corner of the projection room to the opposite side of ramp (Point A) shall be held
Locate the finish wall partition light to the first duct riser. This will provide Point B. The angle created by connecting Points A and B will determine the new inside wall angle
The first 4 or 5 rows of seating may be affected by new wall location. Contractor to coordinate with fixed seating supplier to revise seat layout. Seat count to be maintained

(SG,LG,wsk-KFinc,RI_04/27/16)
See SKM-5c, ASK-448, 447, and 448. The north and middle duct risers have been split and re-sized. The inside face of the east wall has been modified to conceal the duct risers. Note that the inside finished dimensions of the plenum box shall match the dimensions of the duct riser it serves.
To determine the angle of the inside face of east wall
The dimension at the northeast corner of the projection room to the opposite side of ramp (Point A) shall be held.
Place the first duct riser as tight to structure as possible. Locate the finish wall partition light to duct. This will provide Point B. The angle created by connecting Points A and B will determine the new inside wall angle
The first 4 or 5 rows of seating may be affected by new wall location. Contractor to coordinate with fixed seating supplier to revise seat layout. Seat count to be maintained.

IntelliFax-4100e

Business Class Laser Faxing for Medium to Large Business

Designed for small to medium businesses, multiple users can easily share the benefits of this fully featured laser fax machine, geared for departmental support. A fast modem helps reduce transmission time and abundant memory makes for worry-free fax storage. Its innovative design incorporates a standard, high capacity paper tray and the ability to add a second optional tray for more advanced paper handling requirements.

SUPER G3
33.6K bps High Speed FAX

250 SHEET
PAPER CAPACITY

UP TO 6,000 PAGE YIELD TONER

- 33.6K bps Super G3 Fax Modem
- 8MB Memory stores up to 500 Pages*

  Front loading 250-Sheet Paper Capacity. Plus optional second 250-sheet lower paper tray unit available*
- 30-Page Auto Document Feed capacity
- High-yield Toner* and Drum deliver lower costs per page
- 132-Station Auto Dialing
- Fax Broadcasting to up to 182 locations
- Dual Access capability lets you scan faxes into memory as fast as 2 seconds per page for transmission as soon as the line is free
- Built-in USB and Parallel Interfaces for future printing capability**
  - up to 15ppm Print Speed
  - up to 600 dpi Resolution
- Auto Fax/Telephone switching for receiving both fax and phone calls on the same line
- Caller ID and Distinctive Ring Detection ready*

Using Brother #1 Chart with MMR coding and standard resolution.
Requires additional purchase.
Based on 5% page coverage using optional TN460 toner cartridge. Matches supplies purchased.
Free Printer driver available for download from brother web site. Cables not included.
Contact local phone company for service availability.

YOUR BILL IS CHANGING

YOUR NEW BILLS

- will come from Waste Connections,
- will be on smaller paper
- will have a new remittance address (PO Box 660309 Dallas, TX 75266-0309) if you pay by check,
- will have a new account number
    - The new account number will affect pay on-line bill pay site you may use.
    - Please update all Internet banking information, on-line bill pay sites, and any other information linked or related to your previous Progressive Waste account number

Our website for on-line bill pay has also changed. If you previously used the Progressive website to pay your bills, your profile has been copied to the updated website, https://wwwcustomer.com.

- The first time you log into https://wwwcustomer.com, enter your Progressive user id. You will be asked to reset your password and agree to the terms and conditions.
- If you had recurring payments on your profile, those payments will continue using your new account number
- Payments are due on receipt. Recurring payments are scheduled within 5 days of invoice date depending on how your profile is set up.
- If you have not previously paid on the Progressive website, you may enroll as a new user. Log in to https://wwwcustomer.com. To create a profile, you will need your new account number and an invoice number dated on or after May 1st.
- You will be able to: view your bill, make one time payments or set up automatic payments.
- You can "go green" and turn off your paper statements. If you choose this option, check your profile to make we have the correct email address and that you wish to be notified when a new document arrives
- This new website both enhances our security and offers our customers more personalized options.

We also now offer an automated phone system to pay your bill by credit card. You may call (toll-free) 855 569-2719 to pay your bill with Visa, Master Card or American Express. This service is available anytime, 24 hours a day 7 days a week. You will need both your new account number and the invoice number

Prayer to St. Joseph over 1900 years old

O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires. O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord; so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St. Joseph, I never weary contemplating you and Jesus asleep in your arms. I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us. Amen

Say for nine consecutive mornings for anything you may desire. It has seldom been known to fail.

This prayer was found in the fiftieth year of Our Lord Jesus Christ. In 1500's it was sent by the Pope to Emperor Charles when he was going into battle.

Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.

Make this prayer known everywhere.

Bishop of Trenton

Workie...

R.

A wise old owl sat in an oak.

The more he saw the less he spoke.

The less he spoke the more he heard.

Take a lesson from this wise old bird!

Example of completed Section 2 using a List B and List C document:

Step 5 The Notary completes the Certification section on the Form I-9 located immediately below Section 2 *(note that in signing the Form I-9, not affixing the stamp, you are only attesting to the genuineness "of face value" of the documents as they relate to the person presenting them)*:

- Insert the current date (month/day/year format) for "employee's first date of employment" (06/30/2019 in the example below, but should document the current date of certification)
- Sign your name as our authorized signee *(refer to Authorized Representative)*
- Insert the current date under the Date field (month/day/year format) *(once dated, notice date as Section 1 above this should have been completed in the presence of a notary. If date is missing, or Section 1 and the certification section, the form is considered incomplete.*
- Enter Notary Public as you title
- Print your Last and First names
- Affix your Notary seal/ink stamp on the item by the title field on the form (there are no specific areas on the form designated for the seal – see below as an example)
- Do not complete Section 3

Step 6 The Notary completes the Notary Public Certification form:

- Enter the name on the merit cases
- Enter the name of the individual presenting the Form I-9 documents to you for certification
- Enter the name of the individual again as the person named on the Form I-9
- Sign and initialize the certification
- If Notary does not wish to affix stamp to attach Form I-9, please affix official stamp on this Notary Public Certification form

Step 7 The Notary returns to the employee the Form I-9 Employ and E-Verify Verification, Notary Public Certification form, and original document(s) used in verification their identity and employment eligibility

Please contact Human Resources at (800) 747-3257 ext 3528 if you have any questions regarding this process.

Thank you for your assistance!

Sincerely,

Human Resources Department

CancerTYPE ID — Molecular Classification with CancerTYPE ID

FFPE Tissue Processing & Tumor Enrichment

- CancerTYPE ID requires as few as 300-500 viable tumor cells and is compatible with limited biopsy specimens such as FNAs, cytological specimens, and small core needle biopsies.
- CancerTYPE ID routinely employs laser guided microdissection to enrich for tumor specimen.

Gene Expression Profiling

- CancerTYPE ID uses a robust real-time RT-PCR platform to detect very small differences in gene expression.
- CancerTYPE ID measures and integrates the gene expression of 92 genes, 5 normalization genes and 87 lineage determinant and tissue specific genes, most of which are not routinely measured by IHC.

Reference Tumor Database & Algorithm

- CancerTYPE ID uses a computational algorithm to predict the patient's tumor type based on the degree of similarity of the sample's 92-gene expression profile to a reference database of gene expression profiles. The reference database contains gene expression information from over 2 000 tumor specimens of known histogenesis, and representing ~95% of all solid tumors based on incidence.
- The CancerTYPE ID algorithm provides a predicted main type and any sub-types in rank-order by relative probabilities, which are based on the tumor's gene expression similarity to tumors of these types in the reference database.

Molecular Classification

- CancerTYPE ID classifies 28 tumor types and 50 tumor subtypes.
- In an independent validation of 2% blinded samples, the molecular diagnosis was 87% accurate for most tumor type and 82% accurate for tumor subtype.

SAMPLE TEST REPORT

Interpreting CancerTYPE ID Test Results

MOLECULAR DIAGNOSIS

The molecular diagnosis provides the most likely cancer type(s) and subtype(s) of the tumor sample, based on the similarity of the sample's gene expression profile to the reference database. The molecular diagnosis is reported when the probability of the most likely cancer type is greater than 80%. Molecular diagnosis is not provided when the probability of the most likely cancer type is less than 80%, or when the tumor is a rare tumor type that is not represented in the reference database.

CAN NOT BE EXCLUDED

Other cancer types that have a probability greater than 10% but less than 80% are listed in this section. These cancer types may be considered in the differential diagnosis, but cannot be excluded from consideration with the information provided by this test. These cancer types are listed in rank order.

RULE OUTS

Cancer types that have a probability less than 10% are listed in this section. These cancer types may be considered unlikely in the differential diagnosis, but cannot be excluded with the information provided by this test. Rule out cancer types may be helpful in the differential diagnosis when they are commonly considered in the differential diagnosis of the tumor sample. Some rule out cancer types may be considered more likely than others.

References for the CancerTYPE ID test are listed on page 2.

Attorneys for Defendant
RICHARD BURMAN

FILED
Clerk of the Superior Court
MAR 03 2011
By: L. COLLINSON Deputy

SUPERIOR COURT OF THE STATE OF CALIFORNIA

FOR THE COUNTY OF SAN DIEGO

THE PEOPLE OF THE STATE OF CALIFORNIA,
Plaintiff

v

RICHARD BURMAN,
Defendant

Case No.: SCD223320
D.A. No.: ACP417

ORDER TO RETURN PROPERTY

TO: THE CLERK OF THE COURT AND BONNIE M. DUMANIS, DISTRICT ATTORNEY OF SAN DIEGO COUNTY:

GOOD CAUSE SHOWING it is hereby ordered that the property seized from RICHARD BURMAN as a result of his detention and arrest on October 10, 2009, as described in San Diego Police Department Officer Loucks' report, and on San Diego Police Department property tag number 1150041, specifically the following:

1. **Black leather attaché case**
2. **Two laptop computers (1-white Acer Aspire, 1-HP Pavilion)**
3. **Power cords for the computers**
4. **Hewlett Packard printer**

1 A copy of the property tag is not attached as it was never provided in discovery though it is specifically referenced in the police report.

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- ***Anyone, anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files ***always print correctly*** on any printing device.
- PDF files always display ***exactly*** as created, regardless of fonts, software and operating systems. Fonts and graphics are not lost due to platform, software and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

Sending Faxes by Entering Fax/Telephone Number

This section describes dialing and sending faxes directly by entering the fax/telephone numbers.

Important

- It may be possible that faxes will reach unintended recipients due to the misdialing or incorrect registration of fax/telephone numbers. When you send important documents, we recommend that you send them after speaking on the telephone.
  - Sending a Fax after Speaking on Telephone

1. Make sure that the machine is turned on.
2. Press the **FAX** button. → Or menu to get to Fax option
   The Fax standby screen is displayed.

   FAX [Start]-Offhook
   05/05 12:20 TEL prior
3. Load documents on the platen glass or in the ADF.

   Important

   - When sending a double-sided document, load the document on the platen glass. Double-sided documents cannot be automatically scanned and sent from the ADF.

   Note

   - For details on the types, conditions of document, and how to load the document:

     →Loading Originals
4. Adjust the scan contrast and resolution as necessary.

   →Setting Items for Sending Faxes
5. Use the Numeric buttons to dial the recipient's fax/telephone number.

The Mother, Daughter Talk

The mother of a 17-year-old girl was concerned that her daughter was probably having sex. Worried the girl might become pregnant, and that this would reflect badly on the whole family, she consulted the family doctor.

The doctor told her that teenagers today were very willful and any attempt to stop the girl would probably result in rebellion. He recommended that she arrange for her daughter to be put on birth control and until then, talk to her and give her a box of condoms.

That evening, as her daughter was preparing for a date, the woman told her about her visit to the doctor and handed her a box of condoms.

Her daughter burst out laughing and reached over to hug her mother, saying: "Oh Mom! You don't have to worry about that! I'm dating Susan!"
